Global Human Rights Institutions Global Human Rights Institutions:

Global Human Rights Institutions Gerd Oberleitner, 2013-04-30 The range of global human rights institutions which have been created over the past half century is a remarkable achievement Yet their establishment and proliferation raises important questions Why do states create such institutions and what do they want them to achieve Does this differ from what the institutions themselves seek to accomplish Are global human rights institutions effective remedies for violations of human dignity or temples for the performance of stale bureaucratic rituals What happens to human rights when they are being framed in global institutions This book is an introduction to global human rights institutions and to the challenges and paradoxes of institutionalizing human rights Drawing on international legal scholarship and international relations literature it examines UN institutions with a human rights mandate the process of mainstreaming human rights international courts which adjudicate human rights and non governmental human rights organizations In mapping the ever more complex network of global human rights institutions it asks what these institutions are and what they are for It critically assesses and appraises the ways in which global institutions bureaucratize human rights and reflects on how this process is changing our perception of human rights Transparency in International Law Andrea Bianchi, Anne Peters, 2013-11-07 Analyses the

hitherto unexplored issues concerning transparency in key areas of international law **International Studies** Scott Straus, Barry Driscoll, 2018-09-10 The challenge of teaching international studies is to help students think coherently about the multiple causes and effects of global problems In *International Studies Global Forces Interactions and Tensions* award winning scholars Scott Straus and Barry Driscoll give students a clear framework that pinpoints how key factors forces interactions and tensions contribute to world events with both global and local consequences The authors first show students how to look for common patterns in global issues by introducing four world shaping forces global markets shifting centers of power information and communications technologies and global governance They systematically trace how these forces prompt interactions among world actors and thus give rise to a set of tensions that spur key challenges The framework enables students to ask and answer for themselves Who is interacting Where did such interactions develop What policies or institutions govern them Why are they getting certain global and local reactions Students then apply the framework to the global problems that matter most to them human rights abuses economic inequality terrorism forced migration pandemics and global health responses climate change food security and more *International Studies* raises the bar for the Introduction to IS course moving beyond interdisciplinary and into the realm of critical analysis to increase student relevancy and motivation Give your students the SAGE edge SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning Learn more at edge.sagepub.com **Bundle and Save** Your students only pay 5 for The CQ Press Career Guide for Global Politics Students when you bundle it with the print version of *International Studies* Use Bundle
