

DEFENDING THE HOLY LAND

A CRITICAL
ANALYSIS
OF ISRAEL'S
SECURITY
& FOREIGN
POLICY

ZEEV MAOZ

Defending The Holy Land

Paul C. Avey

Defending The Holy Land:

Defending the Holy Land Zeev Maoz, 2009 A scathing and brilliant revisionist history Defending the Holy Land is the most comprehensive analysis to date of Israel's national security and foreign policy from the inception of the State of Israel to the present Book jacket

Defending the Holy Land Zeev Maoz, 2009 *Countering Terrorism and Insurgency in the 21st Century* James J. F. Forest, 2007-06-30 The attacks of September 11 2001 inaugurated a new global era of counterterrorism policy and activity led by the United States Countering Terrorism and Insurgency in the 21st Century analyzes the most significant dimensions of combating terrorism including considerations of strategic and tactical issues hard power soft power and counterintelligence the need to thwart sources and facilitators weak governments ill conceived foreign policy and trafficking in drugs guns and humans and the incorporation of lessons learned thus far from combating terrorism around the globe Since the dawn of the new millennium combating terrorism has become a primary focus of security professionals throughout the world The attacks of September 11 2001 inaugurated a new global era of counterterrorism policy and activity led by the United States while many countries from Algeria and Spain to Sri Lanka and Indonesia have redoubled their efforts to combat their own indigenous terrorism threats In the United States the counterterrorism goals identified in the National Strategy for Combating Terrorism 2006 can only be achieved through significant multinational cooperation These goals are to advance effective democracies as the long term antidote to the ideologies of terrorism to prevent attacks by terrorist networks to deny terrorists the support and sanctuary of rogue states to deny terrorists control of any nation they would use as a base and launching pad for terror and to lay the foundations and build the institutions and structures we need to carry the fight forward against terror and help ensure our ultimate success At this point in the development of the global counterterrorism efforts it is particularly important to pause for reflection on a number of critical questions What do we know about effectively countering terrorism What are the characteristics of successful or unsuccessful counterterrorism campaigns What do we need to learn in order to do this better Countering Terrorism and Insurgency in the 21st Century addresses these and related questions contributing to national security policy as well as to our understanding of the terrorist threat and how it can be defeated Volume 1 Strategic and Tactical Considerations examines issues of hard power soft power and intelligence counterintelligence Volume 2 Sources and Facilitators covers state failure border controls democracy promotion networks and trade and trafficking and societal issues Volume 3 Lessons Learned from Combating Terrorism and Insurgency includes case studies of counterterrorism operations e g the hijacking of the Achille Lauro the 1993 bombing of the World Trade Center and the capture of key terrorist suspects like Ramzi Youssef and Khalid Sheikh Mohamad and case studies of long term efforts to combat terrorism e g the Basques in Spain the Tamil Tigers in Sri Lanka Israel's struggle against Palestinian terror organizations Peru and Sendero Luminoso and Japan and Aum Shinrikyo

Israel Under Siege Raffaella A. Del Sarto, 2017 Introduction Israel's new foreign policy consensus after the Oslo peace process 2000 2010

Feeling under siege conflicts threats and regional order The impact and implications of Israel's foreign policy consensus Factors and explanations for the new domestic hegemony The return of dissent 2010 to the present *Defending Israel* Martin van Creveld, 2005-09 Israel is a tiny country from tip to toe it stretches three hundred miles long but is only seventy eight miles at its widest point Ever since the time the so called Jewish State was established in 1948 the question of what its defensible borders might be has always been problematic Yet considering the larger picture of what has happened in the Middle East over the last twenty five years the peace treaties with Egypt and Jordan the weakening of Syria as a result of the collapse of the Soviet Union the smashing of Iraq by the United States Israel is militarily speaking stronger than ever before The greatest remaining threats are terrorism and guerilla warfare and those Martin Van Creveld argues are best dealt with by building a wall and getting out of the occupied territories Based not on vague aspirations for peace but purely on military and strategic reasoning *Defending Israel* asserts that Israel can only be safe if it pulls out of Gaza and the West Bank entirely

Front flap *Defending Israel* Alan M. Dershowitz, 2019-09-03 World renowned lawyer Alan Dershowitz recounts stories from his many years of defending the state of Israel Alan Dershowitz has spent years advocating for his most challenging client the state of Israel both publicly and in private meetings with high level international figures including every US president and Israeli leader of the past 40 years Replete with personal insights and unreported details *Defending Israel* offers a comprehensive history of modern Israel from the perspective of one of the country's most important supporters Readers are given a rare front row seat to the high profile controversies and debates that Dershowitz was involved in over the years even as the political tides shifted and the liberal community became increasingly critical of Israeli policies Beyond documenting America's changing attitude toward the country *Defending Israel* serves as an updated defense of the Jewish homeland on numerous points though it also includes Dershowitz's criticisms of Israeli decisions and policies that he believes to be unwise At a time when Jewish Americans as a whole are increasingly uncertain as to who supports Israel and who doesn't there is no better book to turn to for answers and a pragmatic look toward the future *Military Doctrine* Bert Chapman, 2009-09-03 This comprehensive volume provides a thorough overview of 20th and 21st century military doctrines worldwide *Military Doctrine A Reference Handbook* takes a thorough look at 20th and 21st century military doctrines around the world It excerpts relevant English language scholarly and governmental literature to paint a picture of how military doctrine has developed in recent history what military doctrines are currently operating on the world stage and where military doctrine is heading in the near future The book casts a wide net scanning the relevant government documents international agreements monographs journals conference papers and Internet resources to present a thorough overview of the importance of military doctrine in today's highly unstable world Because military institutions are important formulators of national military doctrine and not merely implementers this book examines the roles played by military organizations around the world With the proliferation of independent military scholars and the widespread influence of their work in the

