Darkroom Lila Quintero Weaver, 2012-03 The author tells her story of being a Latina in the Jim Crow South **Graphic Memories of the Civil Rights Movement** Jorge Santos, 2019-06-25 A study of five graphic novels or memoirs that have reshaped the narrative of civil rights in America and an examination of the format's power to allow readers to participate in the memory making process **Immigrants and Comics** Nhora Lucía Serrano, 2021-03-09 Immigrants and Comics is an interdisciplinary themed anthology that focuses on how comics have played a crucial role in representing constructing and reifying the immigrant subject and the immigrant experience in popular global culture of the twentieth and twenty first centuries Nhora Lucía Serrano and a diverse group of contributors examine immigrant experience as they navigate new socio political milieus in cartoons comics and graphic novels across cultures and time periods They interrogate how immigration is portrayed in comics and how the immigrant was an indispensable and vital trope to the development of the comics medium in the twentieth century At the heart of the book's interdisciplinary nexus is a critical framework steeped in the ideas of remembrance and commemoration what Pierre Nora calls lieux de mémoire This book will be of interest to students and scholars in Visual Studies Comparative Literature English Ethnic Studies Francophone Studies American Studies Hispanic Studies art history and museum studies **Growing Up in the Gutter** Ricardo Quintana-Vallejo, 2024-05-28 Growing Up in the Gutter Diaspora Comics is the first book length exploration of contemporary graphic coming of age narratives written in the context of diasporic and immigrant communities in the United States by and for young BIPOC LGBTQ and diasporic readers The book analyzes the complex identity formation of first and subsequent generation diasporic protagonists in globalized rural and urban environments and dissects the implications that marginalized formative processes have for the genre in its graphic version **The Cambridge Companion to American Civil Rights Literature** Julie Armstrong, 2015-03-02 The Cambridge Companion to American Civil Rights Literature brings together leading scholars to examine the significant traditions genres and themes of civil rights literature While civil rights scholarship has typically focused on documentary rather than creative writing and political rather than cultural history this Companion addresses the gap and provides university students with a vast introduction to an impressive range of authors including Richard Wright Lorraine Hansberry Gwendolyn Brooks James Baldwin Amiri Baraka and Toni Morrison Accessible to undergraduates and academics alike this Companion surveys the critical landscape of a rapidly growing field and lays the foundation for future studies **Redrawing the Historical Past** Martha J. Cutter, Cathy J. Schlund-Vials, 2018 Redrawing the Historical Past examines how multiethnic graphic novels portray and revise U S history This is the first collection to focus exclusively on the interplay of history and memory in multiethnic graphic novels Such interplay enables a new understanding of the past The twelve essays explore Mat Johnson and Warren Pleece's Incognegro Gene Luen Yang's Boxers and Saints GB Tran's Vietnamera Scott McCloud's The New Adventures of Abraham Lincoln Art Spiegelman's post Maus work and G Neri and

Randy DuBurke's *Yummy The Last Days of a Southside Shorty* among many others. The collection represents an original body of criticism about recently published works that have received scant scholarly attention. The chapters confront issues of history and memory in contemporary multiethnic graphic novels employing diverse methodologies and approaches while adhering to three main guidelines. First, using a global lens, contributors reconsider the concept of history and how it is manifest in their chosen texts. Second, contributors consider the ways in which graphic novels as a distinct genre can formally renovate or intervene in notions of the historical past. Third, contributors take seriously the possibilities and limitations of these historical revisions with regard to envisioning new, different or even more positive versions of both the present and future. As a whole, the volume demonstrates that graphic novelists use the open and flexible space of the graphic narrative page in which readers can move not only forward but also backward, upward, downward, and in several other directions to present history as an open realm of struggle that is continually being revised.

Nguyen, Jeffrey Santa Ana, and Jorge Santos. **Making the Latino South** Cecilia Márquez, 2023-08-10. In the 1940s South, it seemed that non-Black Latino people were on the road to whiteness. In fact, in many places throughout the region governed by Jim Crow, they were able to attend white schools, live in white neighborhoods, and marry white southerners. However, by the early 2000s, Latino people in the South were routinely cast as illegal aliens and targeted by some of the harshest anti-immigrant legislation in the country. This book helps explain how race evolved so dramatically for this population over the course of the second half of the twentieth century. Cecilia Márquez guides readers through time and place from Washington, DC, to the deep South, tracing how non-Black Latino people moved through the region's evolving racial landscape. In considering Latino presence in the South's schools, its workplaces, its tourist destinations, and more, Márquez tells a challenging story of race making that defies easy narratives of progressive change and promises to reshape the broader American histories of Jim Crow, the civil rights movement, immigration, work, and culture. *The Life and Comics of Howard Cruse* Andrew Kunka, 2021-12-10. fatherhood in contemporary North American autobiographical comics that depict paternal conduct from the post-war period up to the present. It offers equal space to autobiographical comics penned by daughters who represent their fathers' complicated and often disappointing behavior and to works by male cartoonists who depict and usually celebrate their own experiences as fathers. This book asks questions about how the desire to forgive or be forgiven can compromise the authors' ethics or dictate style, considers the ownership of life stories whose subjects cannot or do not agree to be represented, and investigates the pervasive and complicated effects of dominant masculinities. By close reading these cartoonists' complex strategies of self-representation, this volume also places photography and archival work alongside the problematic legacy of self-deprecation carried on from underground comics and shows how the vocabulary of graphic narration can work with other media and at the intersection of various genres and modes to produce a valuable scrutiny of contemporary norms of fatherhood **Autobiographical Comics** Andrew J.
