Clarissa: Or the History of a Young Lady Samuel Richardson, 2014-06-03 One of the first great British novels Samuel Richardson's classic tale became a legend to his own age and remains so today Defying her parents' desire for her to marry a loathsome man for his wealth the virtuous Clarissa escapes into the dangerous arms of the charming rogue Lovelace whose intentions are much less than honorable This thought-provoking work written entirely in intimate letters exposes the delicacy and complexity of affairs of the human heart The fatal attraction between villain and victim builds and unfolds into a relationship that haunts the imagination as fully as that of Romeo and Juliet or Tristan and Isolde Abridged and with an Introduction by Sheila Ortiz Taylor and a New Afterword by Lynn Shepherd *Clarissa* Samuel Richardson, 2006-11 One of the greatest novels of European literature Clarissa is an indisputable masterpiece Set in 18th century England A rich complex and unique novel written in the form of letters Richardson delves into the hearts and minds of his characters their motives and intentions consequently giving a glimpse of the complex human psyche A true classic Clarissa Samuel Richardson, 1759 Clarissa Angus Ross, 1991 *Utopian Imagination and Eighteenth Century Fiction* Christine Rees, 2014-09-19 Utopian fiction was a particularly rich and important genre during the eighteenth century It was during this period that a relatively new phenomenon appeared the merging of utopian writing per se with other fictional genres such as the increasingly dominant novel However while early modern and nineteenth and twentieth century utopias have been the focus of much attention the eighteenth century has largely been neglected *Utopian Imagination and Eighteenth Century Fiction* combines these major areas of interest interpreting some of the most fascinating and innovative fictions of the period and locating them in a continuing tradition of utopian writing which stretches back through the Renaissance to the Ancient World Beginning with a survey of the recurrent topics in utopian writing power structures in the state money food sex the role of women birth education and death the book brings together canonical eighteenth century texts containing powerful utopian elements such as Robinson Crusoe Gulliver's Travels and Rasselas and less familiar works to examine the reworking of these topics in a new context The unfamiliar texts including Gaudenzio di Lucca are described in detail to give students an idea of relevant material across a broad area A section is devoted specifically to women writes an area which has become the focus of attention The mixture of texts provides a useful cross reference for students tackling the subject from various perspectives and the comprehensive bibliography provides a valuable tool for those with general or specific interests

Women Novelists and the Ethics of Desire, 1684-1814 Elizabeth Kraft,2016-12-05 In Women Novelists and the Ethics of Desire 1684 1814 Elizabeth Kraft radically alters our conventional views of early women novelists by taking seriously their representations of female desire To this end she reads the fiction of Aphra Behn Delarivier Manley Eliza Haywood Sarah Fielding Charlotte Smith Frances Burney and Elizabeth Inchbald in light of ethical paradigms drawn from biblical texts about women and desire Like their paradigmatic foremothers these early women novelists create female characters who demonstrate subjectivity and responsibility for the other even as they grapple with the exigencies imposed on them by circumstance and convention Kraft's study informed by ethical theorists such as Emmanuel Levinas and Luce Irigaray is remarkable in its juxtaposition of narratives from ancient and early modern times These pairings enable Kraft to demonstrate not only the centrality of female desire in eighteenth century culture and literature but its ethical importance as well

Fictions of Friendship in the Eighteenth-Century Novel Bryan Mangano,2017-07-19 This book explores the reciprocal influence of friendship ideals and narrative forms in eighteenth century British fiction It examines how various novelists from Samuel Richardson to Mary Shelley drew upon classical and

early modern conceptions of true amity as a model of collaborative pedagogy Analyzing authors their professional circumstances and their audiences the study shows how the rhetoric of friendship became a means of paying deference to the increasing power of readerships while it also served as a semi covert means to persuade resistant readers and confront aesthetic and moral debates head on The study contributes to an understanding of gender roles in the early history of the novel by disclosing the constant interplay between male and female models of amity It demonstrates that this gendered dialogue shaped the way novelists imagined character interiority reconciled with the commercial aspects of writing and engaged mixed sex audiences

Fictions of Home Martin Mühlheim, 2018-04-23 This study aims to counter right wing discourses of belonging It discusses key theoretical concepts for the study of home focusing in particular on Marxist feminist postcolonial and psychoanalytic contributions The book also maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing an alternative to conservative xenophobic appropriations of home In detailed readings of one film and six novels a view is developed according to which home as a spatio temporal imaginary is rooted in our species being and as such constitutes the inevitable starting point for any progressive politics

Women and Gift Exchange

in Eighteenth-Century Fiction Linda Zionkowski, 2016-05-26 This book analyzes why the most influential novelists of the long eighteenth century centered their narratives on the theory and practice of gift exchange Throughout this period fundamental shifts in economic theories regarding the sources of individual and national wealth along with transformations in the practices of personal and institutional charity profoundly altered cultural understandings of the gift's rationale purpose and function Drawing on materials such as sermons conduct books works of political philosophy and tracts on social reform Zionkowski challenges the idea that capitalist discourse was the dominant influence on the development of prose fiction Instead by shifting attention to the gift system as it was imagined and enacted in the formative years of the novel the volume offers an innovative understanding of how the economy of obligation shaped writers' portrayals of class and gender identity property and community Through theoretically informed readings of Richardson's *Clarissa* and Sir Charles Grandison Burney's *Cecilia* and *The Wanderer* and Austen's *Mansfield Park* and *Emma* the book foregrounds the issues of donation reciprocity indebtedness and gratitude as it investigates the conflicts between the market and moral economies and analyzes women's position at the center of these conflicts As this study reveals the exchanges that eighteenth century fiction prescribed for women confirm the continuing power and importance of gift transactions in the midst of an increasingly commercial culture The volume will be essential reading for scholars of the eighteenth century novel economic literary criticism women and gender studies and book history

[Sovereign Power and the Enlightenment](#) Peter DeGabriele, 2015-07-16 *Sovereign Power and the Enlightenment* examines the role of the novelists and historians of the eighteenth century in developing a vision of political modernity that questions traditional narratives about the rise of liberalism and the decline of sovereign power It provides a new way to link the literature and philosophy of the eighteenth century with the meditations on violence and sovereignty that have preoccupied much of the political philosophy of the first years of the twenty first century Focusing on the novelists Daniel Defoe Samuel Richardson and Ann Radcliffe and on the historians David Hume and Edward Gibbon DeGabriele shows how these authors use the resources of their respective genres

to expose the persistence of sovereign violence and to outline a type of political subject who could resist the violence more effectively than the individual beloved of modern liberalism **Domestic Space in Eighteenth-Century British Novels**

Karen Lipsedge, 2012-09-28 Examining the work of three authors Richardson Haywood and Burney and their representation of domestic space this book argues that to make such spaces accessible to modern readers they need to have information of the real domestic By recreating specifics of these spaces this book innervates the fictional domestic interior for modern readers **Representations of Book Culture in Eighteenth-Century English Imaginative Writing** Joanna

Maciulewicz, 2018-07-21 This book is a contribution to the new field of literary studies which is informed by book history and takes interest in the intersection of the ideal and material aspects of literature It studies the ways eighteenth century English novels plays and poems illustrated the changes which the growth of literacy the proliferation of writing and the emergence of print marketplace made in the social and cultural life of Britain and demonstrated the contingency of the emerging criticism on the technological and economic conditions of book production The first part focusses on the representation of the tensions created by the emergence of literate society and on the hopes and fears awoken by the expansion of the cultural public sphere caused by the proliferation of print The second part explores the contribution of literature to the shaping of the roles of authors readers and patrons in the field of literary production **Families** Werner Senn, 1996
