Dare To Wonder The Creation Of God:

Dare to Wonder! Randall P. Muelot, 2013-11-04 The Creation of God An inspirational look at fortifying our belief in God Dare is a practical approach to God that avoids the confusion that can be created by traditional teachings biblical miracles and thousand year medieval beliefs Through this inspiring look Dare explains God why there is suffering what Heaven is what you can expect in your Hereafter and the true coming of God Dare gives answers that verifies the presence of our God and why we exist Dare uses a step by step approach in working with the reader to develop a reasonable and believable answer to the creation of God and your role in an after life Dare is not a sermon but does build a clear modest belief a realistic belief a different belief These are answers that do not require ancient scriptures but do provide reasoning and common sense solutions As we go through each chapter you will become aware of a new aspect of God that is credible and shows you an emotional and worthwhile future with God for possibly millions of years Logic and facts are the basis of this book and in many ways Dare struggles with the Bible and traditional religious teachings Should we accept the unverifiable and prehistoric writings that transpired over a thousand years ago Shouldn't we be using modern facts and common sense that reflect today's educated society As our worldly knowledge increases and if religion continues to disregard obvious evidence relics and time worn proof of man kind's millions of years of existence religious credibility will diminish Eventually religion will become a smaller and smaller part of our lives and that is truly the sin We must have belief in God Take the dare read this book

The Wonder of the Cross Richard A. Shenk,2013-05-08 When considering and confronting the problem of evil we may be asking the wrong question Why is there evil in the world if God is good and powerful It may be wrong because it smuggles in an unbiblical premise God can and should use his coercive power to relieve suffering since he is both good and able But what if coercive power does not work to accomplish God s goals This book is an investigation into the possibility that the noncoercive power of the Cross must be at the center of this issue and that the Cross could reform this question We could ask instead How is God destroying evil and suffering and why is he taking so long The answer to this reframed question might be He is using evil and suffering to destroy evil and suffering for His People this is how long it takes While not a solution to the problem of evil could this help us learn to delight in God in a world in which evil and suffering seem at times so relentless
