Islam and The English Enlightenment Zulfiqar Ali Shah, 2022-06-02 Never before to my knowledge has the cross fertilisation of Western and Islamic ideas been so encyclopedically documented as it is here In reading Islam and the English Enlightenment you will never see the relationship between Islam and the West in the same way again ROBERT F SHEDI NGER Professor of Religion Luther College Dr Zulfiqar Ali Shah s Islam and the English Enlightenment is one of the most profoundly enlightening books I have read in years Dr Shah compellingly demonstrates that the thinkers of English Enlightenment were undeniably indebted to Islamic sciences and thought and that the foundational principles of rationalist thought scientific inquiry and religious toleration were deeply anchored in the Islamic tradition KHALED ABOU EL FADL Omar Azmeralda Alfi Distinguished Professor of Law UCLA School of Law This is a book that anyone interested in stepping outside a Eurocentric view of the rise of the West and of the modern age must read MICHAEL A GILLESPIE Professor of Political Science Philosophy Duke University Dr Shah convincingly demonstrates the central role that Islam played in shaping the values and ideas of the Enlightenment reformers such as John Locke and Isaac Newton who had helped to produce the modern world GERALD MACLEAN Emeritus Professor University of Exeter

The Achievements of International Law Jacques Hartmann, Urfan Khaliq, 2021-07-29 The aim of this collection of essays in Robin Churchill s honour is to discuss some key examples of the achievements of international law with the express aim of exploring both what it has achieved and also its limits This will serve as a response to the two popular but opposite misconceptions about the role of international law One view is that international law is too weak to improve the World in any significant way The other view is that international law is a panacea that can be used to rid the world of many of its ills The book is divided into five distinct parts each reflecting on what international law has achieved within broadly defined substantive areas It opens with a discussion on general

international law and international human rights law before exploring the law of the sea and fisheries It then looks at international environmental law before finally examining the use of force and international criminal law The chapters and the collection overall will provide a contrast to the popular misconceptions about international law by offering examples of both the success and also limitations of it as a system

Hoover, 2022-12-26 This book examines the growing diversity of religions and worldviews across South Central Asia and the factors affecting prospects for covenantal pluralism in these regions Going beyond banal appeals for mere tolerance the theory of covenantal pluralism calls for a constitutional order of religious freedom and equal treatment combined with a culture of practical religious literacy and everyday virtues of engagement across lines of religious difference According to the Pew Religious Diversity Index half of the world's most religiously diverse countries are in Asia The presence of deep religious worldview difference is often seen as a potential threat to socio political cohesion or even as a source of violent conflict Yet in Asia as elsewhere the degree of this diversity is not consistently associated with socio political problems Indeed while religious difference is implicated in some social challenges there are also many instances of respectful multi faith engagement practical collaboration and peaceful debate Volume II offers a pioneering exploration of the prospects for this robust and non relativistic type of pluralism in South Central Asia Volume I examined East Southeast Asia The chapters in these volumes originally appeared as research articles in a series on covenantal pluralism published by The Review of Faith International Affairs **Interreligious Heroes** Alon Goshen-Gottstein, 2021-10-04 Over forty premier world religious and scholars of all major faith traditions were asked the following Who is a figure who inspires your interfaith work How does this figure inspire you and what lessons applications and concrete expressions has this inspiration taken in your life The result is a stunning overview of the interfaith movement
