Contemporary Moral Problems

In an age that has seen international conflict, climate crisis, and political turmoil, we are confronted with a number of ethical dilemmas that demand our attention as modern subjects. In this class, we will explore several contemporary moral problems such as issues of academic freedom, state surveillance, and mass incarceration.

Through the work of figures like Angela Davis, W.E.B. DuBois, and Michel Foucault, we will explore the philosophical implications of these issues and establish various approaches for navigating the pressing demands of our contemporary lives.
