Contemporary Demographic Transformations Transformation Socio Economic:

Contemporary Demographic Transformations in China, India and Indonesia Christophe Z. Guilmoto, Gavin W.

Jones, 2015-12-12 This book examines the profound demographic transformation affecting China India and Indonesia where 40% of the world's people live It offers a systematic comparative approach that will help readers to better understand the changing social and regional recomposition of the population in these regions The chapters present a detailed investigation and mapping of regional trends in mortality fertility migration and urbanization education and aging Throughout the analysis carefully considers how these trends affect economic and social development Coverage also raises global theoretical questions about the singular ways in which each of these three countries have achieved their demographic transition As the authors reveal demographic trends seem to be somewhat linear and anticipatable providing Asia's three demographic giants and their governments a formidable advantage in planning for the future But the evolution of human mobility in China India and Indonesia closely intertwined as it is with changing economic conditions appears less predictable and ranks high among the major challenges to demographic knowledge in the coming decades Offering an insightful look into the components implications and regional variations of a changing population this book will appeal to social scientists demographers anthropologists sociologists epidemiologists and specialists in Asian studies

Handbook of Parenting Marc H.

Bornstein, 2019-02-01 This highly anticipated third edition of the Handbook of Parenting brings together an array of field leading experts who have worked in different ways toward understanding the many diverse aspects of parenting Contributors to the Handbook look to the most recent research and thinking to shed light on topics every parent professional and policymaker wonders about Parenting is a perennially hot topic After all everyone who has ever lived has been parented and the vast majority of people become parents themselves No wonder bookstores house shelves of how to parenting books and magazine racks in pharmacies and airports overflow with periodicals that feature parenting advice However almost none of these is evidence based The Handbook of Parenting is Period Each chapter has been written to be read and absorbed in a single sitting and includes historical considerations of the topic a discussion of central issues and theory a review of classical and modern research and forecasts of future directions of theory and research Together the five volumes in the Handbook cover Children and Parenting the Biology and Ecology of Parenting Being and Becoming a Parent Social Conditions and Applied Parenting and the Practice of Parenting Volume 4 Social Conditions and Applied Parenting describes socially defined groups of parents and social conditions that promote variation in parenting The chapters in Part I on Social and Cultural Conditions of Parenting start with a relational developmental systems perspective on parenting and move to considerations of ethnic and minority parenting among Latino and Latin Americans African Americans Asians and Asian Americans Indigenous parents and immigrant parents The section concludes with considerations of disabilities employment and poverty on parenting Parents are ordinarily the most consistent and caring people in children's lives However parenting does not always

go right or well Information education and support programs can remedy potential ills The chapters in Part II on Applied Issues in Parenting begin with how parenting is measured and follow with examinations of maternal deprivation attachment and acceptance rejection in parenting Serious challenges to parenting some common such as stress and depression and some less common such as substance abuse psychopathology maltreatment and incarceration are addressed as are parenting interventions intended to redress these trials
