Civil Society Under Authoritarianism The China Model:

Civil Society under Authoritarianism Jessica C. Teets, 2014-06-09 *Civil Society under Authoritarianism* takes a fresh look at civil society in China analyzing the nuanced and dynamic relationship between civil society and government officials

Civil Society Under Authoritarianism Jessica C. Teets, 2014-01-01 Despite the dominant narrative of the repression of civil society in China *Civil Society under Authoritarianism The China Model* argues that interactions between local officials and civil society facilitate a learning process whereby each actor learns about the intentions and work processes of the other Over the past two decades often facilitated by foreign donors and problems within the general social framework these interactions generated a process in which officials learned the benefits and disadvantages of civil society Civil society supports local officials efforts to provide social services and improve public policies yet it also engages in protest and other activities that challenge social stability and development This duality motivates local officials in China to construct a social management system known as consultative authoritarianism to encourage the beneficial aspects and discourage the dangerous ones

Civil Society in China Runya Qiaoan, 2021-09-30 Chinese civil society groups have achieved iconic policy advocacy successes in the areas of environmental protection women's rights poverty alleviation and public health This book examines why some groups are successful in policy advocacy within the authoritarian context while others fail A mechanism of cultural resonance is introduced as an innovative theoretical framework to systematically compare interactions between Chinese civil society and the government in different movements It is argued that civil society advocacy results depend largely on whether advocates can achieve cultural resonance with policymakers and the mainstream public through their social performances The effective performance is the one in which advocates employ symbols embraced by the audience policymakers and the public in their actions and framings While many studies have tried to explain the phenomena of successful policy advocacy in China through institutional or organizational factors this book not only contains extensive empirical data based on field research but takes a cultural sociological turn to identify the meaning making process behind advocacy actions *Civil Society in China* will appeal to students and scholars of sociology political science social work and Chinese and Asian studies more broadly The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Varieties of Civil Society Across Asia Akihiro Ogawa, Anthony Spires, 2024-08-31 This book explores civil societies with distinct characteristics in Asian countries and regions to redefine the dynamic and interconnected formation that is Asia This book documents how civil society organizations such as charities and foundations across Asia which have traditionally been observed to imitate or borrow the methods employed by Western nongovernmental organizations have been developing distinctive relations with the state inventing novel civic techniques Furthermore it highlights how such organizations have created a characteristic framework for governance and spaces for new social practices and reflections Reflecting on the

historical backgrounds political systems and cultural settings each case study reveals the diverse and alternative approaches and solutions to various issues facing contemporary Asian society Studying the dynamism of Asia to highlight the emergence of new civil society practices this book will be a great interest to scholars and students of Asian Studies Anthropology Sociology Political Science Civil Society and Gender Relations in Authoritarian and Hybrid Regimes Gabriele Wilde,Annette Zimmer,Katharina Obuch,Isabelle-Christine Panreck,2018-09-10 Is civil society s influence favorable to the evolvement of democratic structures and democratic gender relations While traditional approaches would answer in the affirmative the authors highlight the ambivalences Focusing on women s organizations in authoritarian and hybrid regimes they cover the full spectrum of civil society s possible performance from its important role in the overcoming of power relations to its reinforcement as backers of government structures or the distribution of antifeminist ideas **Routledge**

Handbook of Civil Society in Asia Akihiro Ogawa,2017-09-27 The Routledge Handbook of Civil Society in Asia is an interdisciplinary resource covering one of the most dynamically expanding sectors in contemporary Asia Originally a product of Western thinking civil society represents a particular set of relationships between the state and either society or the individual Each culture however molds its own version of civil society reflecting its most important values and traditions This handbook provides a comprehensive survey of the directions and nuances of civil society featuring contributions by leading specialists on Asian society from the fields of political science sociology anthropology and other disciplines Comprising thirty five essays on critical topics and issues it is divided into two main sections Part I covers country specific reviews including Japan China South Korea India and Singapore Part II offers a series of thematic chapters such as democratization social enterprise civic activism and the media As an analysis of Asian social cultural and political phenomena from the perspective of civil society in the post World War II era this book will be useful to students and scholars of Asian Studies Asian Politics and Comparative Politics **Citizens, Civil Society, and Activism under the EPRDF Regime in Ethiopia** Camille Louise Pellerin,Logan Cochrane,2023-07-15 In 2014 15 the Ethiopian government together with many academics and observers was surprised by the outbreak of anti government protests as large scale public contestation of the Ethiopian People s Revolutionary Democratic Front EPRDF had been largely absent in the regime s history The dominant narrative about the EPRDF regime was that it was a top down government using authoritarian methods to ensure the population abided by its visions and directives and describing its role in paternalistic ways such as being the protector and guardian of the people Changing this narrative Citizens Civil Society and Activism under the EPRDF Regime in Ethiopia considers how citizens and civil society expressed their interests and exerted their agency in an authoritarian setting Focusing on the EPRDF regime over a period of three decades up to 2019 the book explores civic activism in Ethiopia presenting diverse examples of how citizens have re shaped the country Challenging state centric readings of state society relations under EPRDF governance this collection provides a counternarrative that emphasizes the role and agency of citizens and civil

