Nur Masalha

Does Israel Have A Future The Case For A Post Zionist State:

The Idea of Israel Ilan Pappé, 2016-01-05 A major history of Zionism and the state of Israel for anyone interested in deepening their knowledge of the Israel Palestine conflict and Middle Eastern politics Ilan Pappé is one of the few Israeli students of the conflict who write about the Palestinian side with real knowledge and empathy Guardian Since its foundation in 1948 Israel has drawn on Zionism the movement behind its creation to provide a sense of self and political direction In this groundbreaking new work Ilan Pappé looks at the continued role of Zionist ideology The Idea of Israel considers the way Zionism operates outside of the government and military in areas such as the country's education system media and cinema and the uses that are made of the Holocaust in supporting the state's ideological structure In particular Pappé examines the way successive generations of historians have framed the 1948 conflict as a liberation campaign creating a foundation myth that went unquestioned in Israeli society until the 1990s Pappé himself was part of the post Zionist movement that arose then He was attacked and received death threats as he exposed the truth about how Palestinians have been treated and the gruesome structure that links the production of knowledge to the exercise of power The Idea of Israel is a powerful and urgent intervention in the war of ideas concerning the past and the future of the Palestinian Israeli conflict *Routledge Handbook on Palestine* Michael Dumper, Amneh Badran, 2024-12-30 This Handbook provides a broad overview of Palestinian history society politics and culture across different contexts and periods revealing the rich and varied dimensions of Palestine To capture the diversity of Palestinian scholarship and to introduce readers to a mix of approaches and perspectives both internationally established and emerging Palestinian scholars have contributed The Handbook attempts to avoid narrowly framing Palestine around the Israeli Palestinian conflict incorporating postcolonial approaches attentive to a broader range of hitherto overlooked actors While a significant proportion of the Handbook examines the contemporary period it is divided up into four sections that together provide a detailed overview of the main developments in the region A historical section that contextualizes the complex historical formation of contemporary Palestine perhaps best regarded as a country but not yet a state A section exploring the society geography economy and identity of Palestine A section on the political significance of Palestine covering the dynamics between Jewish nationalism Zionism and Palestinian nationalism A final section on culture touching on architecture literature music cuisine education and contemporary art Providing a deep analysis of the Palestinian perspective the Handbook will prove valuable reading for anyone interested in the history politics and society of Palestine and the Middle East **Does Israel Have a Future?** Constance Hilliard, 2009-09-30 The Jewish people are in greater danger than ever before Given the debacle in Iraq many Americans who had not taken a serious interest in the Middle East have begun asking themselves What are we doing wrong Why do we keep misreading the signals coming from that part of the world More fundamentally where will Israel be in two five ten years from now Should Zionism be replaced by a post Zionist state that welcomes all people rather than one that privileges only the Jews Will there even be a Jewish state These

are the questions Constance Hilliard addresses in *Does Israel Have a Future* forgoing polemics and wishful thinking for straight talk and painful truths In this thoroughly researched book Hilliard presents an honest assessment of the Jewish state's chances for survival given the forces ranged against it The discussions about the future of the Jewish state analyzed in this book are some of the most significant to engage Israelis since 1948 dominating the airwaves newspapers and café conversations Distilling these disparate views into a simple straightforward exploration of one of the most explosive issues of our time one into which few people outside Israel have delved as deeply as Hilliard has the author presents a provocative argument that will appeal to scholars and students of international affairs political science and the Middle East as well as general readers concerned about Israel's future *Traditions and Transitions in Israel Studies* Association for Israel Studies, 2003-01-01 Introduces the cutting edge issues and current scholarship in the interdisciplinary field of Israel Studies

