without qualification that this course did more to help me get ready to practice law than any other First the book tied together a great deal of what I had learned in law school but had not connected The method of introducing a Master Case a complex civil case and going through the decision making and steps in the order a lawyer would do it is what helped me see the big picture Second the book offers not only traditional cases but many practice problems which helped me to learn to apply the doctrines of Ohio procedure to a set of facts The end of each chapter then reinforced the topics by including an assignment that a lawyer would actually perform e g drafting a complaint developing a discovery plan Third the book had something that I have never seen in courses other than Professional Responsibility Every chapter wove in several questions that brought home to me the challenging ethical questions I will face in practice I now have a much better sense of what limits I will set and the professional identity to which I will aspire In short I received a lot more out of this course than I had ever expected Robert Rice 2010 graduate Regent University Law School on taking the Ohio Bar Exam
