STYLES OF VICTORIAN MANHOOD

Dandies And Desert Saints Styles Of Victorian Masculinity

Martin Middeke, Monika Pietrzak-Franger

Dandies And Desert Saints Styles Of Victorian Masculinity:

Dandies and Desert Saints James Eli Adams,1995 1 Dandies and Prophets Spectacles of Victorian Masculinity 2 A Sort of Masonry Secrecy and Manliness in Early Victorian Brotherhoods 3 Imagining the Science of Renunciation Manhood and Abasement in Kingsley and Tennyson 4 Muscular Aestheticism Masculine Authority and the Male Body 5 Gentleman Dandy Priest Masks and Masculinity in Pater s Aestheticism The New Man, Masculinity and Marriage in the Victorian Novel

Tara MacDonald,2015-10-06 By tracing the rise of the New Man alongside novelistic changes in the representations of marriage MacDonald shows how this figure encouraged Victorian writers to reassess masculine behaviour and to re imagine the marriage plot in light of wider social changes She finds examples in novels by Dickens Anne Bront George Eliot and George Gissing Pre-Raphaelite Masculinities Serena Trowbridge,2017-07-05 Drawing on recent theoretical developments in gender and men s studies Pre Raphaelite Masculinities shows how the ideas and models of masculinity were constructed in the work of artists and writers associated with the Pre Raphaelite movement Paying particular attention to the representation of non normative or alternative masculinities the contributors take up the multiple versions of masculinity in Dante Gabriel Rossetti s paintings and poetry masculine violence in William Morris s late romances nineteenth century masculinity and the medical narrative in Ford Madox Brown s Cromwell on His Farm accusations of perversion directed at Edward Burne Jones s work performative masculinity and William Bell Scott s frescoes the representations of masculinity in Pre Raphaelite illustration aspects of male chastity in poetry and art Tannh er as a model for Victorian manhood and masculinity and British imperialism in Holman Hunt s The Light of the World Taken together these essays demonstrate the far reaching effects of the plurality of masculinities that pervade the art and literature of the Pre Raphaelite Brotherhood

Silver Fork Novels, 1826-1841 Vol 6 Harriet Devine Jump,Gary Kelly,2024-10-28 The novels in this collection present a vivid picture of late Regency society clinging to modes of behaviour which soon became obsolete and mark an important point of transition to Victorian cultural values **Charles Kingsley** Jonathan Conlin,Jan Marten Ivo Klaver,2020-12-28 Novelist poet Anglican priest and controversialist Charles Kingsley 1819 75 epitomizes the bustling Victorian man of faith and letters a prolific polymath as ready to break a lance with John Henry Newman over Christian doctrine as he was to preach to schoolchildren on the virtues of manly physical struggle Kingsley s The Water Babies and Westward Ho were best sellers which became classics of children s literature Kingsley has come to epitomize the Victorian age On closer inspection Kingsley is harder to categorize a socialist who was also an imperialist a Chartist revolutionary who was Queen Victoria s favourite novelist a natural theologian who popularized Darwin a priest who celebrated sex as sacrament Kingsley only appears straightforward if you consider him one piece at a time The debates he shaped remain with us today faith and sexuality economics and exploitation race and identity The aim of this book is to present the whole man to consider the public crusades for public health alongside the most private fantasies of sexual intercourse to consider the ardent imperialist

alongside the Darwinist It will be of interest to all students of Victorian studies as well as of British Imperial history church history and especially the history of science "Material and Visual Cultures Beyond Male Bonding, 1870-1914" John Potvin, 2017-07-05 Material and Visual Cultures Beyond Male Bonding 1870-1914 presents the first cross disciplinary analysis of the visual and material representations and spaces of male same sex culture in turn of the century Britain which positions intimacy as its central object Through both historical and theoretical lenses this groundbreaking study considers photographs interior design decorative art architecture and illustrations from the popular press to reveal the interwoven narratives of intimacy aesthetics and identity The author sustains close readings to expose the challenges the representations of men together posed not only for the men of the time but also for the contemporary viewer and scholar *Arthur O'Shaughnessy, A Pre-Raphaelite Poet in the British Museum* Jordan Kistler, 2016-02-26 Arthur O'Shaughnessy's career as a natural historian in the British Museum and his consequent preoccupation with the role of work in his life provides the context with which to reexamine his contributions to Victorian poetry O'Shaughnessy's engagement with aestheticism socialism and Darwinian theory can be traced to his career as a Junior Assistant at the British Museum and his perception of the burden of having to earn a living outside of art Making use of extensive archival research Jordan Kistler demonstrates that far from being merely a minor poet O'Shaughnessy was at the forefront of later Victorian avant garde poetry Her analyses of published and unpublished writings including correspondence poetic manuscripts and scientific notebooks demonstrate O'Shaughnessy's importance to the cultural milieu of the 1870s particularly his contributions to English aestheticism his role in the importation of decadence from France and his unique position within contemporary debates on science and literature

