Dark Alliance Gary Webb, 2014 Major Motion Picture based on Dark Alliance and starring Jeremy Renner Kill the Messenger to be released in Fall 2014 Dark Alliance is a book that should be fiction whose characters seem to come straight out of central casting the international drug lord Norwin Meneses the Contra cocaine broker with an MBA in marketing Danilo Blandon and the illiterate teenager from the inner city who rises to become the king of crack Freeway Ricky Ross But unfortunately these characters are real and their stories are true In August 1996 Pulitzer Prize winning journalist Gary Webb stunned the world with a series of articles in the San Jose Mercury News reporting the results of his year long investigation into the roots of the crack cocaine epidemic in America specifically in Los Angeles The series titled Dark Alliance revealed that for the better part of a decade a Bay Area drug ring sold tons of cocaine to Los Angeles street gangs and funneled millions in drug profits to the CIA backed Nicaraguan Contras Gary Webb pushed his investigation even further in his book Dark Alliance The CIA The Contras and the Crack Cocaine Explosion Drawing from then newly declassified documents undercover DEA audio and videotapes that had never been publicly released federal court testimony and interviews Webb demonstrates how our government knowingly allowed massive amounts of drugs and money to change hands at the expense of our communities Webb's original article spurred an immediate outcry Within days of publication both of California's senators made formal requests for investigations of the U S government's relationship with the cocaine ring As

a result public demonstrations erupted in L A Washington D C and New York Then chief of the CIA John Deutch made an unprecedented attempt at crisis control by going to South Central L A to hold a public forum Representative Maxine Waters later said in George magazine I was shocked by the level of corruption and deceit and the way the intelligence agencies have knowledge of big time drug dealing The allegations in Webb s story blazed over the Internet and the Mercury News website on the series was deluged with hits over a million in one day A Columbia Journalism Review cover story called it the most talked about piece of journalism in 1996 and arguably the most famous some would say infamous set of articles of the decade Webb s own stranger than fiction experience is also woven into the book His excoriation by the media not because of any wrongdoing on his part but by an insidious process of innuendo and suggestion that in effect blamed Webb for the implications of the story had been all but predicted Webb was warned off doing a CIA expose by a former Associated Press journalist who lost his job when years before he had stumbled onto the germ of the Dark Alliance story And though Internal investigations by both the CIA and the Justice Department eventually vindicated Webb he had by then been pushed out of the Mercury News and gone to work for the California State Legislature Task Force on Government Oversight He died in 2004 The updated edition of Dark Alliance features revelations in reports from the Department of Justice internal CIA investigations and a cache of declassified secret FBI DEA and INS files much of which was not known to Webb when first writing the book After years of career damning allegations leveled at Webb joined by glowing reviews of the hardcover edition of Dark Alliance from shore to shore the core findings of this courageous investigative reporter s work once fiercely denied are now a matter of public record The updated edition of Dark Alliance adds yet another layer of evidence exposing the illegality of a major CIA covert operation

Bratich,2008-02-07 While most other works focus on conspiracy theories this book examines conspiracy panics or the anxiety over the phenomenon of conspiracy theories Jack Z Bratich argues that conspiracy theories are portals into the major social issues defining U S and global political culture These issues include the rise of new technologies the social function of journalism U S race relations citizenship and dissent globalization biowarfare and biomedicine and the shifting positions within the Left Using a Foucauldian governmentality analysis Bratich maintains that conspiracy panics contribute to a broader political rationality a neo liberal strategy of governing at a distance through the use of reason He also explores the growing popularity of 9 11 conspiracy research in terms of what he calls the sphere of legitimate dissensus Conspiracy Panics concludes that we are witnessing a new fusion of culture and rationality one that is increasingly shared across the political spectrum **The Killing Game** Gary Webb,2011-01-04 Gary Webb had an inborn journalistic tendency to track down corruption and expose it For over thirty four years he wrote stories about corruption from county state and federal levels He had an almost magnetic effect to these kinds of stories and it was almost as if the stories found him It was his gift and ultimately it was his downfall He was best known for his story Dark Alliance written for the San Jose Mercury News in 1996 In it Webb linked the CIA to the crack cocaine epidemic in Los Angeles during the Iran Contra scandal His only published book Dark Alliance is still a classic of contemporary journalism But his life consisted of much more than this one story and The Killing Game is a collection of his best investigative stories from his beginning at the Kentucky Post to his end at the Sacramento News Review It includes Webb s series at the Kentucky Post on organized crime in the coal industry at the Cleveland Plain Dealer on Ohio State s negligent medical board and on the US military s funding of first person shooter video games The Killing Game is a dedication to his life s work outside of Dark Alliance and it s an exhibition of investigative journalism in its truest form *American Conspiracies* Jesse Ventura,2015-10-06 A New York Times Best Seller New York Times bestselling author Jesse Ventura is back with more conspiracies that our government wishes you didn t know about In this explosive account of wrongful acts and ensuing cover ups Jesse Ventura offers a different side to the stories we ve all heard and read about in the history books He takes a look at the wide gap between what the government knows and what is revealed to the American people The media is complicit in these acts of deception often refusing to consider alternate possibilities and dismissing voices that diverge from public opinion He will look closely at the theories that have been presented over the years and examine the truth as well as the lies Ventura does not shy away from the tough questions As he states When I get denied something I do the opposite of getting intimidated I get angry Now with new conspiracies added including information on the CIA torture scandal and the financial meltdown of 2008 you will see how the United States government continues to abuse our civil liberties and why we need to continue to stand up for what we know is right You may