society The contributing authors draw on a heuristic analytical framework that examines different types of interactions between civil society and state actors co optation co operation coexistence and contestation and captures the ways in which civil society actors make their voices heard At a time when authoritarian forms of governance are increasingly prevalent across the world this critically important collection offers insight into how citizens claim their agency and challenge state power in apparently top down contexts

Transnational Civil Society in Asia Simon Avenell,Akihiro Ogawa,2021-07-22

This edited volume addresses how transnational interactions among civil society actors in Asia and its sub regions are helping to strengthen common democratic values and transform dominant processes of policymaking and corporate capitalism in the region The contributors conceive of transnational civil society networks as constructive vehicles for both informing and persuading governments and businesses to adopt modify or abandon certain policies or positions This volume investigates the role of such networks through a range of interdisciplinary approaches bringing together case studies on Asian transnationalism from South Southeast and Northeast Asia across four key themes local transformations and connections diaspora politics cross regional initiatives and networks and global actors and influences Chapters demonstrate how transnational civil society is connecting people in local communities across Asia in parallel to ongoing tensions between nation states and civil society By highlighting the grassroots regionalization emerging from ever intensifying information exchange between civil society actors across borders as well as concrete transnational initiatives uniting actors across Asia the volume advances the intellectual mandate of redefining Asia as a dynamic and interconnected formation Transnational Civil Society in Asia will appeal to students and scholars of international relations politics and Asian studies more broadly

Citizens of Two Kingdoms: Civil Society and Christian Religion in Greater China Shun-hing Chan,Jonathan W.

Johnson,2021-04-06 Co edited by Shun hing Chan and Jonathan Johnson Citizens of Two Kingdoms examines the complex relationships of civil society Christian organizations and individual Christians in mainland China Hong Kong Taiwan and Macau Different authors investigate to what extent Christian organizations or individual Christians demonstrate the quality of civic virtues or virtual citizenship in the four regions and reflect on the promises and difficulties of applying civil society theories to Chinese societies Some authors focus their studies on the relationships in mainland China under the regime of Xi Jinping Contributors include Richard Madsen Zhidong Hao Teresa Wright Fredrik F Ilman Lauren F Pfister Lida V Nedilsky Mary Mee Yin Yuen Shun hing Chan Wen ben Kuo Yik fai Tam and Gerda Wielander

Engaging Social Media in China

Guobin Yang,Wei Wang,2021-05-01 Introducing the concept of state sponsored platformization this volume shows the complexity behind the central role the party state plays in shaping social media platforms The party state increasingly penetrates commercial social media while aspiring to turn its own media agencies into platforms Yet state sponsored platformization does not necessarily produce the Chinese Communist Party s desired outcomes Citizens continue to appropriate social media for creative public engagement at the same time that more people are managing their online

settings to reduce or refuse connection inducing new forms of crafted resistance to hyper social media connectivity The wide ranging essays presented here explore the mobile radio service Ximalaya FM Alibaba s evolution into a multi platform ecosystem livestreaming platforms in the United States and China the role of Twitter in Trump s North Korea diplomacy user generated content in the news media the emergence of new social agents mediating between state and society social media art projects Chinese and US scientists use of social media and reluctance to engage with WeChat Ultimately readers will find that the ten chapters in this volume contribute significant new research and insights to the fast growing scholarship on social media in China at a time when online communication is increasingly constrained by international struggles over political control and privacy issues Citizens and the State in Authoritarian Regimes Karrie Koesel,Valerie Bunce,Jessica

Weiss,2020-03-03 The revival of authoritarianism is one of the most important forces reshaping world politics today However not all authoritarians are the same To examine both resurgence and variation in authoritarian rule Karrie J Koesel Valerie J Bunce and Jessica Chen Weiss gather a leading cast of scholars to compare the most powerful autocracies in global politics today Russia and China The essays in *Citizens and the State in Authoritarian Regimes* focus on three issues that currently animate debates about these two countries and more generally authoritarian political systems First how do authoritarian regimes differ from one another and how do these differences affect regime society relations Second what do citizens think about the authoritarian governments that rule them and what do they want from their governments Third what strategies do authoritarian leaders use to keep citizens and public officials in line and how successful are those strategies in sustaining both the regime and the leader s hold on power Integrating the most important findings from a now immense body of research into a coherent comparative analysis of Russia and China this book will be essential for anyone studying the foundations of contemporary authoritarianism **Consultative Democracy or Consultative Authoritarianism?** Rongxin

