Sociology David M. Newman, 2022-10-14 In the Fourteenth Edition of *Sociology Exploring the Architecture of Everyday Life* David Newman shows students how to see the unfamiliar in the familiar to step back and see organization and predictability in their take for granted personal experiences With his approachable writing style and lively anecdotes the author's goal from the first edition has been the same to write a textbook that reads like a real book Many adopters of this book are fans of Peter Berger's classic works which helped introduce the idea of social constructionism to sociology Newman uses the metaphors of architecture and construction to help students understand that society is not something that exists out there independently of themselves it is a human creation that is planned maintained or altered by individuals Using vivid prose current examples and fresh data this text presents a unique and thought provoking overview of how society is constructed and experienced Instead of surveying every subfield in sociology the more streamlined coverage 14 chapters focuses on the individual and society the construction of self and society and social inequality in the context of social structures This title is accompanied by a complete teaching and learning package in SAGE Vantage an intuitive learning platform that integrates quality SAGE textbook content with assignable multimedia activities and auto graded assessments to drive student engagement and ensure accountability Unparalleled in its ease of use and built for dynamic teaching and learning Vantage offers customizable LMS integration and best in class support
