*Theory and Practice of Specialised Online Dictionaries* Pedro A. Fuertes-Olivera, Sven Tarp, 2014-09-23 This book is the first comprehensive monograph on the Function Theory of Lexicography which originated at the Aarhus School of Business Aarhus University Function Theory considers dictionaries to be tools that are constructed for assisting specific users with punctual needs in specific usage situations e.g. communicative oriented situations and cognitive oriented situations The book's main focus is on defending the independent academic status of lexicography and its corollary The process of designing compiling and updating specialised online dictionaries needs a theoretical framework that addresses general and specific aspects The former are common to all types of information tools the latter are mainly dependent on the media for which the information tool is constructed and their specific target users This book offers both aspects and moves from the highest level of abstraction to very detailed aspects of lexicographic work e.g. how to convert an originally conceived polyfunctional online dictionary into several monofunctional usage based ones The book illustrates that the theory and the methodology currently used by advocates of the Function Theory of Lexicography offers better results than other approaches and therefore makes its case for proposing the Function Theory for terminological terminographical work

*The Death of Modern Management* Jo Owen, 2009-12-23 We are at the start of a new wave of management The recent financial crisis highlighted problems not just in the economic system but also in the way that many companies are governed and managed Now modern management has reached its end game and we approach a new era in leadership Rather than the certainties of command and control this new epoch will be based on co-operation and commitment There has been a strategic revolution instead of following the rules we now have to make them For some this represents great risk for others it is an enormous opportunity The Death of Modern Management is a how-to guide for surviving and thriving amidst the new uncertainties of contemporary business a joyride through new ideas memorable stories and superb writing Philip Kotler Jo Owen gives a fascinating insight into how 21st century management now works It is helpful to have someone with his experience intellect and vision explain the radical changes in a way that makes sense and is immediately usable Juliet Hope CEO Startup Jo Owen delivers a robust and wide ranging assault on the delusions of management strategy finance and marketing that have created an aura of justified mistrust around the modern corporation but does so with wit

lucidity and lots of enlivening illustrations The answers for 21st century business are helpfully accessible Professor Nigel Nicholson London Business School author of Managing the Human Animal and Family Wars offers insights that help encourage different thinking Director Magazine *Knowledge Management* Murray E. Jennex,2008-01-01 Provides comprehensive in depth coverage of all issues related to knowledge management including conceptual methodological technical and managerial issues Presents the opportunities future challenges and emerging trends related to this subject
