Advances in Product Family and Product Platform Design Timothy W. Simpson, Jianxin (Roger) Jiao, Zahed Siddique, Katja Hölttä-Otto, 2013-09-13 *Advances in Product Family and Product Platform Design Methods Applications* highlights recent advances that have been made to support product family and product platform design along with successful applications in industry. This book provides not only motivation for product family and product platform design i.e. address questions about why and when should we platform but also methods and tools to support the design and development of families of products based on shared platforms i.e. address the how and what questions about platforming. It begins with a general overview of product family design to introduce the general reader to the topic and then progress to more advanced topics and design theory to help designers, engineers and project managers plan, architect and implement platform based product development strategies for their company. Finally, successful industry applications provide readers and practitioners with case studies and talking points to become platform advocates and leaders within their organization. Proceedings etc2014 The European Society of Telemetry, 2014-11-12 The European Telemetry and Test Conference etc2014 took place in Nuremberg in June 2nd-5th 2014. Over 50 Technical Papers were presented in 10 Technical Sessions highlighting the most recent innovations in methods, systems and instrumentation from industry researchers and laboratories all around the world. More than 50 companies attended the etc2014 exhibition and offered unique opportunities for technical discussions. Within the etc Village they presented numerous innovations among others around new sensors and data acquisition architectures, Ethernet video solutions, C band telemetry. This international success has been confirmed by the feedback of the participants: more than 85% were satisfied about the information offered in the Technical Sessions and the etc2014 Exhibition. The organisation and the location of the Conference Organised for the first time in cooperation with SENSOR TEST, the internationally leading trade fair for sensors, measuring and testing technology, the new form of etc2014 opened the door to further 500 exhibitors potentially interesting for the daily and future applications of the telemetry professionals.
