signpost moments as the Arab Spring the official withdrawal of coalition forces the rise of the Islamic State and the return of US forces By investigating the day to day reality of reconstructing a police force during active hostilities Wozniak demonstrates how police are integral to the modern state s ability to effectively rule and how the failure to recognize this directly contributed to the destabilization of Iraq and the rise of the Islamic State The reconstruction process ignored established practices and scientific knowledge instead opting to create a facade of legitimacy masking a police force characterized by low pay poor recruits and a training regimen wholly unsuited to a constitutional democracy Ultimately Wozniak argues the United States never intended to build a democratic state but rather to develop a dependent client to serve its neoimperial interests [Federal Register](#) ,2004-05-13 **Los Angeles Magazine** ,2003-11 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian **Countering New(est) Terrorism** Bruce Oliver Newsome,James W.
