**The Sage in Relation** Andrew Montanaro,2025-04-21 The Jewish sage Ben Sira links the partnership of the sage with personified Wisdom to his overall teaching on marriage and family This study provides a detailed analysis of this connection first by describing the overlapping characteristics of fathers in families and sages among their students as seen through an examination of Ben Sira s use of metaphorical family language whereby the sage takes the role of father in the pedagogical setting This study then describes the spousal relationship between the sage and personified Wisdom particularly as it appears alongside the marital instructions in Sir 23 16 26 18 This study further considers Ben Sira s privileged social position to influence the religious conviction of next generation Judaism and to strengthen Jewish youth against rising Hellenistic pressures that may tempt them away from Torah adherence Ben Sira s solution then is found in his proposed vision of families modeled after his pedagogical setting Finally Ben Sira s teaching is compared to other Second Temple texts showing the importance of his context for his conception of family and the needs of his time Thus this study shows the relevance of Ben Sira s teaching for families as well as his distinctiveness among other Jewish texts *Between Wisdom and Torah* Jiseong James Kwon,Seth Bledsoe,2023-05-08 Previous scholars have largely approached Wisdom and Torah in the Second Temple Period through a type of reception history whereby the two concepts have been understood as signifiers of independent earlier biblical streams of tradition that later came together in the Hellenistic and Roman eras largely under the process of a so called torahization of wisdom Recent studies critiquing the nature of wisdom and wisdom literature as operative categories for understanding scribal cultures in early Judaism as well as newer approaches to conceptualizing Torah and authorizing compositional practices related to the Pentateuchal texts however have challenged the foundations on which the previous models of Wisdom and Torah rested This volume therefore brings together several essays that aim to reexamine and rethink the ways we can describe the developments of texts categorized as Wisdom that proliferated during the Second Temple Period and whose contents point to an engagement with a Torah discourse By asking anew the question of whether Wisdom was transformed by into Torah during this period this volume offers reformulations on the discursive space between Wisdom and Torah through analyzing new identifications confluences and transformations

**Crainte de Dieu, Sagesse et Loi** Katharina Lentz,2020-12-28 Peu d tudes sp cifiques ont t consacr es Ben Sira 10 19 11 6 Lentz examine le texte en h breu grec syriaque et latin en essayant d identifier les diff rences majeures entre ces versions et leurs orientations fondamentales respectives Dans cette p ricipe elle r v le trois th mes importants la crainte de Dieu la sagesse et la loi En prenant comme point de d part le th me de la crainte de Dieu dans le Deut ronome les Psaumes et les Proverbes Job et Qoheleth en plus de Ben Sira Lentz examine la relation de ce th me avec la sagesse et la loi La relation

troite entre la crainte de Dieu la sagesse et la loi devrait inciter les spécialistes se demander si celles-ci ne représentent pas trois aspects de la même réalité Few specific studies have been devoted to Ben Sira 10 19 11 6 Lentz examines the text in Hebrew Greek Syriac and Latin trying to identify the major differences between these versions and their respective fundamental orientations In this pericope she reveals three important themes the fear of God wisdom and the law Taking as a point of departure the theme of the fear of God in Deuteronomy Psalms and Proverbs Job and Qoheleth in addition to Ben Sira Lentz examines the relationship of this theme with wisdom and the law The close relationship between the fear of God wisdom and the law should lead scholars to ask if these do not represent three aspects of the same reality **Wisdom for Life** Nuria Calduch-Benages, 2014-04-01 Professor Maurice Gilbert SJ is widely acknowledged as one of the leading authorities on biblical wisdom literature in particular the Book of Ben Sira and the Wisdom of Solomon on which he has produced many publications This Festschrift the third one in his honor brings together twenty four essays written by both established scholars who are friends and colleagues of Professor Gilbert and younger members of the field who wrote their doctoral dissertation under his guidance at the Pontifical Biblical Institute in Rome There he was rector 1978 1984 and full professor until his retirement 1975 2011 The volume is divided into six main sections focusing respectively on Proverbs Job Qoheleth Sirach Wisdom of Solomon and Psalms Some essays display rigorous attention to textual and linguistic issues whereas others deal with more theological questions fear before God joy in Qoheleth arguments for justice in Wisdom of Solomon or focus on the comparison between two books for instance Qoheleth and Sirach Sirach and Genesis Sirach and Tobit **The Metaphorical Use of Language in Deuterocanonical and Cognate Literature** Markus Witte, Sven Behnke, 2014-12-17 Metaphors are a vital linguistic component of religious speech and serve as a cultural indicator of how groups understand themselves and the world The essays compiled in this volume analyze the use function and structure of metaphors in Jewish writings from the Hellenistic Roman period including the works of Philo and the texts of Qumran as well as in apocryphal early Christian texts and inscriptions *Decisive Meals* Nathan MacDonald, Kathy Ehrensperger, Luzia Sutter Rehmann, 2012-03-29 An examination of power dynamics in the context of community meals with specific reference to the formation of identity in the early Christ Movement **Notions of Time in Deuterocanonical and Cognate Literature** Stefan Beyerle, Matthew Goff, 2021-12-20 A comprehensive investigation of notions of time in deuterocanonical and cognate literature from the ancient Jewish up to the early Christian eras requires further scholarship The aim of this collection of articles is to contribute to a better understanding of time in deuterocanonical literature and pseudepigrapha especially in Second Temple Judaism and to provide criteria for concepts of time in wisdom literature apocalypticism Jewish and early Christian historiography and in Rabbinic religiosity Essays in this volume representing the proceedings of a conference of the International Society for the Study of Deuterocanonical and Cognate Literature in July 2019 at Greifswald discuss concepts and terminologies of time stemming from novellas like the book of Tobit from exhortations for the wise like Ben Sira from an

