Communicative Approaches for Ancient Languages Mair E. Lloyd,Steven Hunt,2021-04-08 This book is the first in its field
It showcases current and emerging communicative practices in the teaching and learning of ancient languages Latin and Greek across contemporary education in the US the UK South America and continental Europe In all these parts of the globe communicative approaches are increasingly being accepted as showing benefits for learners in school university and college classrooms as well as at specialist conferences which allow for total immersion in an ancient language These approaches are characterised by interaction with others using the ancient language They may include various means and modalities such as face to face conversations and written communication The ultimate aim is to optimise the facility to read such languages with comprehension and engagement The examples showcased in this volume provide readers with a vital survey of the most current issues in communicative language teaching helping them to explore and consider adoption of a wider range of pedagogical practices and encouraging them to develop tools to promote engagement and retention of a wider variety of students than currently find ancient languages accessible Both new and experienced teachers and learners can build on the experiences and ideas in this volume to explore the value of these approaches in their own classrooms *The Cumulative Book Index* ,1996 A world list of books in the English language **Forward with Classics** Arlene Holmes-Henderson,Steven Hunt,Mai Musié,2018-08-09 Despite their removal from England's National Curriculum in 1988 and claims of elitism Latin and Greek are increasingly re entering the mainstream educational arena Since 2012 there have been more students in state maintained schools in England studying classical subjects than in independent schools and the number of schools offering Classics continues to rise in the state maintained sector The teaching and learning of Latin and Greek is not however confined to the classroom community based learning for adults and children is facilitated in newly established regional Classics hubs in evenings and at weekends in universities as part of outreach and even in parks and in prisons This book investigates the motivations of teachers and learners behind the rise of Classics in the classroom and in communities and explores ways in which knowledge of classical languages is considered valuable for diverse learners in the 21st century The role of classical languages within the English educational policy landscape is examined as new possibilities exist for introducing Latin and Greek into school curricula The state of Classics education internationally is also investigated with case studies presenting the status quo in policy and practice from Australasia North America the rest of Europe and worldwide The priorities for the future of Classics education in these diverse locations are compared and contrasted by the editors who conjecture what strategies are conducive to success *Forthcoming Books* Rose Arny,1991 **Computers and Language** Caroline Davis,Marilyn Deegan,1992
