Proceedings of the International Conference on Business and Management Dynamics 2016: Sustainable economies in the information economy Joy E. Akahome,Michael Twum-Darko,Cyril Ogbokor,Nyaniso Mfusi Zonke,T. Sethibe,R. Steyn,Esme Mohammed,Renier Steyn,L.B. Nguenang,Mamorena Lucia Matsoso,Henry N. Ozuru,Julius Akaba,Patience Rambe,Edem Korku Agbobli,Henri-Vincent Ndjave-Ndjoy,Regis Muchemwa,Andre de la Harpe,Konosoang Mpiti,Ayodeji Afolayan,2016-12-31 Cape Town South Africa 7 Sept 2016 8 Sept 2016 Theme Sustainable economies in the information economy Purpose To share the quality academic papers presented at the International Conference on Business and Management Dynamics ICBMD held from 7 to 8 September 2016 at African Pride Crystal Hotel and Spa in Cape Town As grey literature the proceedings are the contributions made by researchers at the conference and are considered the written record of the work that was presented to fellow conference delegates Methodology The methodology used varies from researcher to researcher but are suitable for the studies conducted Thus on the one hand studies that were subjective in nature used the interpretive paradigm where the qualitative approach adopted made use of the interview method to collect data On the other hand studies that were objectively inclined adopted the positivist philosophy and used survey questionnaires to collect data However there were some academic papers which used mixed methodology because of the nature of the study Whatever methodology used adhered to the ethos of the philosophies underpinning the methodology Contribution made to scholarship The articles come from individual researchers and each article in the proceedings is unique Mostly there is no general argument leading from one contribution to the next However it is interesting to note that in the area of economic performance it was evident that real exchange rate and net foreign direct investment contribute more towards innovations in economic growth With regard to human capital development papers presented evidence that there exists a definite need to explore the phenomenon of personal branding as limited scientific academic research has been done within the field of personal branding or on elements of the topic Thus the outcome argues that personal branding has an influence on leadership style which in turn impacts on organisational performance and related hygiene factors Furthermore it was

demonstrated that current methods or strategies for enforcing institutionalisation of knowledge sharing within an organisation have not been successful and as such new strategies are needed to reinforce efforts to nurture and invigorate the institutionalisation of knowledge sharing within an organisation With regard to technology and big data impact on organisational performance it was evident that system performance memory consumption and CPU utilisation can be used as criteria to compare and evaluate big data technologies to improve organisational performance Most of the articles contribution reemphasised technology education and training as a means of digitising business and improving effectiveness Target audience The target readership is academic researchers and business leaders who require access to the latest developments in the fields of economics information management business education development studies social sciences and technology It is also for policymakers and other stakeholders who need a better understanding of the impact of new developments on existing policies and regulations for their review or amendment Estimating and Measurement for Simple Building Works in Hong Kong Caroline T. W. Chan,2020-12-30 This book is an introductory text on building measurement and estimating for simple buildings in Hong Kong based on the Hong Kong Standard Method of Measurement of Building Works 4th Edition Revised 2018 HKSM4 Rev 2018 It provides a toolkit for students and surveying technicians who are new to the subject This second edition updates the contents in line with the HKSM4 Rev 2018 and incorporates the latest industry developments such as BIM The main text is divided into five parts following the development of a typical project Part 1 Building the project team introduces the team setup for a typical project Part 2 Deciding the procurement strategy explains the various procurement decisions to be made by an employer before any cost estimating and measurement work takes place Part 3 Preparing for tender covers the tendering methods tender documentation and approximate estimating techniques used by Quantity Surveyors Part 4 Measuring quantities introduces measurement principles and HKSM4 Rev 2018 followed by a detailed review of the measurement methods for each major trade with worked examples Part 5 Estimating unit rates explores the basic techniques for unit rate preparation The book contains worked examples from real Hong Kong building projects self assessment questions reminders and points of note It is essential reading for Hong Kong construction and surveying students international Quantity Surveyors working in the local area and those wanting international examples of Quantity Surveyors practice *Максимъ Горькій в каррикатурахъ и анекдотахъ* ,1903
