## **Classic Christianity A Systematic Theology By Thomas C Oden:**

Classic Christianity Thomas C. Oden, 2009-08-04 For the first time Thomas Oden's Systematic Theology classic series individually titled *The Living God*, *The Word of Life* and *Life in the Spirit* is available in one complete volume. A renowned theologian Oden provides a consensus view of the Christian faith delving deeply into ancient Christian tradition and bringing to the contemporary church the best wisdom from its past. In this magisterial work Oden tackles the central questions of Christian belief and the nature of the trinity. Written for clergy, Christian educators, religious scholars, and lay readers alike, *Classic Christianity* provides the best synthesis of the whole history of Christian thought. Part one explores the most intriguing questions of the study of God: Does God exist? Does Jesus reveal God? Is God personal, compassionate, free, and presents answers that reflect the broad consensus culled from the breadth of the church's teachers. It is rooted deeply and deliberately in scripture but confronts the contemporary mind with the vitality of the Christian tradition. Part two addresses the perplexing Christological issues of whether God became flesh, whether God became Christ, and whether Christ is the source of salvation. Oden details the core beliefs concerning Jesus Christ that have been handed down for the last two hundred decades, namely who he was, what he did, and what that means for us today. Part three examines how the work of God in creation and redemption is being brought to consummation by the Holy Spirit in persons, through communities, and in the fullness of human destiny. Oden's magisterial study not only treats the traditional elements of systematical theology but also highlights the foundational exegeses throughout history. Covering the ecumenical councils and early synods, the great teachers of the Eastern church tradition including Athanasius and John Chrysostom, and the prominent Western figures such as Augustine, Ambrose, Thomas Aquinas, Martin Luther, and John Calvin, this book offers the reader the fullest understanding of the Christian faith available.

**Systematic Theology** Thomas C. Oden, 1998 My basic purpose is to set forth an ordered view of the faith of the Christian community upon which there has generally been substantial agreement between the traditions of East and West, including Catholic, Protestant, and Orthodox. My purpose is not to present the views of a particular branch of modern Christian teaching such as Roman Catholic or Baptist or Episcopal. Rather, it is to listen, single-mindedly, for the voice of that deeper ecumenical consensus that has been gratefully celebrated as received teaching by believers of vastly different cultural settings, whether African or European, Eastern or Western, sixth or sixteenth century. Preface

After Modernity-- What? Thomas C. Oden, 1992 This vigorous and incisive critique of modernity lights the path to recovering the revitalizing heritage of classical Christianity.

**Ancient Christian Commentary on Scripture CD-ROM Complete Set** Thomas C. Oden, 2010-09-17 Included here from series editor Tom C. Oden is the full text of all twenty-nine commentaries from the *Ancient Christian Commentary on Scripture*. Arranged canonically, each volume allows the living voices of the church in its formative centuries to speak as they engage the sacred page of Scripture. Now even more accessible in digital format, this series will prove an uncommon companion for theological interpretation, spiritual reading, and wholesome teaching and

