Women's Ways of Making Maureen Daly Goggin, Shirley K Rose, 2021-04-21 Women's Ways of Making draws attention to material practices those that the hands perform as three epistemologies an episteme a techne and a

phronesis that together give pointed consideration to making as a rhetorical embodied endeavor Combined these epistemologies show that making is a form of knowing that episteme knowing how techne and wisdom making phronesis Since the Enlightenment embodied knowledge creation has been overlooked ignored or disparaged as inferior to other forms of expression or thinking that seem to leave the material world behind Privileging the hand over the eye as the work in this collection does thus problematizes the way in which the eye has been co opted by thinkers as the mind s tool of investigation Contributors to this volume argue that other senses touch taste smell hearing are keys to knowing one s materials Only when all these ways of knowing are engaged can making be understood as a rhetorical practice In *Women s Ways of Making* contributors explore ideas of making that run the gamut from videos produced by beauty vloggers to zine production and art programs at women s correctional facilities Bringing together senior scholars new voices and a fresh take on material rhetoric this book will be of interest to a broad range of readers in composition and rhetoric Contributors Angela Clark Oates Jane L Donawerth Amanda Ellis Theresa M Evans Holly Fulton Babicke Bre Garrett Melissa Greene Magdelyn Hammong Helwig Linda Hanson Jackie Hoermann Christine Martorana Aurora Matzke Jill McCracken Karen S Neubauer Daneryl Nier Weber Sherry Rankins Roberson Kathleen J Ryan Rachael Ryerson Andrea Severson Lorin Shellenberger Carey Smitherman Clark Emily Standridge Charlese Trower Christy I Wenger Hui Wu Kathleen Blake Yancey **Christopher Nolan** Darren Mooney,2018-10-10 Christopher Nolan is one of the defining directors of the 21st century Few of his contemporaries can compete in terms of critical and commercial success let alone cultural impact His films have a rare ability to transcend audience expectations appealing to both casual moviegoers and dyed in the wool cineastes Nolan s work ranges from gritty crime thrillers *Memento* *Insomnia* to spectacular blockbusters the *Dark Knight* trilogy *Inception* They have taken audiences from the depths of space *Interstellar* to the harsh realities of war *Dunkirk* And they have pushed the boundaries of the possible in modern movie making This critical history covers his complete filmography tracing his career from film student to indie darling to Oscar nominated auteur *The Many Lives of Catwoman* Tim Hanley,2017-07-01 For more than 75 years Catwoman has forged her own path in a clear cut world of stalwart heroes diabolical villains and damsels in distress Sometimes a thief sometimes a vigilante sometimes neither and sometimes both the mercurial Catwoman gleefully defies classification Her relentless independence across comic books television and film appearances set her apart from the rest of the superhero world When female characters were limited to little more than romantic roles Catwoman used her feminine wiles to manipulate Batman and escape justice at every turn When male villains dominated Gotham on the small screen Catwoman entered the mix and outshone them all When female led comics were few and far between Catwoman headlined her own series for over 20 years True to her nature Catwoman stole the show everywhere she appeared regardless of the medium But her unique path had its downsides as well Her existence on the periphery of the superhero world made her expendable and she was prone to lengthy absences Her villainous origins also made her susceptible to sexualized and

degrading depictions from her primarily male creators in ways that most conventional heroines didn't face Exploring the many incarnations of this cultural icon offers a new perspective on the superhero genre and showcases the fierce resiliency that has made Catwoman a fan favorite for decades