Henry James and Queer Modernity Eric Haralson, 2003-03-27 In Henry James and Queer Modernity first published in 2003 Eric Haralson examines far reaching changes in gender politics and the emergence of modern male homosexuality as depicted in the writings of Henry James and three authors who were greatly influenced by him Willa Cather Gertrude Stein and Ernest Hemingway Haralson places emphasis on American masculinity as portrayed in fiction between 1875 and 1935 but the book also treats events in England such as the Oscar Wilde trials that had a major effect on American literature He traces James's engagement with sexual politics from his first novels of the 1870s to his major phase at the turn of the century The second section of this study measures James's extraordinary impact on Cather's representation of queer characters Stein's theories of writing and authorship as a mode of resistance to modern sexual regulation and Hemingway's very self constitution as a manly American author **Martial masculinities** Michael Brown, Anna Maria Barry, Joanne Begiato, 2019-08-30 This collection explores the role of martial masculinities in shaping nineteenth century British culture and society in a period framed by two of the greatest wars the world had ever known It offers a fresh interdisciplinary perspective on an emerging field of study and draws on historical literary visual and musical sources to demonstrate the centrality of the military and its masculine dimensions in the shaping of Victorian and Edwardian personal and national

identities Focusing on both the experience of military service and its imaginative forms it examines such topics as bodies and habits families and domesticity heroism and chivalry religion and militarism and youth and fantasy This collection will be required reading for anyone interested in the cultures of war and masculinity in the long nineteenth century Defining Neomedievalism(s) II Karl Fugelso,2011 The focus on neomedievalism at the 2007 International Conference on Medievalism in ever more sessions at the annual International Congress on Medieval Studies and by many recent or forthcoming publications has left little doubt that this important new area of study is here to stay and that medievalism must come to terms with it In response to an essay in Studies in Medievalism XVIII defining medievalism in relationship to neomedievalism this volume therefore begins with seven essays defining neomedievalism in relationship to medievalism Palgrave Advances in the Modern History of Sexuality M. Houlbrook,H. Cocks,2005-10-26 Palgrave Advances in the Modern History of Sexuality offers a comprehensive and accessible overview of historical debate in the history of European and American sexuality since c 1750 Each chapter explores in detail one theme such as race pornography marriage science or religion which historians have seen as essential to writing the history of sexuality The book therefore not only offers a broad introduction to the state of the art but also suggests new directions for research and debate Gypsies and the British Imagination, 1807-1930 Deborah Epstein Nord,2008-11-28 Gypsies and the British Imagination 1807 1930 is the first book to explore fully the British obsession with Gypsies throughout the nineteenth century and into the twentieth Deborah Epstein Nord traces various representations of Gypsies in the works of such well known British authors John Clare Walter Scott William Wordsworth George Eliot Arthur Conan Doyle and D H Lawrence Nord also exhumes lesser known literary ethnographic and historical texts exploring the fascinating histories of nomadic writer George Borrow the Gypsy Lore Society Dora Yates and other rarely examined figures and institutions Gypsies were both idealized and reviled by Victorian and early twentieth century Britons Associated with primitive desires lawlessness cunning and sexual excess Gypsies were also objects of antiquarian literary and anthropological interest As Nord demonstrates British writers and artists drew on Gypsy characters and plots to redefine and reconstruct cultural and racial difference national and personal identity and the individual s relationship to social and sexual orthodoxies Gypsies were long associated with pastoral conventions and in the nineteenth century came to stand in for the ancient British past Using myths of switched babies Gypsy kidnappings and the Gypsies murky origins authors projected onto Gypsies their own desires to escape convention and their anxieties about the ambiguities of identity The literary representations that Nord examines have their roots in the interplay between the notion of Gypsies as a separate often despised race and the psychic or aesthetic desire to dissolve the boundary between English and Gypsy worlds By the beginning of the twentieth century she argues romantic identification with Gypsies had hardened into caricature a phenomenon reflected in D H Lawrence s The Virgin and the Gypsy and thoroughly obscured the reality of Gypsy life and history W. H. Davies Rory Waterman,2021-01-15 Though Davies is a well known and unique literary figure