preaching     Systematic Theology Volume Two the Word of Life Thomas C. Oden, 2006 Emphasizing the beliefs common to all branches of Christendom rather than the issues that divide Thomas Oden brings the full weight of two millennia of discussion to bear on the ever contemporary questions of Christian faith His magisterial study not only treats the traditional elements of systematic theology referencing hundreds of theologians Protestant Catholic Orthodox charismatic but also highlights the foundational exegetes of history Broadly ecumenical in the truest sense of the word and written from the perspective of a theological liberal turned evangelical Oden's direct frank and provocative approach articulates the concerns of a broad spectrum of Christians pastors teachers seminarians and thoughtful laity Though comprehensive in scope the set is arranged in a Trinitarian fashion with each volume focusing on one person of the godhead The first volume explores the Christian understanding of God creation and providence The second volume discusses Christ and the Incarnation The third volume considers the presence of the Holy Spirit in history and his power in the lives and communities of present day believers Volume 1 The Living God ISBN 9781598560374 Volume 2 The Word of Life ISBN 9781598560381 Volume 3 Life in the Spirit ISBN 9781598560398 These volumes may be purchased separately Demonstrates a commitment of faithfulness to the scriptural teachings concerning Jesus and a rich appreciation for the classical and conciliar traditions of Christology Preaching Oden's project is anti trendiness with a vengeance refreshingly bold First Things The most impressive systematic exercise in ecumenical consensual thinking in print Religious Studies Review A welcome addition to the pastor's bookshelf and a needed voice in the contemporary theological conversation Interpretation     A Change of Heart Thomas C. Oden, 2014-11-06 How did one of last century's most celebrated liberals change so dramatically In this intellectual and spiritual memoir Thomas Oden journeys from conservative rural Methodism in Oklahoma to free spirited theological innovation in the land of academia and back to the foundations of ancient Christianity     **The Rebirth of Orthodoxy** Thomas C. Oden, 2003 A leading theologian describes the unexpected yet remarkably relevant resurgence of a new Christian Orthodoxy postdenominational flexible and rooted in ancient beliefs     *A Change of Heart* Thomas C Oden, 2015-10-15 How did one of last century's most celebrated liberals change so dramatically In this intellectual and spiritual memoir Thomas Oden journeys from conservative rural Methodism in Oklahoma to free spirited theological innovation in the land of academia and back to the foundations of ancient Christianity     The Dialectics of Mission Elmer A. Guzman, 2023-09-15 Drawing on the resources of contemporary systematic theologians Kevin Vanhoozer and Veli Matti Kärkkäinen Elmer A Guzman explores the generative dimension of mission for the formation of doctrine for a church that needs to witness in a pluralistic world Guzman argues that understanding doctrinal formation and development depends on the missional dimension of doctrinal hermeneutics In other words these theological concepts and practices are justified based on the negotiation between theological sources identity markers and the context's diversity markers This book shows how perspectives arising from the structural elements in theological methodology shed fresh light on missional theology and the interconnections between the

doctrinal loci in theology      **The Word of Life** Thomas C. Oden,1992-09-03 A leading American Protestant theologian addresses important Christological concerns in this sequel to *The Living God* second volume in a three volume systematic theology      **RetroChristianity** Michael J. Svigel,2012-04-30 Evangelicalism is in trouble Surveying the modern evangelical landscape professor Michael Svigel asks Why does evangelicalism appear to be spinning out of control losing appeal to younger generations dwindling in numbers or selling out to pop culture to muster a crowd He seeks to answer this question by looking to the past to a Retro Christianity Calling for a return to evangelicalism s historical and theological roots Svigel begins by addressing some of present day evangelicalism s problems and explores what can be done to help churches regain a healthy perspective on doctrine He then gives practical examples of what establishing a biblical historical and theologically sound foundation will mean for Christians as they think through aspects of church life and worship As the numbers of those confused or disenchanted with evangelicalism continue to grow Svigel s book meets a timely need and will benefit many readers with his balanced argument for preserving the evangelical faith      **Exploring Christian Theology : Volume 1** ,2014-11-11 The Foundations of Theology in Everyday Language Dallas Seminary professors Nathan Holsteen and Michael Svigel are passionate about the key doctrines of Christianity They want readers to know why they re important and why they matter This volume includes two parts How Firm a Foundation Revelation Scripture and Truth God in Three Persons Father Son and Holy Spirit The authors explore these important topics in a concise and highly readable style that makes sense whether you re a student of the Bible a pastor or someone who simply wants to know God better For each topic you ll find An introduction overview and review of the key points Several applicable Bible texts including verses to memorize A quick paced history of the doctrine Distortions to be aware of and avoid Reading lists for further study A glossary of theological terms Exploring Christian Theology is a wonderful doctrinal primer that teaches theology in a way that will engage you and cause you to reflect A great way to get acquainted with key biblical theological themes Darrell Bock Senior Research Professor Dallas Theological Seminary      Evangelical Theology, Second Edition Michael F. Bird,2020-10-20 Gospel Centered Theology for Today Evangelical Theology Second Edition helps today s readers understand and practice the doctrines of the Christian faith by presenting a gospel centered theology that is accessible rigorous and balanced According author Michael Bird the gospel is the fulcrum of Christian doctrine the gospel is where God meets us and where we introduce the world to God And as such an authentically evangelical theology is the working out of the gospel in the various doctrines of Christian theology The text helps readers learn the essentials of Christian theology through several key features including A What to Take Home section at end of every part that gives readers a run down on all the important things they need to know Tables sidebars and questions for discussion to help reinforce key ideas and concepts A Comic Belief section since reading theology can often be dry and cerebral so that readers enjoy their learning experience through some theological humor added for good measure Now in its second edition Evangelical Theology has proven itself in classrooms around the world as a resource that helps

