This book offers an up to date handling of C G Jung s Theory of Synchronicity and the more mainstream paranormal phenomena known as extra sensory perception ESP and psychokinesis PK collectively referred to as psi Author Lance Storm re works various aspects of synchronicity traditionally marginalized by parapsychologists to bring about a paradigm shift in the field Most often seen as fundamentally different the book draws parallels between psi and synchronicity and equates the two arguing that psi was all along a form of synchronicity just as Jung had anticipated To achieve this Storm necessarily modifies both the parapsychologist s view about psi and Jung s views about synchronicity enabling a satisfactory merger of the two paranormal phenomena Based on rigorous scientific research and written in an easy to understand style this book is an important resource for specialists such as anomalistic psychologists parapsychologists philosophers paranormalists and theologians

Randy Gates, 2017-11-15 I hope that the main purposes of this book have been achieved to offer encouragement to other believers and to introduce Jesus to those who don't know him. Also I hope that my thoughts regarding our economy and investing will help prepare individuals for the events that are still to come. My mind is more at ease now that I have shared God's blessings in my life and the investing concepts I have learned over the years. Thank you for reading this book and may God bless you.
