Contemporary Japan Duncan McCargo, 2012-10-19 Japan is one of the world's most important societies yet remains one of the least understood. This book is designed to fill the gap for a concise but thought-provoking introduction to all aspects of the country's political, economic and social life set in a clear historical context. The author's starting point is that the study of Japan is contested territory where even such apparently simple questions such as 'Who is in charge?' spark considerable disagreement and controversy among experts. To understand contemporary Japan, Duncan McCargo argues it is necessary to get to grips with a range of different perspectives on Japanese political and social structures. Integrating contrasting perspectives throughout the core chapters of the book, focus on the changing economy, government and politics, society and culture, and Japan's place in the wider world. The new third edition of this popular text has been fully revised and updated throughout to cover key developments such as the historic end of LDP rule in 2009. Transcultural Insights into Contemporary Irish Literature and Society María Amor Barros-del

Río,2024-07-19 Transcultural Insights into Contemporary Irish Literature and Society examines the transcultural patterns that have been enriching Irish literature since the twentieth century and engages with the ongoing dialogue between contemporary Irish literature and society Driven by the growing interest in transcultural studies in the humanities this volume provides an insightful analysis of how Irish literature handles the delicate balance between authenticity and folklore and uniformisation and diversity in an increasingly globalised world Following a diachronic approach the volume includes critical readings of canonical Irish literature as an uncharted exchange of intercultural dialogues The text also explores the external and internal transcultural traits present in recent Irish literature and its engagement with social injustice and activism and discusses location and mobility as vehicles for cultural transfer and the advancement of the women s movement A final section also includes an examination of literary expressions of hybridisation diversity and assimilation to scrutinise negotiations of new transcultural identities In the light of the compiled contributions the volume ends with a revisitation of Irish studies in a world in which national identity has become increasingly problematic This volume presents new insights into the fictional engagement of contemporary Irish literature with political social and economic issues and its efforts to accommodate the local and the global resulting in a reshaping of national collective imaginaries

Cultural Autonomy in Contemporary Europe David J. Smith,Karl Cordell,2013-10-18 In this volume some of the world s leading scholars involved in

researching the fields of ethno-politics nationalism and ideas of nation and state have come together to produce a work that is both original and accessible The volume explores the rich but sadly neglected tradition of thought on non territorial cultural autonomy as exemplified by the work of Karl Renner and Otto Bauer and the European Nationalities Congress of the 1920s Through a combination of theoretical analysis and case study approaches the authors challenge conventional thinking on how best to reconcile competing claims over territory and cultural expression Drawing upon a range of examples from countries such as Russia Romania and Hungary and by comparing the situation of territorially based ethnic minorities with those principally the Roma who lack identification with a given state or states the authors of this volume seek to supply answers and question received truths

Weak States, Strong Societies Amin Saikal, 2015-11-27 Since the disintegration of the Soviet Union and the end of the Cold War the previously well established organisation of world politics has been thrown into disarray While during the Cold War the bipolarity of the world gave other powers a defined structure within which to vie for power influence and material wealth the current global political landscape has been transformed by a diffusion of power As a result the world has seen the rise of sub national or quasi non state actors such as Hezbollah al Qaeda and the movement that calls itself Islamic State or ISIS These dramatic geopolitical shifts have heavily impacted state society relationships power and authority in the international system *Weak States Strong Societies* analyses the effect of these developments on the new world order arguing that the framework of weak state strong society appears even more applicable to the contemporary global landscape than it did during the Cold War Focusing on a range of regional contexts the book explores what constitutes a weak or strong state It will be essential reading for specialists in politics and international relations whether students or academic researchers

Changes in Contemporary Ireland Catherine Rees, 2014-09-26 This volume explores the cultural literary theatrical and political changes in Irish society from 1980 The so called Celtic Tiger brought about cultural and economic rejuvenation in Ireland but this new found confidence and prosperity was destabilised by other events such as the scandals in the Catholic Church bringing into question the role of traditional institutions in contemporary Irish life The ending of the Troubles and signing of the Good Friday Agreement similarly heralded a new era in terms of positive political change but recent paramilitary activity threatens to undermine the progress made in the 1990s as waves of new violence hit the North Equally recent economic recession has halted the radical growth seen in the Republic over recent decades This book therefore problematises the concept of change and progress by juxtaposing these events and asking what real changes can be traced in modern Ireland The contributors frequently reflect on the changes and upheavals this period of dramatic economic political and cultural change has prompted The volume includes contributions from the fields of politics cultural studies sport history geography media and film studies and theatre and literature As such it is a decidedly interdisciplinary study exploring wide ranging topics and issues relevant to contemporary Irish Studies

Continuity, Change and Crisis in Contemporary Ireland Brian Girvin, Gary Murphy, 2013-10-18 The focus of this book is to analyse from a

number of perspectives the politics of change in Ireland north and south since 1969 The emergence of the troubles in Northern Ireland the final push to gain entry to the EEC changing social mores and severe economic difficulties all begin to appear on the horizon at this stage While considerable change and indeed moments of extreme crisis have taken place in areas such as Northern Ireland the economy moral politics and Ireland's attitude towards the European Union continuity has also been a significant hallmark of Irish politics since 1969 This volume offers important perspectives and opens up new debates in explaining the phenomena of continuity change and crisis in contemporary Ireland New evidence on the origins of the troubles in Northern Ireland the Arms Crisis Ireland's relationship with Europe the process of social partnership and the politics of morality all offer important fresh insights into how contemporary Ireland has functioned Featuring a number of high profile scholars and uniquely dealing with both Northern Ireland and the Republic of Ireland this volume argues that the intriguing feature of recent Irish history is not the absence of change but the extent to which change has been mediated by the existing political cultures national traditions and long standing institutions of both north and south This book was based on a special issue of Irish Political Studies Race in Modern Irish Literature and Culture John Brannigan, 2020-01-19 This book sets out to expose through a combination of literary cultural and historical analysis the fictive nature of Irish monoculturalism and to probe figurations of racial identity racial difference and foreignness in Irish culture