Israel Vs. Iran Yaakov Katz, Yoaz Hendel, 2012 The shadow war between Israel and Iran has been raging for more than three decades ever since the Iranian revolution of 1979 ushered in a fundamentalist regime whose sworn enemies have consistently included first and foremost Israel and the United States Israel especially has borne the brunt of attacks from Iran's two most powerful proxies Hamas in the Gaza Strip and Hezbollah in Lebanon Iran's nuclear ambitions raise the stakes immeasurably Israel vs Iran evaluates the threat to Israel's security posed by a nuclear Iran including competing perceptions of the threat and analyzes Israel's military and diplomatic options Drawing on in depth research and invaluable access to the Israeli defense establishment including interviews with key decision makers Israeli military correspondent Yaakov Katz and Israeli military historian Yoaz Hendel describe behind the scenes Israeli strategic military deliberations and intelligence analysis since the Second Lebanon War of 2006 The authors focus on pivotal military events in this shadow war with Iran including the Syrian reactor bombing and Operation Cast Lead in the Gaza Strip as well as assassinations of key Hezbollah operatives Iranian nuclear scientists and Syrian officials Assassinations computer viruses and Western sanctions might not be enough to stop Iran the authors argue They outline the choice Israel faces launch a military strike which could lead to an all out regional war or tacitly accept a nuclear Iran which would lead to a new balance of power in the Middle East In 2012 Israel appears closer than ever to making a decision **The Palestine Nakba** Nur Masalha, 2012-02-09 2012 marks the 63rd anniversary of the Nakba the most traumatic catastrophe that ever befell Palestinians This book explores new ways of remembering and commemorating the Nakba In the context of Palestinian oral history it explores social history from below subaltern narratives of memory and the formation of collective identity Masalha argues that to write more truthfully about the Nakba is not just to practise a professional historiography but an ethical imperative The struggles of ordinary refugees to recover and publicly assert the truth about the Nakba is a vital way of protecting their rights and keeping the hope for peace with justice alive This book is essential for understanding the place of the Palestine Nakba at the heart of the Israel Palestine conflict and the vital role of memory in narratives of truth and reconciliation **Imperfect Compromise** Michael I.

Karpin,2013 The Middle East is now in the eye of a storm But as this storm abates an opportunity for peace and progress has emerged In *Imperfect Compromise* Michael Karpin an Israeli broadcast journalist presents a new thesis about the Middle East peace settlement He lays out an optimistic forecast The violent conflict between Arabs and Jews that has had the greatest negative impact on world peace since the end of the Cold War is moving steadily toward resolution Moreover since the first Zionists settled on the shore of the Lake of Galilee a hundred years ago the relations between Arabs and Jew

Rabbi Outcast Jack Ross,2011-06-30 Dramatic changes have taken place in the last decade with respect to the views of the American Jewish community toward Israel and Zionism Since the beginning of the Second Intifada in 2000 the involvement of the Israel lobby in precipitating the Iraq War and promoting war on Iran and Israel s widely condemned wars in Lebanon and Gaza large swaths of the American Jewish community have been disenchanted with Israel and Zionism as at no other time since the founding of the State of Israel However anti Zionism in America has a long history Elmer Berger was undoubtedly the best known Jewish anti Zionist during most of his lifetime particularly from World War II through the 1967 Six Day War and its aftermath A Reform rabbi Berger served throughout that period as the executive director of the American Council for Judaism an anti Zionist organization founded by leading Reform rabbis Author Jack Ross places liberal Jewish anti Zionism as opposed to that of Orthodox or revolutionary socialist Jews in historical perspective That brand of anti Zionism was virtually embodied by Rabbi Berger and his predecessors in the Reform rabbinate He advocated forcefully for his position much to the chagrin of his Zionist detractors The growing renaissance of liberal Jewish anti Zionism combined with the forgotten work of Rabbi Berger and the American Council for Judaism makes a compelling case for revisiting his work in this full length definitive biography *The Case for Zionism* Thomas Ice,2017-02-20 The modern state of Israel has been a nation for almost 70 years When she was formed and fought her early wars of existence most Bible believing Christians believed there was a real connection with what was going on in the Middle East and Bible prophecy that predicts an end time return of the Jews to their land While support for Israel remains high in most evangelical communities we are seeing the beginning of a decline especially among younger evangelicals who question whether modern Israel really relates to end time Bible prophecy The Case for Zionism attempts to bring together biblical historical and legal arguments for the legitimacy of the startup nation known as Israel as it Explains controversies such as antisemitism and Replacement Theology Details the biblical and legal rights of Modern Israel Explores the prophetic nature and future of Israel In this presentation Thomas Ice answers many of the contemporary arguments being used by both secular and religious communities to undermine what he believes is the hand of God at work in our own day **From Rabin to Netanyahu** Efraim Karsh,2013-11-05 Benjamin Netanyahu s 1996 election victory marked a major turnaround in his fortunes for only a few months earlier his political career had seemed finished This book examines what his victory means both domestically and internationally **Israeli Historical Revisionism** Derek J. Penslar,Anita Shapira,2013-10-31 The essays in this volume by

