Dans Van De Luipaard

Jacqueline Bel, Thomas Vaessens

Dans Van De Luipaard:

Women's Writing from the Low Countries 1880-2010 Jacqueline Bel, Thomas Vaessens, 2010 This first of its kind anthology offers the English speaking readers a unique chance to become acquainted with the leading Dutch and Flemish women writers since the 1880s Covering a representative range of public and private genres from poetry criticalessays travel literature and political commentary to diaries and journals the fifty six texts are arranged chronologically and are accompagnied by brief introductions chronologies and brief guides to the authors and works An important contribution to our understanding of modern European literary canon and the long march of feminist history and literature Dutch ed Schrijvende vrouwen 978 90 8964 216 5

The Congo in Flemish Literature Luc Renders, Jeroen Dewulf, 2020-06-15 This book presents the first anthology of Flemish prose on the Congo the former colony of Belgium in English translation Because of the Dutch language barrier Flemish literature on the Congo has traditionally remained inaccessible to and thus neglected by international scholarship as opposed to French or English prose on this part of the African continent That this particular perspective has thus far remained underexposed or even disregarded is all the more regrettable in light of the fact that the vast majority of Belgians who went to work in the African colony came from Flanders The Congo in Flemish Literature now represents a key step towards filling this lacuna by providing an overview of the different societal attitudes towards the colonial undertaking prevailing in Belgium during and after the colonial era the way the relationship between Belgium and the Congo changed over time subject to the zeitgeist and sociopolitical and economic developments and the individual authors varying points of view with regard to the colonisation Flemish Congo prose offers a fascinating glimpse into Belgium s colonial past and legacy primarily during the colonial era but also at the time of its violent aftermath following Congolese independence on 30 June 1960 and well into the following decades

Ethnic Conflict and Terrorism Joseph L. Soeters, 2005-11-16 In the early 1990s a number of violent civil wars and large scale ethnic crises shocked the world In Rwanda Bosnia Chechnya and elsewhere atrocities were committed that led to hundreds of thousands of dead and displaced people Explaining the origins and dynamics of such inhuman actions and events this new sensitive and detailed analysis includes full analysis of the origins of civil wars terrorism and ethnic strife insights drawn from across the social sciences practical and topical illustrations of the information provided fully updated assessments with details of key contemporary events Although the number of these conflicts has diminished over the years the phenomenon has not disappeared in the Sudan the Congo Sierra Leone Liberia Nigeria Afghanistan and Iraq people are still being killed in large numbers without authorities being able to avert or end the hostilities On nine eleven large scale terrorist attacks in Washington and New York shocked the world again and since then other violent events took place in Bali Casablanca Riyadh Moscow Istanbul and Madrid This book of concern to all people because recent history has shown us that such violence can strike everywhere and at any time The final chapter delivers a number of constructive considerations aiming at the development of policies to

prevent and stop such conflicts This is an important new contribution to tackling the complex challenges of the twenty first century This book will be of great interest to all students and scholars of contemporary history development studies political and social sciences and International Relations The War That Doesn't Say Its Name Jason K. Stearns, 2023-08-15 Why violence in the Congo has continued despite decades of international intervention Well into its third decade the military conflict in the Democratic Republic of the Congo has been dubbed a forever war a perpetual cycle of war civil unrest and local feuds over power and identity Millions have died in one of the worst humanitarian calamities of our time The War That Doesn't Say Its Name investigates the most recent phase of this conflict asking why the peace deal of 2003 accompanied by the largest United Nations peacekeeping mission in the world and tens of billions in international aid has failed to stop the violence Jason Stearns argues that the fighting has become an end in itself carried forward in substantial part through the apathy and complicity of local and international actors Stearns shows that regardless of the suffering there has emerged a narrow military bourgeoisie of commanders and politicians for whom the conflict is a source of survival dignity and profit Foreign donors provide food and urgent health care for millions preventing the Congolese state from collapsing but this involvement has not yielded transformational change Stearns gives a detailed historical account of this period focusing on the main players Congolese and Rwandan states and the main armed groups He extrapolates from these dynamics to other conflicts across Africa and presents a theory of conflict that highlights the interests of the belligerents and the social structures from which they arise Exploring how violence in the Congo has become preoccupied with its own reproduction The War That Doesn't Say Its Name sheds light on why certain military feuds persist without resolution **Speech**
