Thunderstruck! Peter J. Bellini, 2023-04-18 This book is a historical and theological look into the deliverance and exorcism ministry of John Wesley It examines how Wesley understood the phenomenon of deliverance and his own practice of it in terms of ordinary and extraordinary gifts The text looks at how Wesley understood deliverance in general in relation to salvation and how he understood an aspect of deliverance that involved expulsion of demons Further the book assesses how contemporary Wesleyans and Christians in general can apply Wesley s theology and practice to deliverance ministry today Practices like baptismal vows and the use of the gifts of the Holy Spirit are explored in the life of the believer today in terms of deliverance The Pentecostal World Michael Wilkinson, Jörg Haustein, 2023-04-01 The Pentecostal World provides a comprehensive and critical introduction to one of the most vibrant and diverse expressions of contemporary Christianity Unlike many books on Pentecostalism this collection of essays from all continents does not attempt to synthesize and simplify the movement's inherent diversity and fragmented dispersion Instead the global flows of Pentecostalism are firmly grounded in local histories and expressions as well as the various modes of their worldwide reproduction. The book thus argues for a new understanding of Pentecostal and Charismatic movements that accounts for the simultaneous processes of pluralization and homogenization in contemporary World Christianity Written by a distinguished team of international contributors across various disciplines the volume is comprised of six parts with each offering a critical perspective on classical themes in the study of Pentecostalism Led by a programmatic introduction the thirty six chapters within these parts explore a variety of themes history and historiography conversion spirit beliefs and exorcism prosperity politics gender relations sexual identities racism development migration pilgrimage interreligious relations media ecumenism and academic research The Pentecostal World is essential reading for students and researchers in anthropology history political science religious studies sociology and theology The book will also be very useful for those in related fields such as culture studies black studies ethnic studies and gender studies Passing Orders S. Jonathon O'Donnell, 2020-12-01 Demonization has increasingly become central to the global religious and political landscape Passing Orders interrogates this centrality through an analysis of evangelical spiritual warfare demonologies in contemporary America Situating spiritual warfare as part of broader frameworks of American exceptionalism ethnonationalism and empire management author S Jonathon O Donnell exposes the theological foundations of the systems of queer and transphobia anti blackness Islamophobia and settler colonialism that justify the

dehumanizing practices of the current U S political order O Donnell argues that demonologies are not only tools of dehumanization but also ontological and biopolitical systems that create and maintain structures of sovereign power or orthotaxies models of the right ordering of space time and bodies that stratify humanity into hierarchies of being and nonbeing Alternative orders are demonized as passing framed as counterfeit transgressive and transient Yet these orders refuse to simply pass on instead giving strength to deviant desires that challenge the legitimacy of sovereign violence Critically examining this challenge in the demonologies of three figures Jezebel the Islamic Antichrist and Leviathan Passing Orders re imagines demons as a surprising source of political and social resistance reflecting fragile and fractious communities bound by mutual passing and precarity into strategic coalitions of solidarity subversion and survival
