and rhetoric She then relates the theme of the Buddha's bodily self sacrifice to major conceptual discourses in the history of Buddhism and South Asian religions such as the categories of the gift the body both ordinary and extraordinary kingship sacrifice ritual offering and death Head Eyes Flesh and Blood reveals a very sophisticated and influential perception of the body in South Asian Buddhist literature and highlights the way in which these stories have provided an important cultural resource for Buddhists Combined with her rich and careful translations of classic texts Ohnuma introduces a whole new understanding of a vital concept in Buddhists studies
