Mutilations The cattle mutilation phenomenon is an ongoing mystery that has endured for almost 50 years What have we  
learned if anything from the countless reports filed Who or what is behind the death and disfigurement of livestock reported  
as mutilated around the globe Are these deaths simply attributable to natural predators and scavengers Or is the military  
government somehow involved perhaps monitoring mad cow disease Are the deaths the action of ritual cultists as police say  
the evidence would suggest Is it possible that alien predators are involved as some researchers and the media have  
suggested Are black helicopters or UFOs related to the cattle mutilation phenomenon as many witnesses have claimed  
Regardless of who or what is responsible what are the motivations behind perpetrating what may be the greatest unsolved  
serial crime spree of all time Stalking the Herd addresses these questions in depth and also offers an objective look at the  
history of our venerated relationship with cattle the first domesticated livestock Is there a connection between these  
ritualistic cattle deaths and humankind s ancient practice of animal sacrifice Why are there no Brahman cattle mutilations in  
India where cattle are revered to this day Are aliens gathering genetic material for unknown purposes What about the  
thousands of pounds of scientific forensic evidence Are some hidden sections of the military conducting secret projects that  
for some reason known only to them involve the mutilation of hundreds of cattle in an area that includes Colorado Springs  
the NORAD command base inside Cheyenne Mountain and the strange little town called Dulce on a small Apache Reservation
