The English Rising of 1381 R. H. Hilton, T. H. Aston, 1987-08-28 This volume eschews general narrative history and consists of articles most of which were presented to a conference organized in 1981 by the Past and Present Society

Fictions of Advice Judith Ferster, 2016-11-11 Fictions of Advice historicizes the late medieval mirrors or handbooks for princes to reveal how the ambiguities and contradictions characteristic of the genre are responses to as well as attempts to manage the risks implicit in advising a king Often thought of as moralizing advice unable to engage political conflicts the mirrors for princes have been taken for dull and conventionalized testimonies to the medieval taste for platitude Judith Ferster maintains that advice was at the center of one of the important political debates in the late Middle Ages how to constrain the king and allow for his subjects participation Fictions of Advice rereads the English mirrors for princes to show how their moralizing was often highly topical and even subversive Although overtly deferential to the rulers they address the mirrors authors were surprisingly capable of criticism and opposition In putting the texts back into their historical contexts Ferster reveals the vital cultural and political function they fulfilled in their societies
