**Echoes of War** Michael C.C. Adams,2021-10-21 Americans are often accused of not appreciating history but this charge belies the real popular interest in the past Historical reenactments draw thousands of spectators popular histories fill the bestseller lists PBS A and Hollywood war movies become blockbusters Though historians worry that these popular representations sacrifice authenticity for broad appeal Michael C C Adams argues that living history even if it is an incomplete depiction of the past plays a vital role in stimulating the historical imagination In *Echoes of War* he examines how one of the most popular fields of history is portrayed embraced and shaped by mainstream culture Adams argues that symbols of war are of intrinsic military significance and help people to articulate ideas and values We still return to the knight as a symbol of noble striving the bowman appeals as a rebel against unjust privilege Though Custer may not have been the Army s most accomplished fighter he achieved the status of cultural icon The public memory of the redcoated British regular soldier shaped American attitudes toward governments and gun laws The 1863 attack on Fort Wagner by the black Fifty fourth Massachusetts regiment was lost to public view until racial equality became important in the late twentieth century *Echoes of War* is a unique look at how a thousand years of military history are remembered in popular culture through images ranging from the medieval knight to the horror of U S involvement in the My Lai massacre

**Echoes of War** Charles McCoy,2009-03 A non fiction story line of how it was lived with emotions of becoming a crew member as a C 130 Flight Engineer To bring together family life and Air Force life with some joy and some sorrow as it unfolded Written with hopes of going into high schools to inspire the young and give them the urge to want to be able to fly the planes and travel the world This goes into some depth on maintenance fixes and problems in particularly C 130 aircraft This could be good reading material for aircrew personnel It also gives some understanding as to what politics has to do with service life like getting fired by the First Lady of the United States Except for not including Elvis Which occurred before the start of the story this book could just about be the Forrest Gump of the Air Force To write about some of the events that happened the author had to go back in time in his mind to relive some bad times Aircraft crashes and the trauma of the ongoing war or wars he had to put himself back there and through some of the nightmares that would follow these experiences that had to be relived again and again as if they were just echoes Only these echoes brought with them the smells and screams as if they just happened again only with fresh tears This story I suppose actually started back about 1948 I was so fascinated with aircraft when I was

14 years old I would ride my bike nearly two miles over the top of a hill that over looked the Birmingham Alabama airport To park the bike and sit on the ground for maybe an hour or so just to watch the planes land and take off At that time most of the planes were the war birds that had survived the war The passenger planes had been converted from military cargo planes There were some new planes coming on the scene too I had just turned seventeen when I went with my friend Raymond to the Air Force recruiters for him to sign up Sitting in the car got too cold so I went in to get warm and I signed up too for four years Four days later I was strapped in a converted C 47 and leaving the runway that I dreamed of some three years before As a passenger After basic training of all things they assigned me to the aircraft maintenance field The first school lasted six months but it was just basic maintenance but there was more to come For each aircraft you worked on you had to go to further schooling for that particular type So it went from C 54s to C 119s then to C 130s This latest bird was the Queen of the crop It also put me stationed at Ashiya AFB Japan where we were getting brand new planes This story takes up here where my whole squadron was going to be in training not just me

**War Echoes** Ariana E. Vigil, 2014-07-10 War Echoes examines how Latina o cultural production has engaged with U S militarism in the post Viet Nam era Analyzing literature alongside film memoir and activism Ariana E Vigil highlights the productive interplay among social political and cultural movements while exploring Latina o responses to U S intervention in Central America and the Middle East These responses evolved over the course of the late twentieth and early twenty first centuries from support for anti imperial war as seen in Alejandro Murguia s Southern Front to the disavowal of all war articulated in works such as Demetria Martinez s Mother Tongue and Camilo Mejia s Road from Ar Ramadi With a focus on how issues of race class gender and sexuality intersect and are impacted by war and militarization War Echoes illustrates how this country s bellicose foreign policies have played an integral part in shaping U S Latina o culture and identity and given rise to the creation of works that recognize how militarized violence and values such as patriarchy hierarchy and obedience are both enacted in domestic spheres and propagated abroad
