The Roxburghe Ballads ,1897 *Historical essays ... contributed to the Quarterly review* Philip Henry Stanhope (5th earl.),1849 **The Ballad and the Folk** **Pbdirect** David Buchan,2015-02-11 The ballad is an enduring and universal literary genre In this book first published in 1972 David Buchan is concerned to establish the nature of a ballad and of the people who produced it through a study of the regional tradition of the Northeast of Scotland the most fertile ballad area in Britain His account of this tradition has two parallel aims one specifically literary to investigate the ballad as oral literature and one broadly ethnographic to set the regional tradition in its social context Dr Buchan applies the interesting and important work which has recently been done on oral tradition in Europe on the relationship of the ballad to society to his study of this particular part of Scotland He examines a nonliterate society to discover what factors besides nonliteracy helped foster its ballad tradition He analyses the processes of composition and transmission in the oral ballad and considers the changes which removed nonliteracy altered social patterns and seriously affected the ballad tradition By demonstrating how people who could neither read nor write were able to compose literature of a high order David Buchan provides a convincing explanation of the ballad s perennial appeal and an answer to the ballad enigma His book is also a valuable study in social history of this culturally distinct region the Northeast of Scotland **Kay's Edinburgh Portraits** James Paterson,1885