apocalyptic time table in 4 Ezra the book of Giants or Daniel and early Christian and Rabbinic compositions The volume consists of four chapters that represent different approaches or hermeneutics of time I Axial Ages The Construction of Time as History II The Construction of Time Particular Reifications III Terms of Time and Space IV The Construction of Apocalyptic Time Scholars and students of ancient Jewish and Christian religious history will find in this volume orientation with regard to an important but multifaceted and sometimes disparate topic      *Studies in the Book of Ben Sira* Géza Xeravits,József Zsengellér,2008-06-25 The volume publishes the papers read at an international conference on the Book of Ben Sira held at the Shime on Centre P pa Hungary Renowned specialists of the field treat among others various questions of early Jewish wisdom thought the interpretation of history and canon forming      *Ancient Jewish Prayers and Emotions* Stefan C. Reif,Renate Egger-Wenzel,2015-11-13 Given the recent interest in the emotions presupposed in early religious literature it has been thought useful to examine in this volume how the Jews and early Christians expressed their feelings within the prayers recorded in some of their literature Specialists in their fields from academic institutions around the world have analysed important texts relating to this overall theme and to what is revealed with regard to such diverse topics as relations with God exegesis education prophecy linguistic expression feminism happiness grief cult suicide non Jews Hellenism Qumran and Jerusalem The texts discussed are in Greek Hebrew and Aramaic and are important for a scientific understanding of how Rabbinic Judaism and Early Christianity developed their approaches to worship to the construction of their theology and to the feelings that lay behind their religious ideas and practices The articles contribute significantly to an historical understanding of how Jews maintained their earlier traditions but also came to terms with the ideology of the dominant Hellenistic culture that surrounded them      **Discovering, Deciphering and Dissenting** James K. Aitken,Renate Egger-Wenzel,Stefan C. Reif,2019-01-29 The discovery of Hebrew manuscripts of Ben Sira in the Cairo Genizah has shaped and transformed the interpretation of the book It is argued here that a proper appreciation of the manuscripts themselves is also essential for understanding this ancient work Since their discovery 120 years ago and subsequent identification of leaves attention has been directed to the interpretation of the ancient book the Wisdom of Ben Sira Serious consideration should also be given to the Hebrew manuscripts themselves and their particular contributions to understanding the language and transmission of the book The surprising appearance of a work that was preserved by Christians and denounced by some Rabbis raises questions over the preservation of the book At the same time diversity among the manuscripts means that exegesis has to be built on an appreciation of the individual manuscripts The contributors examine the manuscripts in this light examining their discovery the codicology and reception of the manuscripts within rabbinic and medieval Judaism and the light they throw on the Hebrew language and poetic techniques The book is essential reading for those working on Ben Sira the reception of the deuterocanon and Medieval Hebrew manuscripts      **The Texts and Versions of the Book of Ben Sira** Jean-Sébastien Rey,Jan Joosten,2011-06-09 The Book of Ben Sira comes to us in a bewildering variety of ancient textual

forms Each version shows how the book was received and interpreted in a new situation and by another community of readers The present volume contains studies by some of the best specialists in this field of research Each of the ancient text forms of Ben Sira Hebrew Greek Syriac and Latin is studied in its proper context and analysed in regard to what explains the typical changes it contains **A History of the Jewish People in the Time of Jesus Christ** Emil Schürer, 1896
