Defending Christian Zionism:

Defending Christian Zionism David Pawson, 2014-01-14 Has God brought the Jewish people back to Palestine How can both Jews and Christians be God's chosen people How many covenants are there in the Bible Do all Christian Zionists accept dispensational teaching Does the God of Israel ever change his promises These are some of the questions that must be faced in the light of current attacks on Christian Zionism by some evangelical writers David Pawson believes that Christians need very clear biblical understanding before making political pronouncements about conflict in the Middle East **Defending**

Christian Zionism J. David Pawson, 2008-01-01 *Christian Zionism Or Israel Theology? In Reponse to David Pawson's 'Defending Christian Zionism'*. Walter Emile Tessensohn, 2012-11-13 Why did God choose the Israelites to be his people and why did He give them a land Which Covenant made Israel God's people What is the consequence if God's people break the Sinai Covenant Can an everlasting promise or covenant be withdrawn or cease to exist If so why If not why not If the

Israelites are not God's people anymore do they have a Biblical right to live in the country where their ancestors lived Does this land belong to Israel What does the New Covenant mean for Israel What was the mission of the Jewish Messiah Did the Jewish Messiah come to undo the fall in paradise overcome death overcome Satan and establish the Kingdom of God or was his mission to graft the Gentiles on Israel and to revive old times to make an earthly kingdom of Jews Who is the real enemy of God's people Satan and his angels or flesh and blood Palestinians Iranians and Muslims The author is a teacher and an elder in an Evangelical Church in the Netherlands **Christian Antisemitism** Michael L. Brown, 2021 It's tragic yet not

shocking to hear the Jewish people and Israel described as a dominant and moving force behind the present and coming evils of our day and a monstrous system of evil that will destroy us and our children What's surprising is that these and similar comments are being made by Christians people who claim to demonstrate the love of God Messianic Bible scholar Michael L. Brown PhD exposes the lies that support modern Christian antisemitism and addresses relevant questions such as What is antisemitism exactly Is it a sin to be a Zionist Why is replacement theology so popular Do the Jews want to take over the world Open your eyes to the hate that has seeped into the church and fight the trend with the powerful love of the cross Book jacket

Evangelical Christian Responses to Islam Richard McCallum, 2024-02-08 Do Christians and Muslims worship the same God Who was Muhammad How does the Israeli Palestinian conflict affect Christian Muslim relations This is a book about Evangelical Christians and how they are answering challenging questions about Islam Drawing on over 300 texts published by Evangelicals in the first two decades of the twenty first century this book explores what the Evangelical micro public sphere has to say about key issues in Christian Muslim relations today From the books they write the blogs they post and the videos they make it is clear that Evangelical Christians profoundly disagree with one another when discussing Islam Answers to the questions range from seeing Muslims as the enemy posing an existential threat to Christians through to welcoming them as good neighbours or even as close cousins **Augustinian and Ecclesial Christian Ethics** D. Stephen

Long,2018-08-15 What is the relationship between the command to love one's enemies and the use of violence and or other coercive political means This work examines this question by comparing and contrasting two important contemporary approaches to Christian ethics neoAugustinian and the ecclesial or neoAnabaptist It traces the complicated conversation that has taken place since John Howard Yoder took on Reinhold Niebuhr's interpretation of the Anabaptists in the 1940's It consists of three parts The first part traces the development of the Augustinian Niebuhrian approach to ethics from Niebuhr through those who have advanced his work including Paul Ramsey Timothy Jackson Charles Mathewes Eric Gregory and Jennifer Herdt It also examines the Augustinian ethics of Oliver O'Donovan John Milbank and Nicholas Wolterstorff Along with tracing the Augustinian approach and its trajectories through agapism theology and the interpretation of Augustine it identifies fifteen criticisms that this approach brings against the neoAnabaptists The second part traces the origin of the ecclesial or neoAnabaptist approach and then examines its relationship to and criticism of agapism what theological doctrines are central and its interpretation of Augustine Its purpose is primarily constructive by explaining the role that ecclesiology Christology and eschatology have among the neoAnabaptists The third part addresses the criticisms levied by Augustinians against the neoAnabaptists by drawing on the constructive theology in the second part It intends to show where the Augustinian critics are correct where they have missed key theological teachings and where they misrepresent It also assesses the summons to the nationalist project the Augustinians put to the neoAnabaptists If this work is successful this third part will not be defensive It will instead illumine the reasons for the criticisms and suggest means by which the conversation that began between Yoder and Niebuhr can continue and possibly bear fruit for theological ethics in both its ecclesial and nationalist projects for generations to come

