Contemporary Chinese Political Thoughts History Chinese Edition:

A History of Chinese Political Thought Youngmin Kim,2018-03-16 China's rapid rise as a regional and global power is one of the most important political developments of the twenty first century Yet the West still largely overlooks or oversimplifies the complex ideas and ideals that have shaped the country's national and international transformation from antiquity to the present day In this beautifully written introductory text Youngmin Kim offers a uniquely incisive survey of the major themes in Chinese political thought from customary community to empire exploring their theoretical importance and the different historical contexts in which they arose Challenging traditional assumptions about Chinese nationalism and Marxist history Kim shows that China does not have a fixed single identity but rather is a constantly moving target His probing interdisciplinary approach traces the long and nuanced history of Chinese thought as a true tradition anchored in certain key themes many of which began in the early dynasties and still resonate in China today Only by appreciating this rich history he argues can we begin to understand the intricacies and contradictions of contemporary Chinese politics economy and society

Contemporary Chinese Philosophy Chung-Ying Cheng, Nicholas Bunnin, 2008-04-15 Contemporary Chinese Philosophy features discussion of sixteen major twentieth century Chinese philosophers Leading scholars in the field describe and critically assess the works of these significant figures Critically assesses the work of major comtemporary Chinese philosophers that have rarely been discussed in English Features essays by leading scholars in the field Includes a glossary of Chinese characters and definitions **Contemporary Chinese Political Thought** Fred Dallmayr, Zhao Tingyang, 2012-07-27 Westerners seem united in the belief that China has emerged as a major economic power and that this success will most likely continue indefinitely But they are less certain about the future of China's political system China's steps toward free market capitalism have led many outsiders to expect increased democratization and a more Western political system The Chinese however have developed their own version of capitalism Westerners view Chinese politics through the lens of their own ideologies preventing them from understanding Chinese goals and policies In Contemporary Chinese Political Thought Debates and Perspectives Fred Dallmayr and Zhao Tingyang bring together leading Chinese intellectuals to debate the main political ideas shaping the rapidly changing nation Investigating such topics as the popular China Model the resurgence of Chinese Confucianism and its applications to the modern world and liberal socialism the contributors move beyond usual analytical frameworks toward what Dallmayr and Zhao call a dismantling of ideological straitjackets Comprising a broad range of opinions and perspectives Contemporary Chinese Political Thought is the most up to date examination in English of modern Chinese political attitudes and discourse Features contributions from Ji Wenshun Zhou Lian Zhao Tingyang Zhang Feng Liu Shuxian Chen Ming He Baogang Ni Peimin Ci Jiwei Cui Zhiyuan Frank Fang Wang Ancient Chinese Thought, Modern Chinese Power Yan Xuetong, 2013-08-25 From China Shaoguang and Cheng Guangyun s most influential foreign policy thinker a vision for a Beijing Consensus for international relations The rise of China could be

the most important political development of the twenty first century What will China look like in the future What should it look like And what will China's rise mean for the rest of world This book written by China's most influential foreign policy thinker sets out a vision for the coming decades from China's point of view In the West Yan Xuetong is often regarded as a hawkish policy advisor and enemy of liberal internationalists But a very different picture emerges from this book as Yan examines the lessons of ancient Chinese political thought for the future of China and the development of a Beijing consensus in international relations Yan it becomes clear is neither a communist who believes that economic might is the key to national power nor a neoconservative who believes that China should rely on military might to get its way Rather Yan argues political leadership is the key to national power and morality is an essential part of political leadership Economic and military might are important components of national power but they are secondary to political leaders who act in accordance with moral norms and the same holds true in determining the hierarchy of the global order Providing new insights into the thinking of one of China's leading foreign policy figures this book will be essential reading for anyone interested in China's rise or in international relations Contemporary Chinese Political Thought Fred Reinhard Dallmayr, Tingyang Zhao, 2012-06-21 Westerners seem united in the belief that China has emerged as a major economic power and that this success will most likely continue indefinitely But they are less certain about the future of China's political system China's steps toward free market capitalism have led many outsiders to expect increased democratization and a more Western political system The Chinese however have developed their own version of capitalism Westerners view Chinese politics through the lens of their own ideologies preventing them from understanding Chinese goals and policies In Contemporary Chinese Political Thought Debates and Perspectives Fred Dallmayr and Zhao Tingyang bring together leading Chinese intellectuals to debate the main political ideas shaping the rapidly changing nation Investigating such topics as the popular China Model the resurgence of Chinese Confucianism and its applications to the modern world and liberal socialism the contributors move beyond usual analytical frameworks toward what Dallmayr and Zhao call a dismantling of ideological straitjackets Comprising a broad range of opinions and perspectives Contemporary Chinese Political Thought is the most up to date examination in English of modern Chinese political attitudes and discourse Features contributions from Ji Wenshun Zhou Lian Zhao Tingyang Zhang Feng Liu Shuxian Chen Ming He Baogang Ni Peimin Ci Jiwei Cui Zhiyuan Frank Fang Wang Shaoguang and Cheng Contemporary Studies on Modern Chinese History Zeng Yeying, 2021-03-15 The study of modern Chinese Guangyun history has developed rapidly in recent decades and has seen increased exploration of new topics and innovative approaches Resulting from a special issue of Modern Chinese History Studies this set is devoted to showcasing the healthy development of Chinese modern history studies and has already been revised twice in the original language This three volume set exhibits major achievements on the study of modern Chinese history and shows how the role of history was in debate transformation and re evaluation throughout this tortuous yet prosperous period Articles on 23 different topics are collected from over 30
