**The Psychological Power of Language** Sayyed Mohsen Fatemi, 2018-07-11 This volume shows how the psychology and power of language can create realities It examines the psychological implications of language as a way of being and not just as an instrument of communication It discusses how a shift in language gives rise to an existential transformation and shows how creative modes of expression lead to a radical transformation of beings Throughout both the theoretical and practical implications of the psychological power of language are presented particularly how language may result in a healthier inter and intrapersonal world It will interest upper level students and researchers of language in Psychology Linguistics Philosophy and Education as well as professional counselors

Exploring Humanity Mihai I. Spariosu, Jörn Rüsen, 2012-09-11 The old humanistic model aiming at universalism ecumenism and the globalization of various Western systems of values and beliefs is no longer adequate even if it pleads for an ever wider inclusion of other cultural perspectives and for intercultural dialogue In contrast it would be wise to retain a number of its assumptions and practices which it incidentally shares with humanistic models outside the Western world We must now reconsider and remap it in terms of a larger global reference frame This anthology does just that thus contributing to a new field of study and practice that could be called intercultural humanism

The Psychology of Inner Peace Sayyed Mohsen Fatemi, 2021-06-24 This book sheds new light on the psychology of peace and demonstrates the role of heartfulness in implementing genuine peace

**Design Thinking in Education** Christoph Meinel, Timm Krohn, 2022-04-12 Education needs new ways to prepare individuals and societies for the multitude of changing challenges in the twenty first century In today s world characterized by digitization increasing speed and complexity design thinking has established itself as a powerful approach to human centered innovation that can help address complicated problems and guide change in all areas of life Design thinking formats not only teach skills that benefit people as they expand their toolbox but also create affective and cognitive outcomes This book includes experiences approaches and reflections on design thinking in education from different perspectives of renowned design thinking experts from the network of the Hasso Plattner Institute and its School of Design Thinking Using real world examples the book provides insights into requirements and protocols that design thinking practitioners can apply to transform their academic or professional ecosystem It will be of interest for readers who work in or are interested in a wide variety of educational contexts

**Conditions of Comparison** Ming Xie, 2011-08-04 How do we know the other culture How do such inquiries impact on our knowledge of our own culture These questions lie at the heart of comparative intercultural studies As a theoretical inquiry into how conceptual resources of cultures such as explicit and implicit categories of thought may pre figure our perspectives this book re conceives and reorients comparative intercultural inquiry by arguing for the importance of an epistemological approach and for its potential to transform current critical paradigms in contrast to approaches that emphasize primarily the political and the ethical By critically engaging with and developing the insights of scholars and thinkers from both Anglo American and Continental traditions the book makes a

significant meta critical contribution to a rethinking of comparative intercultural studies and literary theory It will be of interest to students and scholars in comparative literature English world literature and global and translation studies

**The Quantum Relations Principle** Hardy F. Schloer, Mihai I. Spariosu, 2016-11-07 Drawing extensively on the current critical state of affairs at the global level this book highlights the vital importance of systemic thinking and integrated transformative knowledge in bringing about a paradigm shift from fragmented linear ways of thinking to holistic ones based on the interconnectedness of the web of life It offers a comprehensive vision and innovative solutions for a sustainable future of our planet combining traditional wisdom with advanced scientific knowledge and high end state of the art information technology This integration of resources is the premise for the planetary wisdom we so deeply need in order to transform the present global crisis into an opportunity for further human development

**Philosophical Perspectives on Play** Malcolm MacLean, Wendy Russell, Emily Ryall, 2015-08-20 Philosophical Perspectives on Play builds on the disciplinary and paradigmatic bridges constructed between the study of philosophy and play in The Philosophy of Play Routledge 2013 to develop a richer understanding of the concept and nature of play and its relation to human life and value Made up of contributions from leading international thinkers and inviting readers to explore the presumptions often attached to play and playfulness the book considers ways that play in virtual and real worlds can inform understandings of each critiquing established norms and encouraging scepticism about the practice and experience of play Organised around four central themes play ing at the limits aesthetics metaphysics ontology and ethics the book extends and challenges notions of play by drawing on issues emerging in sport gaming literature space and art with specific attention paid to disruption and danger It is intended to provide scholars and practitioners working in the spheres of play education games sport and related subjects with a deeper understanding of philosophical thought and to open dialogue across these disciplines

