Darkening Of The Light Witnessing The End Of An Era:

For Love of the Real Llewellyn Vaughan-Lee, 2015-11-01 Llewellyn Vaughan Lee's explanation in *For Love of the Real* of how to turn away from self-centeredness in the face of reality will appeal to readers who seek to lead a meaningful life. H H DALAI LAMA At the root of every mystical calling is the search for what is Real. *For Love of the Real* follows this call detailing the inner journey to Absolute Truth. Readers are guided through traditional experiences of the path: emptiness and the void, oneness and communion with nature, for example. Particular direction is given for how contemporary seekers can and must engage with challenges unique to our times such as extreme materialism and ecological devastation. *For Love of the Real* responds to the vital need for humanity to remember its own divine nature and restore mystical truth as the foundation of our inner and outer lives. Based upon forty years of following the mystical path, Llewellyn Vaughan Lee grounds this work in his own inner experiences and spiritual scripture. This is an intense evocation of the contribution that spiritual awareness can make: a clear and compelling call for humanity to return to the Real. A penetrating heartfelt look into Absolute Reality. LAMA PALDEN Buddhist teacher and founder of Sukhasiddhi Foundation. Just what we need within the context of our ordinary lives in this modern day and age. ARI GOLDFIELD Buddhist teacher, author, and psychotherapist. Its message speaks to people from many different traditions and backgrounds who aspire to lead lives of greater meaning, fulfillment, and depth. The emphasis on such topics as emptiness and manifestation, the inseparability of relative and ultimate reality, our utter interconnectedness, and the transformative power of love, and his call to service, echo teachings dear to my own tradition of vajrayana Buddhism. Like Llewellyn, I believe that a shift of consciousness is possible and in fact essential if we are to regain what we have lost and heal our connection with the sacred, with mother earth, and with our fellow beings. Richard Rohr, Shephali Patel, Lyla June Johnston, 2016-09-01 The Zen Master Thich Nhat Hanh was asked what we need to do to save our world. What we most need to do, he replied, is to hear within us the sound of the earth crying. Our present ecological crisis is the greatest man-made disaster this planet has ever faced: its accelerating climate change, species depletion, pollution, and acidification of the oceans. A central but rarely addressed aspect of this crisis is our forgetfulness of the sacred nature of creation and how this affects our relationship to the environment. There is a pressing need to articulate a spiritual response to this ecological crisis. This is vital and necessary if we are to help bring the world as a living whole back into balance. The first edition of this book, published in 2013, fostered the emergence of the Spiritual Ecology Movement, which recognizes the need for a spiritual response to our present ecological crisis. It drew an overwhelmingly positive response from readers many

Llewellyn Vaughan-Lee, 2019-04-01 Including the Earth in Our Prayers tells a story of love and prayer how spiritual practice is not just for ourselves our own journey but for life itself It steps back to reclaim the wisdom of our ancestors including the Original Instructions of Indigenous peoples instructions that describe how we need to get along with all of creation and relates these teachings to the need of our present time With our ecosystem in crisis and our culture increasingly divisive it suggests ways in which the energy and transformative potential of our spiritual nature can be applied to these critical issues and reconnects us with a spiritual understanding of the living Earth The simple premise of this book is that there is a vital need to shift our collective culture from a story of separation and exploitation into a new story of living oneness and that spiritual practice and the love and light it generates have an essential part to play in this shift Including the Earth in Our Prayers is a revised and updated edition of Awakening the World A Global Dimension to Spiritual Practice which was originally published in 2006 The call of the soul in our time is to become loving partners with our world in manifesting the potentials of blessing and wholeness innately within us and within the Earth In this wonderful book Llewellyn eloquently shows us that we each have within us the power to answer this call and embody this partnership In a time when we are beset with fear and divisiveness he offers a vision of wholeness and healing hope and empowerment It is definitely a book whose time has come David Spangler author of Journey into Fire Llewellyn Vaughan Lee is a rare mystic who honors the eternal truths of the wisdom traditions while recognizing the ever evolving ways that these truths must be accessed and lived this book opens our eyes and hearts to the true potential of spiritual practice to go beyond self transformation to play a vital role in the well being and awakening of the Earth as a whole He suggests that ours is a time when new pathways are being revealed that use spiritual practice as a way of nourishing the whole of life pointing the way to a form of spiritual service that belongs to the future David T Nicol author of Subtle Activism The Inner Dimension of Social and Planetary Transformation this luminous book shows us the way to navigate these tumultuous times with a clear mind a hopeful heart and a renewed relationship with holy awe In Including the Earth in Our Prayers Vaughan Lee one of the great wisdom teachers of our age invites us to participate in nothing less than the radical rebirth of all that is Mirabai Starr author of God of Love and Wild Mercy The Earth is luminous From being a dark and degraded thing the earth is in reality an angelic being Our relationship with the Earth not one of domination but one grounded in harmony adoration and contemplation is a powerful indicative of our relationship with the Divine with the feminine and ultimately with the entire realm of the Spirit Llewellyn Vaughan Lee opens up this connection in a lucid and luminous way Highly recommended for devotees of spiritual pursuit and ecological sustainability Omid Safi author of Radical Love Teachings from the Islamic Mystical Tradition Professor Duke University Leader Illuminated Tours As we enter the Anthropocene era when no part of the world remains untouched by the human imprint the need for action is urgent Any talk now of contemplation or spirituality might appear to be self centered and much of what passes for spirituality has fallen into this quagmire But as Llewellyn Vaughan Lee shows us Real spiritual practice is

never for ourself alone but always for the whole always for the sake of the Beloved Drawing on the deep tradition of Sufi wisdom Including the Earth in our Prayers is a call to place the wellbeing of the Earth at the center of our spiritual practice With lucidity grace and wisdom Vaughan Lee has given us a cleverly disguised resistance manual for our time Fred Bahnson author Soil Sacrament A Spiritual Memoir of Food and Faith and director of the Food Health and Ecological Well Being Program at Wake Forest University School of Divinity
