He asks us to understand their complex story and to rethink our prejudices His accounts include extraordinary planners and architects who wished to elevate working men and women through design the competing ideologies that have promoted state housing and condemned it the economic factors that have always constrained our housing ideals the crisis wrought by Right to Buy and the evolving controversies around regeneration Boughton shows how losing the dream of good housing has weakened our community and hurt its most vulnerable as was seen most catastrophically in the fire at Grenfell Tower

Beyond History Elijah Nyaga Munyi, David Mwambari, Aleksi Ylönen, 2020-08-27 Moving beyond a self indulgent attitude about Africa's historical victimhood the book seeks to capture how African states individually and Africa's collective institutions the AU are providing agency in Africa's international relations While African states have been trailblazers in such ideas as The Responsibility to Protect as conceived in the African Union Constitutive Act 2001 which preceded the United Nations UN Secretary General's report In Larger Freedom 2005 in which the UN adopted the concept African agency in international relations has not always been captured proactively This volume seeks to document Africa and African states in a state of proactivity as opposed to a reactionary mode of international relations which has long been the case due to the discipline's heavy concentration on the West The main themes explored are African agency in international relations and commerce agency in Africa's balancing of big and regional powers reshaping Africa EU relations beyond the Cotonou Agreements Africa and international human rights institutions African efforts in elections and conflicts in Africa and relationship building among African leaders

Anthropologies of Revolution proposes that revolutions should be seen as concerted attempts to radically reconstitute the worlds people inhabit Viewing revolutions as all embracing world creating projects the authors ask readers to move beyond the idea of revolutions as acts of violent political rupture and instead view them as processes of societal transformation that penetrate deeply into the fabric of people s lives unfolding and refolding the coordinates of human existence **Resistance**

and the Politics of Truth Iain MacKenzie,2018-03-27 The truth will set you free is a maxim central to both theories and practices of resistance Nonetheless it is a claim that has come under fire from an array of critical perspectives in the second half of the 20th century Iain MacKenzie analyses two of the most compelling of these perspectives the poststructuralist politics of truth formulated by Michel Foucault and Gilles Deleuze and the alternative post foundational account of truth and

militancy developed by Alain Badiou He argues that a critically oriented version of poststructuralism provides both an understanding of the deeply entwined nature of truth and power and a compelling account of the creative practices that may sustain resistance
