

Formation of Contracts

I. INTRODUCTION TO FORMATION OF CONTRACTS

a. What is a contract?

"A contract is an agreement giving rise to obligations which are enforced or recognised by law" E. Peel

b. What are the essential ingredients for forming a contract?

(it is useful to look at whether an offer has been made to know whether an agreement has been reached)

c. How do we know whether the parties have reached an agreement?

Special objective test

Key passage: Blackburn J in *Smith v Hughes* (1871) LR 6 QB 597, at 607

II. OFFER

a. What is an offer?

"An expression of willingness to contract on specified terms, made with the intention that it shall become binding as soon as it is accepted by the person to whom it is addressed" E. Peel, *Treitel on the Law of Contract*, 14th edition

Offer ≠ invitation

An invitation is an indication that a person is willing to enter 'negotiations' but that he is not willing to be bound by the terms mentioned.

(a) **General rule:** advertisement of good = invitation to treat → e.g.: in *Partridge v Grittenden* [1968] 2 ALL ER 421 it was held that as a legal proposition it has to be backed by an authority

(b) **Exception:** see, e.g. *Lefowitz v Great Minneapolis Surplus Store* (1957) 86 NW 2d 689 or *Carlill v Carbolic Smoke Ball Co* [1893] 1 QB 256

d. Display of goods

(a) **General rule:** display of goods = invitation to treat → e.g., *Pharmaceutical Society v Boots* [1953] 1 QB

(b) **Exception:** depending on the circumstances, words used, etc.

III. ACCEPTANCE

a. What is an acceptance?

Only takes place if you communicate it with the offeror

Commentaries on European Contract Laws Nils Jansen, Reinhard Zimmermann, 2018-07-12 The book provides rule by rule commentaries on European contract law general contract law consumer contract law the law of sale and related services dealing with its modern manifestations as well as its historical and comparative foundations After the collapse of the European Commission's plans to codify European contract law it is timely to reflect on what has been achieved over the past three to four decades and for an assessment of the current situation In particular the production of a bewildering number of reference texts has contributed to a complex picture of European contract laws rather than a European contract law The present book adopts a broad perspective and an integrative approach All relevant reference texts from the CISG to the Draft Common European Sales Law are critically examined and compared with each other As far as the *acquis communie* the traditional private law as laid down in the national codifications is concerned the Principles of European Contract Law have been chosen as a point of departure The rules contained in that document have however been complemented with some chapters sections and individual provisions drawn from other sources primarily in order to account for the quickly growing *acquis communautaire* in the field of consumer contract law In addition the book ties the discussion concerning the reference texts back to the pertinent historical and comparative background and it thus investigates whether and to what extent these texts can be taken to be genuinely European in nature ie to constitute a manifestation of a common core of European contract law Where this is not the case the question is asked whether and for what reasons they should be seen as points of departure for the further development of European contract law *Review of the Convention on Contracts for the International Sale of Goods (CISG) 2002-2003* Michael Maggi, 2004-01-01 Nations in all regions of the world today share a common international sales law The United Nations Convention on Contracts for the International Sale of Goods CISG The Convention was prepared by the United Nations Commission on International Trade Law UNCITRAL and adopted by a diplomatic conference on 11 April 1980 Since then the number of countries that have adopted the CISG account for over two thirds of all world trade The area of international sales law continues to grow as technology and development take us to a global economy As such the study of the CISG has become an integral component of this ever growing area of international

commercial law The Review of the CISG is published once yearly and features articles written by prominent legal scholars in the field of international sale of goods from around the world In addition to scholarly writings analyzing the various articles of the CISG the book seeks to compile translations of recent decisions as well as commentaries of notable cases relating to the CISG The Review of the CISG provides both a forum for legal discussion within the international legal community in the area of international sales law and as an authoritative source of reference for international scholars
