Defining Caymanian Identity Globalization Xenophobia:

Defining the Caymanian Identity Christopher A. Williams, 2015-12-16 *Defining the Caymanian Identity* analyzes the factions and schisms surging throughout the multicultural multi ethnic and polarized Cayman Islands to identify who or what is considered a Caymanian In the modern world where Caymanian traditions have all but been eclipsed or forgotten often due to incoming overpowering cultural sensibilities it is a challenge to know where traditional Caymanian culture begins and modern Caymanian culture ends With this idea in mind Christopher A Williams investigates the pervasive effects of globalization multiculturalism economics and xenophobia on an authentic if dying indigenous Caymanian culture This book introduces and expounds the provocative solution that the continued prosperity of the Cayman Islands and their so called indigenous people may well depend on a synergistic moral link between Caymanianness and foreignness between

Caymanianness and modernity **Between a Past and Present Consciousness** Christopher A. Williams, 2019-07-08 In an age of rampant xenophobia and the nativist imperative to undo globalization for a return to a bygone purer age can patently modern identities indefinitely sustain their messages of inclusion and equality This volume serves to answer this and other pressing existential questions by tracing the development of the Caymanian people from the colonial era into our modern globalized multicultural age The emergence of Caymanian nationalism is extensively analyzed and confirmed as a phenomenon that was preceded by fragmented Caymanian identities informed by issues of race and class Despite this the native Caymanian people were able to successfully jettison their race thinking and in so doing began to see themselves as members of a singular nationality This notion of national and cultural solidarity as this book details has become a vexing issue and is now being duly tested given the astonishing numbers of immigrants in Cayman many of whom are keen to become Caymanians themselves **Religion, Race, Multiculturalism, and Everyday Life** Christopher

Williams, 2023-11-25 *Religion Race Multiculturalism and Everyday Life* takes a spirited conceptualist look back into the history of our development The book sets out to explore the ways in which a punditry of human equality continues to lock in unassailably assured logical postures enabled by the historically intertwined roles played by power and the passage of time towards the invention and sustenance of social truth Religion race and multiculturalism have been written about many times and from a variety of academic discipline specific perspectives Nonetheless these social issues remain ever relevant to any sincere bid to understand the inegalitarian aspects of modern society *Religion Race Multiculturalism and Everyday Life* was primarily written with serious students of philosophy sociology the humanities and history in mind The author contends that we should never be too afraid to explore contentious or difficult philosophical and social questions [The Ends of Empire](#)

John Connell, Robert Aldrich, 2020-09-14 This book offers a fresh analysis of constitutional economic demographic and cultural developments in the overseas territories of Britain France the Netherlands Denmark Spain the United States Australia and New Zealand Ranging from Greenland to Gibraltar the Falklands to the Faroes and encompassing islands in the

Atlantic Pacific and Indian Oceans and the Caribbean these territories command attention because of their unique status and for the ways that they occasionally become flashpoints for rival international claims dubious financial activities illegal migration and clashes between metropolitan and local mores Connell and Aldrich argue that a negotiated dependency brings greater benefits to these territories than might independence