Internet age the book also scans the gray literature and describes its effects on military doctrine **Israeli National Security** Charles D. Freilich, 2018-03-08 National security has been at the forefront of the Israeli experience for seven decades with threats ranging from terrorism to vast rocket and missile arsenals and even existential nuclear dangers Yet despite its overwhelming preoccupation with foreign and defense affairs Israel does not have a formal national security strategy In *Israeli National Security* Chuck Freilich presents an authoritative analysis of the military diplomatic demographic and societal challenges Israel faces today to propose a comprehensive and long term Israeli national security strategy The heart of the new strategy places greater emphasis on restraint defense and diplomacy as means of addressing the challenges Israel faces along with the military capacity to deter and if necessary defeat Israel's adversaries while also maintaining the resolve of its society By bringing Israel's most critical debates about the Palestinians demography Iran Hezbollah Hamas US relations and nuclear strategy into sharp focus the strategy Freilich proposes addresses the primary challenges Israel must address in order to chart its national course The most comprehensive study of Israel's national security to date this book presents the first public proposal for a comprehensive Israeli national security strategy and prescribes an actionable course forward *The Six-Day War and Israeli Self-Defense* John Quigley, 2013 The war of June 1967 between Israel and Arab states was widely perceived as being forced on Israel to prevent the annihilation of its people by Arab armies hovering on its borders Documents now declassified by key governments question this view The UK USSR France and the USA all knew that the Arab states were not in attack mode and tried to dissuade Israel from attacking In later years this war was held up as a precedent allowing an attack on a state that is expected to attack It has even been used to justify a pre-emptive assault on a state expected to attack well in the future Given the lack of evidence that it was waged by Israel in anticipation of an attack by Arab states the 1967 war can no longer serve as such a precedent This book seeks to provide a corrective on the June 1967 war **Whereafter** Terri Bruce, 2018-03-13 How far would you go to get your life back Stuck in the afterlife on an island encircled by fire and hunted by shadows bent on trapping them there forever Irene and Andras struggle to hold onto the last vestiges of their physical selves without which they can never return to the land of the living But it's not just external forces they'll have to fight as the pair grow to realize they have different goals Irene still clings to the hope that she can somehow return to her old life the one she had before she died while Andras would be only too glad to embrace oblivion Meanwhile Jonah worried about Irene desperately searches for a way to cross over to the other side even if doing so means his death His crossing over however is the one thing that could destroy Irene's chances of returning home Too many obstacles too many people to save and the thing Irene most desperately wants to return to her old life seems farther away than ever Only one thing is clear moving on will require making a terrible sacrifice *United States Air Services*, 1919 *U.S. Air Services*, 1919 **Introduction to Malta** Gilad James, PhD, Malta officially the Republic of Malta is a small island country located in the Mediterranean Sea just south of Sicily Italy The country is divided into three main islands Malta

Gozo and Comino Malta is known for its stunning coastline pristine beaches ancient ruins and historic architecture The capital city Valletta is a UNESCO World Heritage Site and a popular tourist destination due to its rich history and cultural significance Malta has a diverse population and a rich cultural heritage that is influenced by its location and history The country has been inhabited since prehistoric times and has been ruled by numerous foreign powers including the Phoenicians Greeks Romans Arabs and British The blend of different cultures and influences can be seen in the country s cuisine language music and traditional festivals Malta is also known for its warm climate friendly people and laid back lifestyle making it a popular destination for tourists and expatriates Overall Malta is a unique and enchanting country that offers visitors a blend of history culture and natural beauty

Tempting Fate Paul C. Avey, 2019-11-15 Unpacking of the dynamics of conflict under conditions of nuclear monopoly Paul C Avey argues in *Tempting Fate* that the costs and benefits of using nuclear weapons create openings that weak nonnuclear actors can exploit Avey uses four case studies to show the key strategies available to nonnuclear states Iraqi decision making under Saddam Hussein in confrontations with the United States Egyptian leaders thinking about the Israeli nuclear arsenal during wars in 1969 70 and 1973 Chinese confrontations with the United States in 1950 1954 and 1958 and a dispute that never escalated to war the Soviet United States tensions between 1946 and 1948 that culminated in the Berlin Blockade Strategies employed include limiting the scope of the conflict holding chemical and biological weapons in reserve seeking outside support and leveraging international non use norms Avey demonstrates clearly that nuclear weapons cast a definite but limited shadow and while the world continues to face various nuclear challenges understanding conflict in nuclear monopoly will remain a pressing concern for analysts and policymakers Thanks to generous funding from Virginia Tech and its participation in TOME the ebook editions of this book are available as Open Access volumes available from Cornell Open cornellpress.cornell.edu/cornell-open and other repositories