Li,2022-08-11 This book theorizes Chinese politics specifically about China s deliberative democracy xieshang minzhu Creating a China West comparative framework the author interrogates China s government s claims to give representation to citizens allowing readers to see how all of these concepts interact within Chinese ideology democratic discourse and governance and their relationship with Chinese authoritarianism Above all this book represents a sustained hybridization of political theory one which is neither a simple democratic authoritarian dichotomy nor a reinterpretation of the official propaganda This study will interest scholars of Chinese politics and statecraft shedding light on an emergent discourse of the state Chinese xieshang minzhu More importantly this book goes beyond a simple rhetorical and linguistic use of deliberative democracy in the Western sense and rather emphasizes the very consultative nature of Chinese politics which facilitates and reconsolidates Chinese authoritarianism *The Party Leads All* Jacques deLisle,Guobin Yang,2022-09-27 Examining the past current and potential future roles of the Communist Party in governing China The Chinese Communist Party and its polices touch nearly every aspect of life in China and dominate some An often quoted current phrase one with roots in the era of Mao

Zedong says the Party leads all Under the leadership of Xi Jinping the Party determines much of what is permitted and prohibited in the country's social economic and political activity as well as China's increasingly consequential foreign relations Even so the Communist Party always has faced limits on what it can control and it may encounter new obstacles ahead This book addresses important questions about the current and future roles of the party Has Xi's tenure brought a qualitative increase in the pursuit or achievement of party control How is party rule shaped and exercised by internal party dynamics the party's control over the state society economy foreign affairs government institutions and rules and ideology How serious are the threats to party strength and success posed by Xi's approach to power corruption in the party's ranks a rapidly changing society a fraught international environment or a possibly overly ambitious agenda for party control Leading scholars examine these questions from several disciplinary perspectives each focusing on a key area of the party and its efforts to lead control or influence the world around it This book offers the most comprehensive and up to date assessment of the party's roles in China's economy government civil society legal system military affairs and foreign policy It does so at a critical moment with the full contours of the Xi Jinping era in China becoming more evident and as the CCP reaches its 100th anniversary and nears three quarters of a century in power It will be essential reading for all scholars students and policy makers interested in contemporary China

Evolutionary Governance in China, 2022-03-07 The People's Republic of China has experienced numerous challenges and undergone tremendous structural changes over the past four decades The party state now faces a fundamental tension in its pursuit of social stability and regime durability Repressive state strategies enable the Chinese Communist Party to maintain its monopoly on political power yet the quality of governance and regime legitimacy are enhanced when the state adopts more inclusive modes of engagement with society Based on a dynamic typology of state society relations this volume adopts an evolutionary framework to examine how the Chinese state relates with non state actors across several fields of governance Drawing on original fieldwork the authors identify areas in which state society interactions have shifted over time ranging from more constructive engagement to protracted conflict This evolutionary approach provides nuanced insight into the circumstances wherein the party state exerts its coercive power versus engaging in more flexible responses or policy adaptations

Rural Roots of Reform Before China's Conservative Change Lynn T. White III, 2018-05-24 China's economic and military rise dominates discussions of the world's most populous country Resilient authoritarian government is credited with great successes but this book expands the discourse to include governance by village heads who often ignored central politicians Chinese reforms for prosperity started circa 1970 under rural and suburban leaders They could act autonomously then because of unexpected political and technological opportunities Their localization of power eroded socialist controls Since 1990 central leaders have tried to reverse reforms made by resilient local bosses New findings especially from the Yangzi delta around Shanghai challenge the top down approach to thinking about governance As Deng Xiaoping admitted the nation's spurt of prosperity began in local

communities rather than Beijing Reforms for triple cropping and rural industrialization started long before Mao's death not in 1978 the date most writers cite. Country factories competed with state industries for materials and markets. Shortages by the 1980s led to inflation, government deficits, unofficial credit, unenforceable planning, illegal migrations, then international exports and severe political tensions. After 1990, Party leaders sought policies to build a Leninist regime that is mostly post-socialist. These reactionary changes have lasted into the era of Xi Jinping. China's reforms and subsequent changes can be understood as results of unintended situations, not just ideas, and local, not just central, politics. This book will interest students and scholars of Chinese as well as any readers who wonder about comparative development.

