Cyrus J. Zachary,2016-07-11 Stories of the Schutzstaffel True Accounts of Hitler s Personal Bodyguards Get Your FREE  
BONUSES When You Download This Book The instigator and the mastermind behind the Holocaust Adolf Hitler of Germany  
was at the forefront of the Second World War and ruined millions of lives throwing the entire European continent into chaos  
Not only was he hated by the whole world even some of his own military commanders didn t like him Most leaders around the  
world rely on one maybe two bodyguards to keep them safe Even the President of the United States today has only one or  
two teams of security personnel while there may be many men and women who take turns to protect their leader the  
numbers are not as big as you would expect it to be We will look at the origins of a number of bodies such as the  
Sturmabteilung or the SA the Schutzstaffel the SS and the many other sub sections of the SS such as the FBK the LSSAH etc  
all of which were tasked with protecting Hitler From the background we will move on to individual accounts of men who  
served on these teams they were Hitler s personal bodyguards and some stayed with him until the very end Humanity s  
depraved nature came to fore with these men despite having a master who was truly mad and ravenous for blood they served  
him loyally Was it because they were also as depraved as he was Or were they afraid for their lives and did what they had to  
to survive We can only wonder Download this book today **Hitler's Master of the Dark Arts** Bill Yenne,2010-10-14 A  
history of Nazi Germany s SS and its leader examining the groups mystical cult aspects and Himmler s rise through the ranks  
of power Hitler s Nazi Party at its evil roots embraced a bizarre interpretation of ancient European paganism blending it with  
fragments of other traditions from sources as diverse as tenth century Saxon warlords nineteenth century spiritualism and  
early twentieth century fringe archeology Even the swastika the hated symbol of Nazism had its roots in ancient symbolism  
its first recorded appearance carved into a mammoth tusk twelve thousand years before Hitler came to power At the heart of  
the evil was Hitler s witch doctor Heinrich Himmler and his stranger than fiction cult the deadly SS The mundanely named  
Schutzstaffel literally protective squadron was the very essence of Nazism and their threatening double lightning bolt was  
one of the most dreaded symbols of the Third Reich With good reason what the SS was truly protecting was the ideology of  
Aryan superiority Hitler s Master of the Dark Arts is the first history of the SS and its leader to focus on the mystical cult  
aspects of the organization It follows Himmler s transformation of the SS from a few hundred members in 1929 to over fifty  
thousand black uniformed Aryans by the mid 1930s Concurrent with its expansion and its eventual independence from the  
brown shirts of the SA Himmler infused the Black Knights with a mishmash of occult beliefs and lunatic fringe theories that  
would have been completely laughable except that they were also used to justify the Final Solution **Heinrich Himmler**  
Roger Manvell,Heinrich Fraenkel,2007-09-17 Authors Roger Manvell and Heinrich Fraenkel notable biographers of the  
World War II German leaders Joseph Goebbels and Herman Goring delve into the life of one of the most sinister clever and  
successful of all the Nazi leaders Heinrich Himmler As the head of the feared SS Himler supervised the extermination of

millions Here is the story of how a seemingly ordinary boy grew into an obsessive and superstitious man who ventured into herbalism astrology and homeopathic medicine before finally turning to the science of racial purity and the belief in the superiority of the Aryan people

**Stormtroopers** Daniel Siemens,2017-10-24 The first full history of the Nazi Stormtroopers whose muscle brought Hitler to power with revelations concerning their longevity and their contributions to the Holocaust Germany's Stormtroopers engaged in a vicious siege of violence that propelled the National Socialists to power in the 1930s Known also as the SA or Brownshirts these ordinary men waged a loosely structured campaign of intimidation and savagery across the nation from the 1920s to the Night of the Long Knives in 1934 when Chief of Staff Ernst Röhm and many other SA leaders were assassinated on Hitler's orders In this deeply researched history Daniel Siemens explores not only the roots of the SA and its swift decapitation but also its previously unrecognized transformation into a million member Nazi organization its activities in German occupied territories during World War II and its particular contributions to the Holocaust The author provides portraits of individual members and their victims and examines their milieu culture and ideology His book tells the long overdue story of the SA and its devastating impact on German citizens and the fate of their country