readers not only understand the vital doctrines of Christian theology but one that shows them how the gospel should shape how they think pray preach teach and minister in the world      Abraham's Dice Karl W. Giberson,2016-04-18 Most of us believe everything happens for a reason Whether it is God s will karma or fate we want to believe that nothing in the world especially disasters and tragedies is a random meaningless event But now as never before confident scientific assertions that the world embodies a profound contingency are challenging theological claims that God acts providentially in the world The random and meandering path of evolution is widely used as an argument that God did not create life Abraham s Dice explores the interplay between chance and providence in the monotheistic religious traditions looking at how their interaction has been conceptualized as our understanding of the workings of nature has changed This lively historical conversation has generated intense ongoing theological debates and provocative responses from science what are we to make of the history of our universe where chance and law have played out in complex ways Or the evolution of life where random mutations have challenged attempts to find purpose within evolution and convinced many that human beings are but a glorious accident The enduring belief that everything happens for a reason is examined through a conversation with major scholars among them holders of prestigious chairs at Oxford and Cambridge Universities and the University of Basel as well as several Gifford lecturers and two Templeton prize winners Organized historically Abraham s Dice provides a wide ranging scientific theological and biblical foundation to address the question of providence and divine action in a world shot through with contingency      Love Your God with All Your Mind J.P. Moreland,2014-03-14 We know that faith means being sure of what we hope for and certain of what we do not see Hebrews 11:1 NIV Love Your God with All Your Mind explains the importance of using your mind not only to win others to Christ but also to experience personal spiritual growth Author J P Moreland challenges you to use logic and reason to further God s kingdom through evangelism apologetics worship and vocation This revised edition includes expanded appendixes and three new chapters that outline how to reason for the reality of God and the historicity of Jesus life teachings death and resurrection      *The Revelation of Jesus Christ* Jon Scott Birch,2022-09-21 The testimony of Jesus is the spirit of prophecy Rev 19:10 and a prophetic perspective promotes purpose Yet in a world swiftly growing callous true purpose and meaning are fading Many of Jesus disciples today have lost their first love which is Jesus himself Rev 2:4 And too many souls overall miss the wonder inspiration and comfort gained by those who would endeavor toward fuller comprehension of the book of Revelation Blessed are they who read and those who hear the words of this prophecy and keep those things which are written in it for the time is near Rev 1:3 Neglect of the Holy Spirit slothfulness fear and the ongoing confusion generated by competing interpretations and bad theology are the primary obstacles between an individual and the liberation to be had by reading the last book of the Bible We must not forget that while the apostle John wrote the book of Revelation its author is Jesus Christ and he is not an author of confusion but of peace 1 Cor 14:33 This commentary presents a practical discipleship based perspective toward following Jesus into the very

heart of his Revelation So as the end of this clamorous age approaches may we truly hear what the Spirit is saying to the churches     *The Unique Beliefs of the Jehovah's Witnesses* David Bridges,2016-01-16 Dr David Bridges examines and explains the core beliefs of the Jehovah s Witnesses and their origins This book offers a detailed essay of the teachings of the Watchtower Society from their own viewpoint and a comparative mainstream Christian theology is then offered for consideration The information in this book will prepare householders lay ministers and clergy to discuss their faith with Jehovah s Witnesses in an informed manner Back cover     Theodicy of Love John C. Peckham,2018-11-06 If God is all powerful and entirely good and loving why is there so much evil in the world Based on a close canonical reading of Scripture this book offers a new approach to the challenge of reconciling the Christian confession of a loving God with the realities of suffering and evil John Peckham offers a constructive proposal for a theodicy of love that upholds both the sovereignty of God and human freedom showing that Scripture points toward a framework for thinking about God s love in relation to the world     *Divine Attributes* John C. Peckham,2021-05-04 This book offers a clear and constructive account of the nature and attributes of God It addresses the doctrine of God from exegetical historical and constructive theological perspectives bringing the biblical portrayal of God in relationship to the world into dialogue with prominent philosophical and theological questions The book engages questions such as Does God change Does God have emotions Does God know the future Is God entirely good and loving How can God be one and three Chapters correspond to the major metaphysical and moral attributes of God     *Introducing Theological Method* Mary M. Veeneman,2017-11-07 Sound theological method is a necessary prerequisite for good theological work This accessible introduction surveys contemporary theological methodology by presenting leading thinkers of the 20th and 21st centuries as models The book presents the strengths and weaknesses in each of the major options Rather than favoring one specific position it helps students of theology think critically so they can understand and develop their own theological method
