Gazette, Commercial Times, Railway Monitor and Insurance Journal ,1883 *The Correspondence of Charles Darwin: Volume 23, 1875* Charles Darwin,2015-12-03 This volume is part of the definitive edition of letters written by and to Charles Darwin the most celebrated naturalist of the nineteenth century Notes and appendixes put these fascinating and wide ranging letters in context making the letters accessible to both scholars and general readers Darwin depended on correspondence to collect data from all over the world and to discuss his emerging ideas with scientific colleagues many of whom he never met in person The letters are published chronologically Volume 23 includes letters from 1875 the year in which Darwin wrote and published *Insectivorous plants* a botanical work that was a great success with the reading public and started writing *Cross and self fertilisation in the vegetable kingdom* The volume contains an appendix on the 1875 anti vivisection debates with which Darwin was closely involved giving evidence before a Royal Commission on the subject

Ridiculous Critics Philip Smallwood,Min Wild,2014-09-16 *Ridiculous Critics* is an anthology of eighteenth century writings on the figure of the literary critic and on the critic s mixed and complex role The collection assembles critical texts and satirical images chronologically to suggest a vision of the history of eighteenth century literary criticism Including comic vicious heartfelt and absurd passages from critics poets novelists and literary commentators celebrated and obscure the writings range through poetry fiction drama and periodical writing The anthology also includes two original essays discussing and illustrating the irrepressible spirit of critical ridicule in the period and commending its value and effect The first offers an evaluation of the merciless and sometimes shockingly venomous satirical attacks on critical habits and personalities of the eighteenth century The editors argue that such attacks are reflexive in the sense that criticism becomes increasingly supple and able to observe and examine its own irresponsible ingenuities from within The volume s concluding essay supplies an analysis of modern modes of criticism and critical history and suggests applications across time We propose that humor s vital force was once an important part of living criticism The eighteenth century mockery of critics casts light on a neglected common thread in the history of criticism and its recent manifestations it prompts questions about the relative absence of comedy from the stories we presently tell about critics dead or alive The passages invite laughter both with the critics and at their expense and suggest the place that ridicule might have had since the eighteenth century in the making of judgments and in the pricking of critical pretension For this reason they indicate the role that laughter may still have in criticism today and provide an encouraging precedent for its future *The Sale Catalogues of British Government Publications, 1836-1921: 1836-1889* Great Britain.
