## **Economic Hitman Summary:**

**Summary: Confessions of an Economic Hit Man** BusinessNews Publishing, 2017-01-30 The must read summary of John Perkins's book *Confessions of an Economic Hit Man* This complete summary of John Perkins's book *Confessions of an Economic Hit Man* reveals how economic projections were invented in order to convince other countries to accept important loans for infrastructure and development which they couldn't afford In his book the author provides evidence from interviews with officials and reveals the truth Added value of this summary Save time Understand international corruption and geopolitics Expand your knowledge of international relations and politics To learn more read *Confessions of an Economic Hit Man* to find out the truth behind the corruption that led to the American Empire [Summary of John Perkins's The New Confessions of an Economic Hit Man](#) Milkyway Media, 2022-12-25 Buy now to get the main key ideas from John Perkins's *The New Confessions of an Economic Hit Man* John Perkins used to cheat countries out of enormous sums of money on behalf of the US government It was his job and he was good at it but its inherent immorality weighed heavily on him The countries had to spend all their money on repayment rather than helping their people and they were firmly in US control Although he was strongly discouraged from doing so he published a best selling expose *Confessions of an Economic Hit Man* in 2004 As the same practices spread from government to business he updated his revelations in *The New Confessions of an Economic Hit Man* 2016 It explains how the system works today what a moral and honest replacement would look like and how we could all make that happen *Quicklet on John Perkins's Confessions of an Economic Hit Man (CliffNotes-like Summary)* Abdul Montaqim, 2012-02-24 ABOUT THE BOOK I first came across John Perkins's *Confessions of an Economic Hit Man* a few years ago when I was living and working in Abu Dhabi a tiny city state which serves as the capital of a conglomerate of similar city states including Dubai all collectively known as the United Arab Emirates or the UAE which itself is located on the eastern coast of the Arabian peninsula And although the UAE had been peaceful and prosperous for many decades I couldn't help but think about the fact that I was in the middle of the most dangerously volatile and highly militarised region on Earth The year was 2008 The war in Iraq was still rumbling on and in my more paranoid moments I thought the conflict could escalate in a flash and instantly embroil other countries in the region What I did not spend a single moment worrying about however was the unprecedented terror caused by the global economic crisis Who did I didn't think about it because unlike armies banks and financial institutions are forces of a largely invisible kind of activity And I never knew finance could cause so much devastation MEET THE AUTHOR Abdul Montaqim is a journalist based in London and has been working in the media since 1989 Among the more well known titles he has written for are *The Guardian* newspaper *Time Out* magazine and the *International Business Times* website He has edited a number of local and community newspapers magazines and websites and has over the course of his career worked for some of the largest publishers in Europe including Emap LLP and Mirror Group Newspapers Abdul has also worked outside of the United Kingdom moving to Abu Dhabi for a year to work on the first

national daily newspaper in United Arab Emirates The National and he has consulted for media companies in Bangladesh where he was born

EXCERPT FROM THE BOOK The job of EHMs and their colleagues is to persuade countries to take out loans worth billions of dollars often to pay for infrastructure projects that the EHMs themselves recommend writes John Perkins in his book Confessions of an Economic Hit Man If the persuasion tactics of the EHMs fail the CIA jackals as he calls them take over and often assassinate the leaders of governments who do not co operate such as Jaime Roldos president of Ecuador and Omar Torrijos president of Panama Perkins starts his story by wondering how he had grown up to be involved in such a dirty business He remembers Ann and her uncle Frank who suggests working for the NSA and being a Peace Corps Volunteer Buy a copy to keep reading

**Confessions of an Economic Hit Man** John Perkins,2004-11-09 Perkins a former chief economist at a Boston strategic consulting firm confesses he was an economic hit man for 10 years helping U S intelligence agencies and multinationals cajole and blackmail foreign leaders into serving U S foreign policy and awarding lucrative contracts to American business

Summary of Howie Carr's Hitman Everest Media,2022-05-15T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 John Vincent Martorano was a unlikely gangster He had only one sibling and he grew up in a stable middle class family He was always fascinated by the city and he always returned to it 2 After the war Andy Martorano was doing well in the postwar economy He bought a medallion and put his brothers Danny and Louie to work as drivers They eventually sold their half of the business to Andy 3 Johnny was a popular kid at St Agatha s parochial school in Milton He was also becoming harder and harder to handle as his parents were finding him difficult to control So they shipped him off to a Catholic prep school in Woonsocket Rhode Island Mount St Charles Academy 4 I was always loyal to my family and friends and I tried to protect the blood of my blood my family and friends even when I was in the gang I was doing what people asked me to do to help them out

Confessions of an Economic Hit Man John Perkins,2006-01 PERKINS CONFESSIONS ECONOMIC HITMAN

**The New Confessions of an Economic Hit Man** John Perkins,2016-02-09 Featuring 15 explosive new chapters this new edition of the New York Times bestseller brings the story of Economic Hit Men up to date and chillingly home to the U S but it also gives us hope and the tools to fight back The previous edition of this now classic book revealed the existence and subversive manipulations of economic hit men John Perkins wrote that they are highly paid professionals who cheat countries around the globe out of trillions of dollars Their tools include fraudulent financial reports rigged elections payoffs extortion sex and murder In Perkins s case the tool was debt convincing strategically important countries to borrow huge amounts of money for enormous development projects that served the very rich while driving the country deeper into poverty and debt And once indebted these countries could be controlled In this latest edition Perkins provides revealing new details about how he and others did their work But more

importantly in an explosive new section he describes how the EHM tools are being used around the world more widely than ever even in the U S itself The cancer has metastasized yet most people still aren t aware of it Fear and debt drive the EHM system We are hammered with messages that terrify us into believing that we must pay any price assume any debt to stop the enemies who we are told lurk at our doorsteps The EHM system employing false economics bribes surveillance deception debt coups assassinations unbridled military power has become the dominant system of economics government and society today It has created what Perkins calls a Death Economy But Perkins offers hope he concludes with dozens of specific concrete suggestions for actions all of us can take to wrest control of our world away from the economic hit men and help give birth to a Life Economy     At the Local Level ,2004-03     **The Fiscal Impact Guidebook** Robert W.