of the early twentieth century most famous now for *The Autobiography of a Super Tramp* and poems such as *Leisure* which came 14th in the BBC's search to find The Nation's Favourite Poems no other volume of essays or other critical monograph concentrates on his work This book not only provides a reassessment of Davies putting him in his literary and cultural context but also sheds light on the many more central literary figures he encountered and befriended The central aim of the book is to reconsider his major works and his place in the literary and cultural milieu of his period *Masculinity and Science in Britain, 1831-1918* Heather Ellis, 2017-01-20 This book offers the first in depth study of the masculine self fashioning of scientific practitioners in nineteenth and early twentieth century Britain Focusing on the British Association for the Advancement of Science founded in 1831 it explores the complex and dynamic shifts in the public image of the British man of science and questions the status of the natural scientist as a modern masculine hero Until now science has been examined by cultural historians primarily for evidence about the ways in which scientific discourses have shaped prevailing notions about women and supported the growth of oppressive patriarchal structures This volume by contrast offers the first in depth study of the importance of ideals of masculinity in the construction of the male scientist and British scientific culture in the nineteenth and early twentieth centuries From the eighteenth century identification of the natural philosopher with the reclusive scholar to early nineteenth century attempts to reinvent the scientist as a fashionable gentleman to his subsequent reimagining as the epitome of Victorian moral earnestness and meritocracy Heather Ellis analyzes the complex and changing public image of the British man of science **Robert Louis Stevenson** Richard Ambrosini, Richard Dury, 2006-04-04 Robert Louis Stevenson *Writer of Boundaries* reinstates Stevenson at the center of critical debate and demonstrates the sophistication of his writings and the present relevance of his kaleidoscopic achievements While most young readers know Robert Louis Stevenson 1850-1894 as the author of *Treasure Island* few people outside of academia are aware of the breadth of his literary output The contributors to *Robert Louis Stevenson: Writer of Boundaries* look with varied critical approaches at the whole range of his literary production and unite to confer scholarly legitimacy on this enormously influential writer who has been neglected by critics As the editors point out in their Introduction Stevenson reinvented the personal essay and the walking tour essay in texts of ironic stylistic brilliance that broke completely with Victorian moralism His first full length work of fiction *Treasure Island* provocatively combined a popular genre subverting its imperialist ideology with a self-conscious literary approach Stevenson one of Scotland's most prolific writers was very effectively excluded from the canon by his twentieth century successors and rejected by Anglo-American Modernist writers and critics for his play with popular genres and for his non-serious metaliterary brilliance While Stevenson's critical recognition has been slowly increasing there have been far fewer published single volume studies of his works than those of his contemporaries Henry James and Joseph Conrad [A History of Bisexuality](#) Steven Angelides, 2001-09-15 Angelides explores the evolution of sexuality revisiting modern epistemological categories of sexuality in psychoanalysis gay liberation social constructionism queer theory biology

and human genetics He argues that bisexuality has functioned historically as the structural other to sexual identity itself undermining assumptions about heterosexuality and homosexuality *Handbook of the English Novel, 1830-1900* Martin Middeke, Monika Pietrzak-Franger, 2020-05-05 Part I of this authoritative handbook offers systematic essays which deal with major historical social philosophical political cultural and aesthetic contexts of the English novel between 1830 and 1900 The essays offer a wide scope of aspects such as the Industrial Revolution religion and secularisation science technology medicine evolution or the increasing mediatisation of the lifeworld Part II then leads through the work of more than 25 eminent Victorian novelists Each of these chapters provides both historical and biographical contextualisation overview close reading and analysis They also encourage further research as they look upon the work of the respective authors at issue from the perspectives of cultural and literary theory

Men & Masculinities Michael S. Kimmel, Amy B. Aronson, 2003-12-11 The first encyclopedia to analyze summarize and explain the complexities of men's lives and the idea of modern manhood The process of making masculinity visible has been going on for over two decades and has produced a prodigious and interesting body of work But until now the subject has had no authoritative reference source *Men Masculinities* a pioneering two volume work corrects the oversight by summarizing the latest historical biological cross cultural psychological and sociological research on the subject It also looks at literature art and music from a gender perspective The contributors are experts in their specialties and their work is directed organized and coedited by one of the premier scholars in the field Michael Kimmel The coverage brings together for the first time considerable knowledge of men and manhood focusing on such areas as sexual violence intimacy pornography homophobia sports profeminist men rituals sexism and many other important subjects Clearly this unique reference is a valuable guide to students teachers writers policymakers journalists and others who seek a fuller understanding of gender in the United States

Take the Young Stranger by the Hand John Donald Gustav-Wrathall, 2000-06 Gustav Wrathall traces the history of the YMCA focusing on its nineteenth century origins in supporting intense male friendships and an alternative to mainstream patterns of heterosexual marriage and family life He also explores the YMCA's role in early sex education and the roles played by women in Christian men's organizations

Mobility and Corporeality in Nineteenth- to Twenty-First-Century Anglophone Literature Jaine Chemmachery, Bhawana Jain, 2021-05-19 *Mobility and Corporeality in 19th and 21st Century Anglophone Literature* Bodies in Motion challenges normative depictions of bodies on the move by focusing on marginalized and othered mobile bodies and reconceptualises corporeal mobility for our contemporary times This book defines mobility as processes such as colonization decolonization and globalization
