movements offering valuable insights into the challenges faced by marginalized communities and the importance of taking The Antipodean Laboratory Anna Johnston, 2023-10-05 Johnston shows how colonial knowledge from Australia action influenced global thinking about religion science and society Using a rich variety of sources including botanical illustrations Victorian literature and convict memoirs this multi disciplinary study charts how new ways of identifying ideas were forged and circulated between colonies Rereading Jack London Leonard Cassuto, Jeanne Campbell Reesman, 1996 Jack London has long been recognized as one of the most colorful figures in American literature He is America's most widely translated author into more than eighty languages and although his works have been neglected until recently by academic critics in the United States he is finally winning recognition as a major figure in American literary history. The breadth and depth of new critical study of London s work in recent decades attest to his newfound respectability London criticism has moved beyond a traditional concerns of realism and naturalism as well as beyond the timeworn biographical focus to engage such theoretical approaches as race gender class post structuralism and new historicism. The range and intellectual energy of the essays collected here give the reader a new sense of London's richness and variety especially his treatment of diverse cultures Having in the past focused more on London's personal world we are now afforded an opportunity to look more closely at his art and the numerous worlds it uncovers Edward Irving Reconsidered David Malcolm Bennett, 2014-11-04 Samuel Taylor Coleridge called Edward Irving a minister of Christ after the order of Paul Edward Irving was a great preacher probably the best in Georgian Britain He was also a profound theologian and a caring pastor Yet it is a strange fact of history that this Paul like minister of Christ was eventually removed from the church he had made famous unfairly expelled from his denomination for heresy and at the end of his brief life was demoted in the sect that emerged from his ministry Towards the end of Irving's life charismatic gifts emerged in his church amidst great controversy. He had already developed a theological rationale for such gifting and his extensive teaching on spiritual gifts is still widely consulted today Edward Irving was and is a controversial figure It is time that his life ministry and teaching were reconsidered Who was Edward Irving How did he live What made him outstanding What made him so controversial What is his legacy These are the questions answered in Edward Irving Reconsidered It is a compelling story as sad as it is powerful Youth of Darkest England Troy Boone, 2005-08-29 This book examines the representation of English working class children the youthful inhabitants of the poor urban neighborhoods that a number of writers dubbed darkest England in Victorian and Edwardian imperialist literature In particular Boone focuses on how the writings for and about youth undertook an ideological project to enlist working class children into the British imperial enterprise demonstrating convincingly that the British working class youth resisted a nationalist identification process that tended to eradicate or obfuscate class differences Guide to Reprints .2008

Salvation Army doing the same kind of work and indulging in the same vagaries These were imitations of the antics of the cruder forms of Methodism Even the all night meetings of the Whitechapel Salvationists ten years ago were faint copies of earlier Methodist gatherings especially of those in Cornwall which were described by the Rev Richard Polwhele At St Agnes said this writer the Society stays up the whole night when girls of twelve and fourteen years of age ran about the streets calling out that they are possessed At Probus the preacher at a late hour of the night after all but the higher classes left the room would order the candles to be put out and the saints fall down and kneel on their naked knees when he would go round and thrust his hand under every knee to feel if it were bare The Salvationists never went so far as this Freaks of such description are left in this age to the followers of King Solomon in the Brighton Glory Hole But a friend of ours who visited an all night Salvation meeting at Whitechapel in 1882 told us that the light was very dim the voices were low cheeks came perilously close in prayer and at one moment the proceedings threatened to develope into a thoroughgoing love feast About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www forgottenbooks com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works New Makers of Modern Culture: A-K Justin Wintle, 2007 New Makers of Modern Culture will be widely acquired by both higher education and public libraries Bibliographies are attached to entries and there is thorough cross referencing **English Spirituality** Gordon Mursell, 2001-01-01 This wide ranging historical survey provides an indispensable resource for those interested in exploring teaching or studying English spirituality In two stand alone volumes it traces the history from Roman times until the year 2000 The main Christian traditions and a vast range of writers and spiritual themes from Anglo Saxon poems to late modern feminist spirituality are included These volumes present the astonishing richness and variety of responses made by English Christians to the call of the divine during the past two Gods of the City Robert A. Orsi,1999-07-22 Fascinating insights into modern urban religious practice thousand vears make Orsi s collection a must read Publishers Weekly The essays provide insight into the cultural creativity reinterpretation of worship and religious ingenuity of city people over the last 50 years Library Journal At last a major dissection of the great mystery in modern Americanlife how religion and spirituality prospered amidst industrialization urbanization and rampant technological change after 1880 Jon Butler Yale University Urban religion strikes many as an oxymoron How can religion thrive in the alienated secular fast paced and materialistic world of the modern Western city The authors in this collection believe that cities not only can provide the settings for religious expression but also are material to the experiences which give rise to those religious expressions In this book they explore the distinctly urban forms of religious experience and