leading scholars from within and outside Israel shed new light on the Israeli historians controversy of the creation of the State of Israel the 1948 War and its aftermath Israel s attitude towards Holocaust survivors the melting pot absorption policy and similar subjects The attack on Zionist historiography which initially came from what is dubbed the post Zionist radical left has recently broadened to include a critique from the right These essays cover diverse aspects of the critique exploring its historiographical political sociological and educational ramifications

Contemporary Israel Frederick E. Greenspahn, 2016-08-09 7 Jewish Ideological Killers Religious Fundamentalism or Ethnic Marginality 8 Israeli Fiction National Identity and Private Lives 9 Israeli Hebrew National Identity and Language 10 The Politics of Israel Relations with the American Jewish Community Conclusion Imagination and Reality in Scenarios of Israel s Future

Human Geopolitics Alan Gamlen, 2019-05-02 Human geopolitics the competition for population rather than territory is an essential but weakly understood dimension of world politics today Such competition has preceded violent conflict throughout history but has been muted since the Treaties of Westphalia laid the territorial foundations of the modern international system in the mid seventeenth century Today however human geopolitics is being resurrected in unanticipated ways as governments are enabled and encouraged to engage their emigrant diasporas How and why is this happening Until now these questions have been difficult to answer The majority of research attention has focused on questions of immigration policy in a handful of wealthy migrant destination countries largely ignoring the emigration policies that preoccupy the worlds many migrant origin states This book addresses that research imbalance by focusing on the overlooked sending side of migration policy Drawing on data covering all UN members across the post WWII period and fieldwork with high level policy makers across 60 states and a dozen international organisations the book charts the re emergence of human geopolitics through the global spread of diaspora institutions government ministries and offices dedicated to emigrants and their descendants It calls for the development of stronger guiding principles and evaluation frameworks to govern these new state diaspora relations in an era of unprecedented global interdependence

Christian Zionism Examined, Second Edition Steven Paas, 2020-01-15 This book deals with Christian Zionism and in a wider sense with the phenomenon of Israelism By Israelism I mean a certain kind of literal reading of the Scriptures God s revealed plan for Israel and the Jewish people are construed by many in such a way that Jews are to receive a higher status or a lower place than all other nations These two opposite positions have many gradations from moderate to extreme The most extreme consequences are glorification and degradation idolization and hatred Philo Semitism and Anti Semitism Christian Zionism Examined emphatically asserts that the Bible provides absolutely no basis for this literal way of reading and understanding the prophetic word in the Holy Scriptures God s promises of redemption and judgment to Old Testament Israel have never meant to be solely fulfilled to one particular ethnic people and geographical area i e only modern Israel or only the Jewish people Redemption and judgment are fulfilled in Christ In him those promises or predictions have received a final meaning for all nations essentially for all creation The completion of that

fulfillment will take place upon his return in the perfection of his kingdom or his universal rule and in the final judgment

The Rise of Israel Jonathan Adelman, 2008-03-25 This book provides a general history of the rise of Israel since the early Zionist efforts at state building In particular it seeks to show how unlikely Israel's creation was and that it should best be understood as a series of revolutions

