Dark Tunnel White Light My Journey To Death And Beyond:

Dark Tunnel, White Light Philippe Labro, 1997 Philippe Labro a successful middle aged novelist lies in a small Parisian hospital suffering from an unknown ailment that is slowly strangling him Ghostly visitors arrive their faces friendly with open smiles His aged father his first lover a close friend are among them all those he has loved and lost He is overcome with longing A voice out of nowhere invites him to enter the long dark tunnel now before him But scenes from his life distract him a young man in the Colorado desert playing chicken a bored journalist in a car chase during the Algerian war all moments when he had courted death with little to lose Now however his beautiful wife and two young children wait uncertainly in the corridor In clear unflinching prose Labro relates the contest that ensues one waged deep in his psyche and in the very matter of his body Labro's struggle to hear the voices calling him yet resist the lure of death is not merely the exertion of will against an implacable foe It is an effort to resist Death's insidious seductive hold on his imagination An unforgettable story of a man who discovered the meaning of life on the very precipice of losing it

Consciousness Beyond Life Pim van Lommel, 2010-05-21 As one of the foremost experts in the field his work moves us closer to rational comprehension of human kind's deepest mystery life after death Raymond A Moody MD PhD author of *Life After Life* In *Consciousness Beyond Life* the internationally renowned cardiologist Dr Pim van Lommel offers ground breaking research into whether or not our consciousness survives the death of our body If you enjoy books about near death experiences such as those by Raymond Moody Jeffrey Long and James Van Praagh watch television shows like *Ghosthunters* *Touched by an Angel* and *Ghost Whisperer* or are interested in works that explore the intersection of faith and science such as *Spiritual Brain* *Signature in the Cell* and *When Science Meets Religion* you'll find much to ponder in *Consciousness Beyond Life* The evidence supports the validity of near death experiences and suggests that scientists should rethink theories on one of the ultimate medical mysteries the nature of human consciousness The Washington Post This research will be seized on by academics who believe that the mind can continue to work after the brain has stopped Church leaders will cite it as evidence for the existence of a soul The Sunday Telegraph London Pim van Lommel shows that the symphony of human consciousness does continue even at the portals of death His evidence is robust

The Intimacy of Consciousness Exploration and Transpersonal Psychotherapy Regina U. Hess,Ingo B. Jahrsetz,Judith Miller,2018-04-18 This volume brings together a group of transpersonal psychotherapists and spiritual teachers to tell of their own very personal and intimate explorations of consciousness What has the experience of coming home meant to them Has it meant connecting with God the Divine Feminine the Cosmos the Sacred Has it meant arriving at home in themselves in their very center in their essence Where is home Is it inside is it outside or is it both All world cultures have stories about this particular place In addition to describing their own unique quests the contributors also share how radically such a journey challenged them to face their own vulnerabilities and shadow parts Various very different and often startling personal stories are told Through reading of the very human trials and psycho spiritual challenges that these nine international teachers have endured on their journeys home readers will gain insights and greater understanding regarding their own explorations of consciousness They will realize that the spiritual journey can have many faces and take many paths The one thing however that all authors have in common is the longing to be fully and wholly oneself The Terminals: Spark Michael F. Stewart,2014-04-14 Sometimes the dead don t want to talk You need Terminals to make them Terminals solve crimes in this realm by investigating them in the next There is an afterlife Christian Hell Buddhist Naraka Greek Tartarus Mayan Xibalba Haida Hetgwauge Muslim Jahannam All religions are right And should the US government need information from one of their dead the Terminals can send believers in to get it When the case file arrives from the Oval Office the handler Christine Kurzow convinces someone of the appropriate beliefs to die early surprisingly even the terminally ill are reluctant to let go Go figure If there isn t a military veteran in the database Christine must find a civilian replacement Next Attila Liltay does his magic and creates a bond with the agent that will allow the dour psychic to talk to him while he s dead