The Maker's Instructions David Pawson,2014-01-14 King Alfred is perhaps best remembered for allowing cakes to become burnt but he did something far more significant and of lasting value He used ten commandments given to the Jewish people centuries before as the foundation of English law He instinctively knew they contained the recipe for a safe and successful society The secret they all contain is respect Respect for God first for his uniqueness his nature his name his special day then respect for each other our families life itself marriage property and reputation Churches have urged members to memorise the Ten Commandments along with the Lord's Prayer and the Apostles Creed often putting all three up on the wall as summaries of the Christian faith and life as well as using them in worship But how can principles laid down so long ago and so far away be relevant to contemporary society Well as one New Testament translator J B Phillips puts it By the straight edge of God's law we find out how crooked we are Only after this discovery are we ready to consider the gospel of Jesus

Prophecy in the New Millennium Suzanne Newcombe,Sarah Harvey,2016-04-15 Secular and spiritual prophets of doom abound in the information rich twenty first century as they have for millennia But there has yet to be worldwide floods meteor impact global computer failure obvious alien contact or direct intervention from God to end the world as we know it Considering the frequency with which prophecy

apparently fails why do prophecies continue to be made and what social functions do they serve This volume gives a concise but comprehensive overview of the rich diversity of prophecy its role in major world religions as well as in new religions and alternative spiritualities its social dynamics and its impact on individuals lives Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework The book argues that the key to understanding the more dramatic apocalyptic and millenarian aspects of prophecy is in appreciating prophecy s more mundane manifestations and its role in providing meaning and motivation in everyday life **Covenant Brothers**

Daniel G. Hummel, 2019-06-07 Weaving together the stories of activists American Jewish leaders and Israeli officials in the wake of the establishment of the state of Israel in 1948 Covenant Brothers portrays the dramatic rise of evangelical Christian Zionism as it gained prominence in American politics Israeli diplomacy and international relations after World War II According to Daniel G Hummel conventional depictions of the Christian Zionist movement the organized political and religious effort by conservative Protestants to support the state of Israel focus too much on American evangelical apocalyptic fascination with the Jewish people Hummel emphasizes instead the institutional international interreligious and intergenerational efforts on the part of Christians and Jews to mobilize evangelical support for Israel From missionary churches in Israel to Holy Land tourism from the Israeli government to the American Jewish Committee and from Billy Graham s influence on Richard Nixon to John Hagee s courting of Donald Trump Hummel reveals modern Christian Zionism to be an evolving and deepening collaboration between Christians and the state of Israel He shows how influential officials in the Israeli Ministry of Religious Affairs and Foreign Ministry tasked with pursuing a religious diplomacy that would enhance Israel s standing in the Christian world combined forces with evangelical Christians to create and organize the vast global network of Christian Zionism that exists today He also explores evangelicalism s embrace of Jewish concepts motifs and practices and its profound consequences on worshippers political priorities and their relationship to Israel Drawing on religious and government archives in the United States and Israel Covenant Brothers reveals how an unlikely mix of Christian and Jewish leaders state support and transnational networks of institutions combined religion politics and international relations to influence U S foreign policy and eventually global geopolitics **Restoring the Fortunes of Zion** Rob

Yule, 2017-09-20 Restoring the Fortunes of Zion tells the dramatic story of the reemergence of Israel onto the stage of modern history from the genocidal fury of the Holocaust to its extraordinary survival in face of regional hostility and global contempt It shows how the return of the Jewish people from two millennia of exile realizes with uncanny accuracy the visions of the biblical prophets and explores what this signifies for the future Rob Yule brings together accessible scholarship biblical historical geographical political and theological with strong advocacy to create a book that I found riveting and moving I commend Restoring the Fortunes of Zion to all those who wish for a clearer sense of Israel its emergence from desolation to vitality and those who helped and hindered its progress It is an exceptionally valuable resource Dame Lesley Max Auckland

The publication of *Restoring the Fortunes of Zion* is extraordinarily timely and vital for our understanding of current world events. It enables us to better understand from a biblical perspective what has happened in Israel's past, what is happening in Israel today, as well as what is going to happen to Israel in the future. Revd Murray Dixon Palmerston North Rob Yules book weaves together a carefully researched, erudite, scholarly but eminently readable and fascinating account of Israel. He intertwines and interprets the history, politics, military strategy, theology and culture of the region in the past, present and future. The sweep of his vision is as breath taking as the intriguing subject matter that he covers. Revd Owen Hoskin Auckland

Political Violence in Judaism, Christianity, and Islam Jonathan Fine, 2015-03-26 Religious political violence is by no means a new phenomenon yet there are critical differences between the various historical instances of such violence and its more current permutations. Since the mid 1970s religious fundamentalist movements have been seeking to influence world order by participating in local political systems. For example Islamic fundamentalism is at the heart of the Muslim Brotherhood in Egypt, the Christian fundamental right wing has seen a resurgence in Europe and Jewish fundamentalism is behind the actions of Meir Kahane's Kach movement and the settler movement. The shift in recent years from secular to religious political violence necessitates a reevaluation of contemporary political violence and of the concept of religious violence. This text analyzes the evolution of religious political violence in both historical and contemporary perspectives. Since religious political violence events are usually associated with the term terrorism, the book first analyzes the origins of this controversial term and its religious manifestations. It then outlines and highlights the differences between secular and religious political violence on ideological, strategic and tactical levels before comparing the concept of Holy War in Judaism, Christianity and Islam. Lastly, it shows how modern radical monotheistic religious groups interpret and manipulate their religious sources and ideas to advocate their political agendas, including the practice of violence. A unique comparative study of religious political violence across Judaism, Islam and Christianity, this text features many international case studies from the Crusades to the Arab Spring. *Christianity Explained* David Pawson, 2014-04-11 A thoroughly readable book offering a condensed and well illustrated survey of basic Christian truths. **El Nacimiento Cristiano Normal** David

