The Struggle for Power in Colonial America, 1607-1776 William R. Nester, 2017-10-11 America s colonial era began and ended dramatically with the founding of the first enduring settlement at Jamestown on May 14 1607 and the Declaration of Independence in Philadelphia on July 4 1776 During those 169 years conflicts were endemic and often overlapping among the colonists between the colonists and the original inhabitants between the colonists and other imperial European peoples and between the colonists and the mother country As conflicts were endemic so too were struggles for power This study reveals the reasons for stages and results of these conflicts The dynamic driving this history are two inseparable transformations as English subjects morphed into American citizens and the core American cultural values morphed from communitarianism and theocracy into individualism and humanism These developments in turn were shaped by the changing ways that the colonists governed made money waged war worshipped thought wrote and loved Extraordinary individuals led that metamorphosis explorers like John Smith and Daniel Boone

visionaries like John Winthrop and Thomas Jefferson entrepreneurs like William Phips and John Hancock dissidents like Rogers Williams and Anne Hutchinson warriors like Miles Standish and Benjamin Church free spirits like Thomas Morton and William Byrd and creative writers like Anne Bradstreet and Robert Rogers Then there was that quintessential man of America s Enlightenment Benjamin Franklin And finally George Washington who more than anyone was responsible for winning American independence when and how it happened *Mark Twain: Critical essays* Stuart Hutchinson,1993

Liberalism Versus Conservatism François B. Gérard,2000 Everyone eschews labels yet we all seem to posses them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author Foundations of Modern International Thought David Armitage,2013 This insightful and wide ranging volume traces the genesis of international intellectual thought connecting international and global history with intellectual history

Aristocratic Education and the Making of the American Republic Mark Boonshoft,2020-06-30 Following the American Revolution it was a clich that the new republic s future depended on widespread informed citizenship However

instead of immediately creating the common schools accessible elementary education that seemed necessary to create such a citizenry the Federalists in power founded one of the most ubiquitous but forgotten institutions of early American life academies privately run but state chartered secondary schools that offered European style education primarily for elites By 1800 academies had become the most widely incorporated institutions besides churches and transportation projects in nearly every state In this book Mark Boonshoft shows how many Americans saw the academy as a caricature of aristocratic European education and how their political reaction against the academy led to a first era of school reform in the United States helping transform education from a tool of elite privilege into a key component of self government And yet the very anti aristocratic critique that propelled democratic education was conspicuously silent on the persistence of racial and gender inequality in public schooling By tracing the history of academies in the revolutionary era Boonshoft offers a new understanding of political power and the origins of public education and segregation in the United States **Marilynne**

Robinson Rachel Sykes,Anna Maguire Elliott,Jennifer Daly,2022-03-29 Best known for a trilogy of historical novels set in the fictional town of Gilead Iowa Marilynne Robinson is a prolific writer teacher and public speaker who has won the Pulitzer Prize and was awarded the National Humanities Medal by Barack Obama This collection intervenes in Robinson s growing critical reputation pointing to new and exciting links between the author the historical settings of her novels and the contemporary themes of her fictional educational and theoretical work Introduced by a critical discussion from Professors Bridget Bennett Sarah Churchwell and Richard King Marilynne Robinson features analysis from a range of international academics and explores debates in race gender environment critical theory and more to suggest new and innovative readings of her work *AB Bookman's Weekly* ,1997 **Democracy in Moderation** Paul Carrese,2016-04-15 A rediscovery of

Montesquieu s legacy in shaping America s complex political order including influence on Washington s practical moderation *Annals of the American Academy of Political and Social Science* ,1972-05 **Thrust for Educational Leadership** ,1996

Civil Society: Between Concepts and Empirical Grounds Liv Egholm,Lars Bo Kaspersen,2020-11-29 Examining the historical and social trajectories involved in the continuous development of civil society this volume reveals the contextual nature of the process Through empirical studies focusing primarily on Denmark and covering the period from 1849 to the present day it analyses the manner in which civil society has been practised and transformed over time Presenting a new theoretical framework informed by a relational and processual perspective the book sheds new light on familiar questions pertaining to civil society the production of its boundaries and spaces of action and the means by which these spaces can become causal factors A fresh intervention in the study of a concept that has been central in defining ideas of solidarity and the common good and to which researchers and politicians look for solutions to the great challenges of our time Civil Society Between Concepts and Empirical Grounds will appeal to scholars of sociology politics history and philosophy with interests in civil society