The Crisis of Israel's Democracy, 1948-2025 Ilan Peleg, Ruth Amir, 2025-07-10 The Crisis of Israel's Democracy 1948-2025 Origins Developments and Consequences focuses on Israeli democracy its deep historical origins development over seven decades long term consequences and possible resolutions While most commentaries on Israel's crisis focus on the proposals for judicial reform by the Netanyahu government this study focuses on what it identifies as the fundamental problems of the Israeli regime its ethnonational rather than liberal democratic form its lack of a written constitution undermines the country's deeply divided society the greatly dysfunctional relations between the secular majority and the sizeable Orthodox minority and above all the seemingly permanent occupation of the Palestinian inhabited West Bank Peleg and Amir offer a broad perspective on these causes covering the historical failures of the country's founders an analysis of Israel's constitutional order and regime type commentary on sociopolitical cleavages and the dominant social psychology of Israelis and analysis of the charismatic populism of longtime Israeli prime minister Benjamin Netanyahu The volume concludes with analyzing future scenarios and possible solutions for Israel's democratic crisis The Crisis of Israel's Democracy offers the most comprehensive analysis of Israel's democratic backsliding to date comparing it to similar worldwide processes

Handbook of Israel: Major Debates Eliezer Ben-Rafael, Julius H. Schoeps, Yitzhak Sternberg, Olaf Glöckner, Anne Weberling, 2016-10-24 The Handbook of Israel Major Debates serves as an academic compendium for people interested in major discussions and controversies over Israel It provides innovative updated and informative knowledge on a range of acute debates Among other topics the handbook discusses post Zionism militarism democracy and religion in equality colonialism today's criticism of Israel Israel Diaspora relations and peace programs Outstanding scholars face each other with unadulterated divergent analyses These historical political and sociological texts from Israel and elsewhere make up a major reference book within academia and outside academia About seventy contributions grouped in thirteen thematic sections present controversial and provocative approaches reflecting from different angles on the present day challenges of the State of Israel Other Major Works by the Editors Eliezer Ben Rafael Is Israel One Religion Nationalism and Ethnicity Confounded Brill 2005 Ethnicity Religion and Class in Israel Cambridge University Press paperback 2007 Julius H Schoeps Begegnungen Menschen die meinen Lebensweg kreuzten Suhrkamp 2016 Pioneers of Zionism Hess Pinsker R If Messianism Settlement Policy and the Israeli Palestinian Conflict De Gruyter 2013 Yitzhak Sternberg World Religions and Multiculturalism A Relational Dialectic Brill 2010 Transnationalism Brill 2009 Olaf Glöckner Being Jewish in 21st Century Germany De Gruyter 2015 with Haim Fireberg Deutschland die Juden und der Staat Israel Olms 2016 with Julius H Schoeps *The Quest for the Historical Israel* Israel Finkelstein, Amihay Mazar, International

Institute for Secular Humanistic Judaism. Colloquium, 2007-10-24 An engaging series of essays originally given at the International Institute for Secular Humanistic Judaism The aim of the colloquium was to make available the results of recent archaeological work to a wider interested public and specifically to bring science to bear on the early history of the Jewish people *Israel Newsletter* ,1949 Land Law and Policy in Israel Haim Sandberg, 2022-07-05 As one of the smallest and most densely populated countries in the world the State of Israel faces serious land policy challenges and has a national identity laced with enormous internal contradictions In *Land Law and Policy in Israel* Haim Sandberg contends that if you really want to know the identity of a state learn its land law and land policies Sandberg argues that Israel's identity can best be understood by deciphering the code that lies in the Hebrew secret of Israeli dry land law According to Sandberg by examining the complex facets of property law and land policy one finds a unique prism for comprehending Israel's most pronounced identity problems *Land Law and Policy in Israel* explores how Israel's modern land system tries to bridge the gaps between past heritage and present needs nationalization and privatization bureaucracy and innovation Jewish majority and non Jewish minority legislative creativity and judicial activism The regulation of property and the determination of land usage have been the consequences of explicit choices made in the context of competing and evolving concepts of national identity *Land Law and Policy in Israel* will prove to be a must read not only for anyone interested in Israel but also for anyone who wants to understand the importance of land law in a nation's life

Does Israel Have A Future The Case For A Post Zionist State Book Review: Unveiling the Magic of Language
