Elgaronline com Green communication can improve a firm s reputation and performance regardless of their genuine green conduct This book investigates the greenwashing phenomenon and maps how firms mislead consumers by not delivering on their environmental promises *Disha Comprehensive Guide for IPMAT Entrance Exam (IIM Indore, Rohtak, Jammu & Kozikode) with Previous Year Questions (PYQs) 5th Edition | Study Notes for Integrated Program in Management Aptitude Test | For 2026 Exam* , The thoroughly Revised Updated 5th Edition of the book Comprehensive Guide for IPMAT Entrance Exam IIM Indore Rohtak Jammu Kozhikode with 5 Online Tests has been prepared on the exact syllabus newly designed pattern of the latest exam notification The book provides complete theory along with Solved Examples Practice Exercises In this Edition IIM Kozhikode 2025 solved paper has been included with solutions The book is divided into 3 Parts Part I Verbal Ability Reading Comprehension 10 Chapters Part II Quantitative Aptitude 24 Chapters including 2 Chapters of Data Interpretation Part III Logical Reasoning 19 Chapters The detailed solution to exercises are provided at the end of each Chapter The previous papers of 2017 2025 are included in the respective chapters in the exercise part **Specification of**

Drug Substances and Products Christopher M. Riley,K. Lien Nguyen,2024-09-22 Specification of Drug Substances and Drug Products is a fully comprehensive reference on Specification Setting for Pharmaceuticals There have been several recent developments in the ICH Guidelines which were not captured in previous editions notably the new guideline on Development of Analytical Procedure and the revisions to the validation guidelines and the specification guidelines This edition contains chapters discussing the unique requirements for the universal critical quality attributes as well as the specific tests required to characterize and control different types of products ranging in complexity from small molecules in immediate release oral dosage forms to complex products such as drug antibody conjugates and mRNA based products This substantially expanded revision of the 2nd edition will serve as practical comprehensive reference for scientists managers educators and consultants involved in the development and regulation of pharmaceutical products Presents critical assessment potential impact and application of the recent revisions to ICH guidelines on method validation Q2 as well as the latest guideline on Analytical Method Development Q14 and the special regional requirements in non ICH regions Addresses comprehensive treatment of the development and validation of analytical methodologies used in the analysis control and specification of a variety of different types of dosage forms ranging from traditional oral solid dosage forms to proteins nRNA based drugs vaccines and gene therapy This book will also address drug device combinationproducts such as digital drug delivery systems transdermal systems and inhalation products Presents detailed treatment of latest statistical approaches including new approaches to the treatment of validation data method specification setting and shelf life prediction based on stability data *Green innovation and industrial ecosystem reconstruction in achieving environmental sustainability*

Huaping Sun,Kai Fang,Yongjiang Shi,2023-02-02 *It's Not Just You* Tori Tsui,2023-07-06 The world is in desperate need of this book Greta Thunberg It s Not Just You is a galvanising breath of fresh air Mikaela Loach Tori Tsui is changing the

conversation around mental health and the climate crisis Vogue A must read for anyone who would love to understand the intersections of mental health and the climate crisis Vanessa Nakate It s not just you The climate crisis is making us all unwell But not just you The climate crisis is affecting certain communities disproportionately And it s not just the climate crisis The term eco anxiety has been popularised as a way to talk about the negative impact of the climate emergency on our wellbeing In It s Not Just You activist Tori Tsui reframes eco anxiety as the urgent mental health crisis it clearly is Drawing on the wisdom of environmental advocates from around the globe Tori looks to those on the frontlines of eco activism to demonstrate that the current climate related mental health struggle goes beyond the climate itself Instead it is a struggle that encompasses many injustices and is deeply entrenched in systems such as racism sexism ableism and above all capitalism Because of this climate injustice disproportionately affects most marginalised communities who are often excluded from narratives on mental health Tori argues that we can only begin to tackle both the climate and mental health crisis by diversifying our perspectives and prioritising community led practices In essence reminding us that It s Not Just You Tackling this increasingly urgent crisis requires looking both inwards and outwards embracing individuality over individualism and championing climate justice Only then can we start to build better futures for both people and the planet *Elgar*

Encyclopedia of Science and Technology Studies Ulrike Felt, Alan Irwin, 2024-10-03 This Encyclopedia provides a comprehensive overview of the expanding field of science and technology studies STS Covering key frameworks themes and topics Ulrike Felt and Alan Irwin bring together expert contributors to map the development of STS within its historical and intellectual context *Field Experiments in Economics* Judith Favereau, Michiru Nagatsu, 2025-03-27 This book adopts an

integrated history and philosophy of science approach to consider the historical origins and methodological pitfalls of field experiments in economics It explains key concepts such as control and randomization and identifies two distinct origins of field experimentation in economics controlled laboratory experiments and randomized field trials Careful historical analysis reveals that two strands of field experiments have developed with rather different methodological rationales regarding the validity both internal and external of inferences about experimental results The authors propose a unified methodological framework that makes explicit the complementarity between the two strands of field experiments as well as between experimentation and other research methods such as econometrics In addition the methodological framework aims not only to bridge both strands but also to make explicit often assumed ethical and political values in experimental design and practice in the field This book will be valuable reading for advanced students and scholars in the history of economics philosophy of economics economic methodology and experimental economics The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license *African Philosophy and Deep Ecology* Kenneth Uyi Abudu, Kevin Gary Behrens, Elvis

Imafidon, 2025-07-11 This book investigates African philosophical contributions to the concept of deep ecology which

advocates for rethinking human and non human relationships within our ecosystems by promoting the inherent and earned worth of all beings With ecological crises impacting lives around the world this book interrogates deep ecology thinking from African philosophical perspectives highlighting the continent s important ontological epistemological ethical aesthetic and broad philosophical contributions The book investigates issues such as the eco phenomenology of human non human animals relations Ubuntu and the environment the superiorist fallacy environmental belongingness the impact of colonization and modernity on non human trauma the politics of ecological narrative about African places the question of moral status African socialist perspectives the question of degrowth selective subordination biodiversity loss land ethics the ontology of waste and the concept of personhood in relation to global climate and ecological justice Providing a significant intervention in our understanding of the ecological crises and our duties toward ecosystems and the non human other in the twenty first century this book is an important read for researchers advocates and other stakeholders working in the fields of environmental philosophy climate change indigenous studies and African Studies
