Global Business Today Global Edition 8e Charles Hill, 2014-09-16 Global Business Today has been developed specifically to meet the needs of international students of business. Written in a refreshing, informative and accessible style, it has become the most widely used text in the International Business market with its comprehensive and up-to-date contents, focus on managerial implications and application of international business concepts, and incorporation of ancillary resources that enliven the text and make it easier to teach. In addition to boxed material which provides insightful illustrations in every chapter, interesting anecdotes have been carefully weaved into the narrative of the text to engage the reader. Enhancements to the Global Edition include New Country Focus boxes that provide background on the political, economic, social or cultural aspects of countries grappling with an international business issue to help raise students' awareness of how national and geographic differences affect the conduct of international business, such as Corruption in the Philippines and the Export Processing Zone Authority of Pakistan. New Management Focus boxes that provide lively illustrations of the relevance of chapter material for the practice of international business, including Patenting Basmati Rice and Expatriate Managers. New Perspective boxes that provide additional context for chapter topics, such as Market Economy in China, Australian SMEs Embrace the Chinese Currency, and Global Variations in Ownership Structure.

Globalizing Cultures, 2015-11-09 With the crisis of the global capitalist economy, the topic of global culture is regaining its importance and needs to be revisited from both theoretical and practical standpoints. How do we make sense of this rapid flow of global consumer culture across national borders? What is the role of corporations, governments, NGOs, and social movements in shaping the terms of these flows? How do these flows of money, people, culture, goods, and services work in practice? How do these flows affect the lives of the majority of regular people consuming and producing in the global marketplace? Taking an interdisciplinary approach, this volume examines the way cultures and individuals oppose, resist, and re-center globalization. Contributors are Gwen I. Alexis, Andrea Borghini, Cory Blad, Jack Bratich, Enrico Campo, Rekha Datta, Ricardo A. Dello Buono, Peter Kivisto, Vincenzo Mele, Mihaela Moscaliuc, Nancy Naples, Ino Rossi, Victoria Reyes Saliba, Sarsar Manal, Stephan Karen Schmelzkopf, and Marina Vujnovic.