State Responses to Nuclear Proliferation Brian K. Chappell, 2021-01-07 Contemporary fears of rogue state nuclear proliferation and nuclear terrorism pose unique challenges for the global community This book offers a unique approach by examining why states that have the military capability to severely damage a proliferating state s nuclear program instead choose to pursue coercive diplomacy The author argues cognitive psychological influences including the trauma derived from national tragedies like the September 11th attacks and the Holocaust and a history of armed conflict increase the threat perceptions of foreign policy decision makers when confronting a state perceived to be challenging the existing power structure by pursuing a nuclear weapon The powerful state s degree of perceived threat combined with its national security policies military power projection capabilities and public support then influence whether it will take no action use coercive diplomacy sanctions or employ military force to address the weaker state s nuclear ambitions

Negotiating Arab-Israeli Peace Laura Zittrain Eisenberg, Neil Caplan, 2025-04-22 Fifteen years since the publication of its second edition this foundational text in the history of Arab Israeli peacemaking endeavors has been updated to include developments from the past twenty

five years Thoroughly revised and expanded the third edition of *Negotiating Arab Israeli Peace* examines the history of recurrent efforts to resolve the Arab Israeli conflict since the 1970s and identifies a pattern of negative negotiating behaviors that repeatedly derail peacemaking efforts In addition to updating all of the book s existing chapters with post 2010 sources and developments authors Eisenberg and Caplan have added new chapters on the Arab Peace Initiative the Annapolis Conference the Kerry mission and the Abraham Accords as well as a conclusion that questions several core notions regarding the nature of the conflict the possibility of its resolution Arab Israeli normalization and the viability of the two state solution An epilogue extends the book s framework into present day crises in the region specifically Hamas s 7 October 2023 attack on Israel and Israel s war against Hamas in Gaza A companion website comprises nine appendices among them 145 primary source documents expanded notes links to websites for maps data and analysis peace activities and additional visual and documentary sources Also online is a robust instructor s guide offering supplementary resources and ideas for assignments research and classroom exercises all of which draw upon and complement the themes running throughout the text By measuring contemporary diplomatic episodes against the historical pattern of counterproductive negotiating habits *Negotiating Arab Israeli Peace* makes possible a coherent comparison of some eighty years of Arab Israeli negotiations and offers readers a framework with which to assess the relative strengths and weaknesses of peace making attempts past present and future

A History of the Israeli-Palestinian Conflict Mark Tessler, 2009-03-24 Mark Tessler s highly praised comprehensive and balanced history of the Israeli Palestinian conflict from the earliest times to the present updated through the first years of the 21st century provides a constructive framework for understanding recent developments and assessing the prospects for future peace Drawing upon a wide array of documents and on research by Palestinians Israelis and others Tessler assesses the conflict on both the Israelis and the Palestinians terms New chapters in this expanded edition elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel the West Bank and Gaza at a critical time of transition

Defending the City of God Sharan Newman, 2014-04-29 A fresh and highly accessible history of the Holy Lands during the Middle Ages revealing a rich and diverse culture and the fight to save Jerusalem from the Crusaders

The New Schaff-Herzog Encyclopedia of Religious Knowledge Johann Jakob Herzog, Albert Hauck, Samuel Macauley Jackson, Charles Colebrook Sherman, George William Gilmore, 1911

Israel's Asymmetric Wars S. Cohen, 2010-09-27 This book is devoted to Israel s asymmetric wars those conducted against irregular armed groups that have attacked it It seeks to understand the Israeli strategy in the fight against terrorists acting under the guise of civilians or using the population as human shields The army has implemented a loosely devised if not simplistic doctrine of disproportionate response since Israel s founding The results have been mediocre nearly always leading to the death of innocent Arab civilians and exacerbating anti Israeli sentiment Each time it has led to an escalation that is difficult to control and thrown the entire country into an increasingly inextricable situation Practically every time it has made Israel the

aggrieved party look like the aggressor What explains such perseverance This research is based on vast documentation collected in Israel as well as on more than 60 in depth interviews with officers and simple soldiers senior counterterrorism officials politicians journalists and NGOs

Eventually, you will definitely discover a supplementary experience and ability by spending more cash. still when? pull off you endure that you require to get those every needs similar to having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to comprehend even more more or less the globe, experience, some places, similar to history, amusement, and a lot more?

While this might not be the Defending The Holy Land full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Defending The Holy Land eBooks, including some popular titles.

FAQs About Defending The Holy Land Books

What is a Defending The Holy Land PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Defending The Holy Land PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Defending The Holy Land PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Defending The Holy Land PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Defending The Holy Land PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
