**Dare to Be Different** Keba Roman,2017-12-08 One of the main challenges faced by humanity is everyone becoming like everyone This is the enemy of human diversity We live in a world where there is too much identity theft going on There is too much of the fear of being different People are into copying and pasting others on to themselves It feels right for many people to scan other people s lives into theirs There is too much of imitating others People are dying to be a reproduction of other people People are in a desperate pursuit to become others People are rejecting who they are or who they should be to embrace the identity of other people They put themselves to an end to allow others to live in them They repeal and replace themselves with others Everyone wants to be exactly like others They want to do the same thing the same way and for the same reasons as others Many people don t know that each of us is made different to differ and that it is very okay to be different Dare to be Different is meant to inspire and encourage individuals to have the audacity to be different