NGOs in China's Foreign Policy Anja Ketels, 2023-07-31 In recent years, China has not only expanded its economic presence worldwide but has also actively pursued initiatives to enhance its global leadership, promote international cooperation, and provide humanitarian aid. Concurrently, Chinese NGOs have played an increasingly active role in China's international diplomacy, initiating projects overseas and establishing offices in Belt and Road Initiative countries. This book delves into this trend by examining China's global strategy, the role of NGOs, and exploring the perspectives of these organizations themselves on their functions and roles in international politics. It presents a typology of NGOs within China's foreign policy, summarizing the diverse factors that influence their multifaceted involvement. The book reveals the divergence between Chinese and Western understandings of global governance and highlights the significance of the international engagement of Chinese NGOs as a new and noteworthy phenomenon in the fields of international relations and global governance.

Mobilizing Without the Masses Diana Fu, 2018 How do weak activists organize under repression? This book theorizes a dynamic of contention called mobilizing without the masses.

China's Green Consensus Virginie Arantes, 2022-09-09 Despite contrasting approaches, democratic and authoritarian governments all underline the fact that environmental protection is crucial and inevitable, and China's enthusiasm in stepping up its efforts to protect the environment has not gone unnoticed. This book highlights how the consensual orchestration of sustainability in China's biggest city, Shanghai, affects non-state actors' ways of perceiving, acting, and organizing around environmental issues. China's Green Consensus examines grassroots realities as they intersect with events of everyday life, offering insights into areas that far transcend debates over coercive forms of environmentalism and exploring the soft and green facets of President Xi Jinping's authoritarian approach to governance. The importance of environmental protection in people's lives serves as a lens to analyze and understand authoritarian adaptations to environmental global phenomena. Arantes highlights how, through mobilization and depoliticization, a green consensus leads to the displacement of state responsibilities and the cultivation of civil society in its own image. In so doing, she opens up new ways of thinking about the complexities of environmental governance, consensus politics, subject making, and citizenship in authoritarian contexts. This book will be of interest to scholars and students of Chinese society and politics, environmental politics, political ecology, international relations, and urbanization in Asia, as well as all others interested in the rising appeal of

authoritarianism around the globe **China Tomorrow** Jean-Pierre Cabestan, 2019-06-21 Arguing against conventional wisdom this important book makes a compelling case for the continuing strength of China's one party system Many analysts have predicted that China's unprecedented economic development and middle class expansion would lead to a liberalization of its political regime and a move toward democracy Instead leading scholar Jean Pierre Cabestan contends that the Chinese Communist Party will continue to adapt and prosper in the coming decades representing a growing challenge to all democracies Influenced by China's traditional culture and even more so by the regime's Soviet ideology institutions and modus operandi most Chinese are not pushing for democracy choosing security stability and prosperity over political freedoms and participation **Retrofitting Leninism** Dimitar Gueorguiev, 2021-10-14 Retrofitting Leninism explains through the lens of China how open governance and modern information technology come together to sustain a tightly controlled but socially responsive system of authoritarianism When closed authoritarian regimes reform and open up they often fail most eventually breakdown The People's Republic of China stands as a notable exception How has the ruling Chinese Communist Party maintained power throughout decades of reform and rapid development Drawing inspiration from the CCP's Leninist origins Dimitar Gueorguiev offers a novel and empirically grounded explanation The key to the CCP's staying power he argues is its ability to integrate authoritarian control with social inclusion a combination that is being facilitated by modern telecommunications technology Relying on statistical data media reports and a series of original opinion polls Gueorguiev explores how public input feeds into political oversight and policy planning To unpack how public preferences are acquired processed and prioritized he analyses bottom up representation and coordination in local Chinese legislatures Finally to evaluate the impact of inclusion he shows that public engagement contributes to both policy stability and public satisfaction Although public inclusion is instrumental to the CCP's hold on power Gueorguiev underscores that inclusive authoritarianism greatly depends on the voluntary participation of Chinese citizens which is far from guaranteed A trenchant exploration of the Leninist model today Retrofitting Leninism will reshape our understanding of the authoritarian approach to government and its prospects for the future

Civil Society Under Authoritarianism The China Model Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Civil Society Under Authoritarianism The China Model free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Civil Society Under Authoritarianism The China Model free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Civil Society Under Authoritarianism The China Model free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Civil Society Under Authoritarianism The China Model. In conclusion, the internet offers numerous

platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Civil Society Under Authoritarianism The China Model any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Civil Society Under Authoritarianism The China Model Books

What is a Civil Society Under Authoritarianism The China Model PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Civil Society Under Authoritarianism The China Model PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Civil Society Under Authoritarianism The China Model PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Civil Society Under Authoritarianism The China Model PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Civil Society Under Authoritarianism The China Model PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have

restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
