Leading America Sean Spicer, 2020-10-13 The former White House Press Secretary and Communications Director analyzes our current political moment through the lens of politics and culture and argues that President Trump has put the country back on the right track and needs to be reelected in 2020 When it was announced that Sean Spicer would be the newest guest on ABC's Dancing with the Stars he was promptly attacked by countless liberal media institutions Apparently they'd rather see him crawl under a rock forever than have a little fun on television while raising money for charity And that was only a small example All over the country liberals are attacking conservatives with the kind of fervor once reserved for hardened criminals It's a zero sum game either you're with them one hundred percent or you're the enemy Whether you're in politics media academia or entertainment it's the same story As one of the few people who's played a small part in all of those worlds Sean Spicer has a unique perspective on the methods used by the left to shut down conservative voices He's been parodied on SNL ripped apart on the nightly news and protested on college campuses all for doing his job Outside of the left's bubble however he's been able to transition from politics to entertainment very well and he's got huge numbers of supporters In *Leading America* he writes about all the ways President Trump has fought back against the Left and examines all the ways conservatives can take a stand to uphold their rights and values
