

English II Study Guide 1st Semester

Objective 1a: *The student will analyze the relationships of pairs of words in analogical statements (e.g., synonyms and antonyms) and infer word meanings from these relationships. (DOK 2)*

- An **analogy** is a comparison between two things that are similar in some way. The analogy suggests that if they are alike in certain respects, they will probably be alike in other ways as well. Analogies are often used to explain, make something easier to understand, or emphasize a point.
- **Synonyms** – words that have similar meanings (motivate is to inspire as bliss is to delight)
- **Antonyms** – words that have opposite meanings (exciting is to dull as hero is to villain)
- A **simile** makes an indirect comparison between two different things using linking words such as: *like, as, than, resembles*, etc.
- A **metaphor** makes a comparison between two different things without using any linking words. One thing is spoken of as if it actually was something else.
- **Context** is the situation or circumstance in which something exists or an event occurs. It is the background information a reader needs to know.
- **Context Clues** are information in a passage or sentence that helps the reader to determine the meaning of unfamiliar words or phrases.

Example Question:

Read these statements.

Statement 1

The onerous summer heat made practice difficult for the football team.

Statement 2

Though hammering was onerous work, the carpenter took solace in the fact that this arduous job was almost complete.

Which analogical statement below correctly illustrates the relationship between onerous and arduous?

- A Onerous is to arduous as considerate is to pensive.
- B Onerous is to arduous as adequate is to acceptable.
- C Onerous is to arduous as eager is to disinterested.
- D Onerous is to arduous as patient is to hurried.

Objective 1b: *The student will analyze author's (or authors)' uses of figurative language (e.g., metaphor, simile, hyperbole, personification, oxymoron, idiom, etc.) in multiple texts in the creation of setting, tone, atmosphere, characterization, and mood. (DOK 3)*

- **Figurative language** is language that uses the imagination to compare one thing to something that is very different. Figurative language is not literal or factual; it is language that is representative and suggests an imaginative truth.
- An **allusion** uses a reference to a person, place, thing, or event from literature, history, religion, mythology, science, sports, or the arts to describe something. In order for an allusion to be effective, the reader must be familiar with what is being referenced.