*Indigenous Intergenerational Resilience* Lewis Williams, 2021-11-04 This book argues that there is a need to develop greater indigenous led intergenerational resilience in order to meet the challenges posed by contemporary crises of climate change cultural clashes and adversity In today s media the climate crisis is kept largely separate and distinct from the violent cultural clashes unfolding on the grounds of religion and migration but each is similarly symptomatic of the erasure of the human connection to place and the accompanying tensions between generations and cultures This book argues that both forms of crisis are intimately related under scored and driven by the structures of white supremacism which at their most immediate and visible manifest as the discipline of black bodies and at more fundamental and far reaching proportions are about the power privilege and patterns of thinking associated with but no longer exclusive to white people In the face of such crisis it is essential to bring the experience and wisdom of Elders and traditional knowledge keepers together with the contemporary realities and vision of youth This book s inclusive and critical perspective on Indigenous led intergenerational resilience will be valuable to Indigenous and non Indigenous interdisciplinary scholars working on human ecological resilience

**Overcoming Current Challenges in the P-12 Teaching Profession** Keough, Penelope D.,2019-11-29 Teachers are constantly faced with a plethora of challenges but none has been more prevalent in the 21st century than educating a diverse collection of students In the midst of the current challenges in teaching P 12 students pre service teachers may be under district contract but may not be prepared for teaching students with disabilities the homeless second language learners recently immigrated to the United States or students who face emotional challenges or addiction Overcoming Current Challenges in the P 12 Teaching Profession is an essential reference book that provides insight strategies and solutions to overcome current challenges experienced by P 12 teachers in general and special education Featuring coverage on a broad range of topics such as global education professional development and responsive teaching this book is ideally designed for educators administrators school psychologists counselors academicians researchers and students seeking current research on culturally responsive teaching Restoring the Human Context to Literary and Performance Studies Howard

Mancing,Jennifer Marston William,2022-01-28 Restoring the Human Context to Literary and Performance Studies argues that much of contemporary literary theory is still predicated at least implicitly on outdated linguistic and psychological models such as post structuralism psychoanalysis and behaviorism which significantly contradict current dominant scientific views By contrast this monograph promotes an alternative paradigm for literary studies namely Contextualism and in so doing highlights the similarities and differences among the sometimes conflicting contemporary cognitive approaches to literature and performance arguing not in favor of one over the other but for Contextualism as their common ground

**ENSO Signal Network Newsletter** ,2004 *The Agon of Interpretations* Ming Xie,2014-09-17 Written by a team of leading international scholars The Agon of Interpretations explores the challenges and possibilities of critical intercultural hermeneutics in a globalized world Editor Ming Xie and writers from eight countries on five continents not only lay out the importance of critical hermeneutics to intercultural understanding but also probe the conditions under which a hermeneutics that is both intercultural and critical can be possible The contributors examine and define critical intercultural hermeneutics as an emerging field from a wide variety of disciplinary perspectives including phenomenology critical theory sociology object oriented ontology and pragmatism The essays combine philosophical argumentation with historical and intellectual inquiry Together the contributors to The Agon of Interpretations demonstrate the value of critical intercultural hermeneutics for enabling intercultural communication engagement and understanding **Film Therapy** Sayyed Mohsen

Fatemi,2021-12-24 Unlike any book on the market Film Therapy introduces a new paradigm in exploring the subtexts of movies and their potential therapeutic dimensions The book illuminates how feature films can entail psychological components that can facilitate the therapeutic process By elaborating the key concepts of each film and their psychological and psychotherapeutic discussions this book provides a demonstration of the films practical applications in a therapeutic setting opening a new world for understanding and exploring the dynamics of films in human interaction The book powerfully

delineates the rarely discussed role of films in psychological realms and argues how films can be educationally inspiring for therapists psychologists and educators      *Remapping Knowledge* Mihai I. Spariosu, 2006-03-01 The growing interdependence of the local and the global demand innovative approaches to human development Such approaches the author argues ought to be based on the emerging ethics of global intelligence defined as the ability to understand respond to and work toward what will benefit all human beings and will support and enrich all life on this planet As no national or supranational authority can predefine or predetermine it global intelligence involves long term collective learning processes and can emerge only from continuing intercultural research dialogue and cooperation In this book the author elaborates the basic principles of a new field of intercultural studies oriented toward global intelligence He proposes concrete research and educational programs that would help create intercultural learning environments designed to stimulate sustainable human development throughout the world