Pawson, 2013-12-27 Este es un estudio de iniciación al Nuevo Testamento que trata de revelar una síntesis del énfasis liberal en el arrepentimiento, el énfasis evangélico en la fe, el sacramental en el Bautismo y el pentecostal en el Espíritu Santo. Estas cuatro puertas espirituales están entonces relacionadas con la conversión y la regeneración. Con tanta frecuencia la enfermedad espiritual se remonta a una iniciación inadecuada en el Reino. Un mejor nacimiento significa un mayor crecimiento en una vida cristiana sana. David Pawson discute algunos textos bíblicos cruciales y controvertidos desafiando muchas interpretaciones tradicionales. ¿Cuestiona la idoneidad del enfoque típico de oración del pecador y da consejos prácticos para ayudar a los discípulos potenciales a arrepentirse, creer, ser bautizados y recibir el Espíritu Santo. Israel in the New Testament David Pawson, 2015-04-15 Now including a new chapter Israel in Galatians. Over 80% of the promises and

prophecies of the Old Testament have been literally fulfilled It is a simple matter of faith in God's faithfulness to believe that he means what he says and will do what he says he will do This study reveals that both the people and the place called Israel have a significant role in God's future plans for world redemption **The Road to Hell** David Pawson,2014-04-11 Most of

Jesus teaching on this uncomfortable subject was addressed to his followers yet it hardly features in sermons today Challenging the modern alternatives of liberal universalism and evangelical annihilationism David Pawson presents the traditional concept of endless torment as soundly biblical illustrating his argument with in depth Scripture studies on controversial passages Heaven is also a reality he affirms but it is hell which is being overlooked **Inhabiting the Land** Alain Epp Weaver,2018-08-30 What does it mean to inhabit the land of Palestine and Israel justly How should Christians understand the Palestinian Israeli conflict Alain Epp Weaver examines answers to these questions paying particular attention to the theologies of sumud or steadfastness advanced by Palestinian Christian theologians while also presenting other Christian Jewish and Muslim responses Contextualizing these theologies within Palestinian and Israeli Jewish histories Epp Weaver introduces readers to the intertwined histories of Zionism as a movement to establish a Jewish state and renew Jewish life in the biblical land of Israel and Palestinian nationalism He also situates Palestinian Christian theologies within broader Christian conversations about election God's enduring covenant with the Jewish people and Zionism In the face of a politics of separation and dispossession Epp Weaver contends Palestinian Christian theologies testify to the possibility of a shared polity and geography for Palestinians and Israeli Jews not defined by walls militarized fences checkpoints and roadblocks but rather by mutuality and reconciliation **A Commentary on the Letters of John** David Pawson,2015-10-12

A New Testament study by David Pawson explaining clearly the meaning of the letters of John **Creation** David Pawson,2024-09-08 In the beginning This phrase is often wrongly read as Once upon a time as in the opening of a pleasant story or fairy tale but David Pawson views it as a radical statement indicating that our universe has not been around forever Yet despite this most people in our world and most men in history have believed the opposite that the universe is eternal If Genesis was written to provide understanding of our origins and the consequences of the Fall then why has this book of the Bible in particular inspired so much debate and controversy And does it conflict with a scientific understanding of the origins of the universe If God is a God of truth why do science and Scripture sometimes seem to disagree For instance how can we reconcile the problem of references to the days of creation in Genesis with the estimates of billions of years Can these apparent discrepancies and disagreements be explained And in a world beset with troubles and threats of pandemics hunger inflation recession and nuclear war why is it necessary to consider the origins of the universe and the human race In this ambitious book David Pawson tackles these and other challenging questions within the context of the creation versus evolution debate In arguing that both God's Word and science are compatible he points out that the battles are battles of fact but the warfare is a warfare of faith **The Christian Right in Europe** Gionathan Lo Mascolo,2023-11-02 Inspired by the

success of the US Christian Right and the rise of the global far right ultraconservative Christians in Europe are joining forces and seek to reshape Europe By assembling in anti gender movements and sharing anti Muslim narratives they actively influence the political landscape and shape government policies The contributors offer new perspectives on the protagonists and the entangled networks that work to abolish liberal democracy in Europe behind the scenes This anthology is the first to bring together case studies on the Christian Right in over 20 European countries providing a transnational perspective and an accessible insight for clergy politicians and academics alike
