"One of my favorite authors." —KARIN SLAUGHTER

A woman in a dark coat stands in a hallway with large, glowing columns. The scene is dimly lit, with the primary light source being the warm, golden glow from the columns. The woman is positioned in the center-left of the frame, looking slightly to her right. The overall mood is mysterious and atmospheric.

**Unheard Voices** Richard Greggory Johnson, Kevin O. Spencer, Annie Allen,2021-01-01 The lives of African American gay men have greatly gone unnoticed in the American consciousness Despite the fact that Black gay men have made great contributions to our global society For example James Baldwin served as a literature giant Bayard Rustin was one of the key organizers of the 1963 March on Washington Alphonso David is the first person of color to lead the HRC Human Rights Campaign The purpose of this book is to discuss the narratives of Black gay men There is no doubt that American history has done a nonexistent job of portraying the lives of these Black gay men Most of these lives have been relegated to the background of society This book purposes to change that narrative by having 10 to 12 gentlemen discuss their background and how it brought them to where they are in life now The goal of this book is to also discuss the victory for each of the authors Praise for Unheard Voices A Collection of Narratives by Black Gay Bisexual Men

Open and transparent discussion about the lives and important contributions of African American gay men is long overdue. Rarely are marginalized people from any walk of life afforded the well deserved positive attention from mainstream media outside of sports and pop entertainment culture. It has always been important for us to represent ourselves in this regard rather than wait for somnambulant media professionals to wake up and properly embark upon inclusionary coverage of positive images reflected by non dominant members of society.

**Unheard Voices: A Collection of Narratives by black gay and bi sexual men** is an essential literary commentary that does exactly that. I will definitely use it as an important reference in my work as an LGBTQ activist. Sheila Fay Waters Ph D Social Psychologist **Unheard Voices** establishes a distinctive position providing a testament to the lived experiences of a group that have become further marginalized and stigmatized in academia as well as in the black community. It is a piece of work that boldly and unapologetically provides a glimpse into a culture that is hidden which doesn't fit the stereotypical narrative of the black male experience in America. Those seeking to gain insight and understanding as well as direction to navigate challenges faced by black men, this is a must read. By incorporating this piece of work into both academic and social circles as added value can elevate and transcend barriers so those from such marginalized groups will have a seat at the table. This collection of stories provides wisdom and a narrative of overcoming some of the darkest obstacles faced by black men from the LGBTQIA community.

Carl Featherston MA Ed Ed S Scholarly Practitioner **Unheard Voices** is arguably one of the most open and pure writings from individuals who have navigated life as Black Gay or Bisexual men. While we have always been present, our presence hasn't always been valued. Our contributions to society are undeniable but we could only be viewed through a lens that made others comfortable. Today these exceptional men in their own voices share their stories which I hope will serve as source of enlightenment and encouragement to everyone. This is a must read regardless of your age, gender, sexual preference or race. You will indeed be better informed.

*On the Edge of Social* Joe B., 2013-01-31. This book was written to pull disarrayed individuals like ourselves back into alignment with self from a self divorced from self decimation. Depression and anxiety were our lot. We yearned to bridge the gap between ourselves and others. But what we thought was a social problem all along, we thought we needed more. We were actually a deprivation of self. In fact we needed more. Our social problems were secondary to our identity problem. If you've been searching for an answer, look no further. This is the all out assault on the infrastructure of depression from someone who has been there.
